IN THE MATTER OF:

[REDACTED]

Reg. No.: 2014-24483
Issue No.: 2009
Case No.: [REDACTED]
Hearing Date: April 28, 2014
County: Wayne County DHS 18

ADMINISTRATIVE LAW JUDGE: Lynn M. Ferris

HEARING DECISION

Following Claimant's request for a hearing, this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 400.37; 42 CFR 431.200 to 431.250; and 45 CFR 205.10. After due notice, a telephone hearing was held on April 28, 2014, from Detroit, Michigan. Participants on behalf of Claimant included the Claimant and a witness, [REDACTED], her mother. Participants on behalf of the Department of Human Services (Department) included [REDACTED], Medical Contact Worker.

ISSUE

The issue is whether DHS properly denied Claimant's application for Medical Assistance (MA) on the basis that Claimant is not a disabled individual.

FINDINGS OF FACT

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. On September 25, 2013, Claimant applied for MA-P and retro MA-P (June 2013) benefits.
2. Claimant's only basis for MA benefits was as a disabled individual.
3. On November 18, 2013, the Medical Review Team (MRT) determined that Claimant was not a disabled individual and found that her medical condition lacked the 12-month duration requirement (see Exhibits 1-2).

4. On November 26, 2013, DHS denied Claimant's application for MA benefits and mailed a Notice of Case Action informing Claimant of the denial.
5. On January 26, 2014, Claimant requested a hearing disputing the denial of MA benefits.
6. On April 7, 2014, the State Hearing Review Team (SHRT) determined that Claimant was not a disabled individual, in part, by determining that Claimant's impairments were not expected to last 12 months or were expected to improve and that the pathology on the removed tumor revealed no residual neoplasm.
7. As of the date of the administrative hearing, Claimant was a 30-year-old female (██████████).
8. The Claimant graduated from high school has some college and is currently works full-time, 40 hours per week.
9. Claimant alleged a disability based on impairments and the Claimant has alleged physical disabling impairments due to a rectal tumor that was removed.
10. Claimant has not alleged mental disabling impairments.

CONCLUSIONS OF LAW

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act, 42 USC 1396-1396w-5; 42 USC 1315; the Affordable Care Act of 2010, the collective term for the Patient Protection and Affordable Care Act, Pub. L. No. 111-148, as amended by the Health Care and Education Reconciliation Act of 2010, Pub. L. No. 111-152; and 42 CFR 430.10-.25. The Department (formerly known as the Family Independence Agency) administers the MA program pursuant to 42 CFR 435, MCL 400.10, and MCL 400.105-.112k.

The State Disability Assistance (SDA) program, which provides financial assistance for disabled persons, was established by 2004 PA 344. The Department administers the SDA program pursuant to 42 CFR 435, MCL 400.10 *et seq.* and Mich Admin Code, Rules 400.3151 – 400.3180. A person is considered disabled for SDA purposes if the person has a physical or mental impairment which meets federal Supplemental Security Income (SSI) disability standards for at least ninety days. Receipt of SSI benefits based on disability or blindness, or the receipt of MA benefits based on disability or blindness, automatically qualifies an individual as disabled for purposes of the SDA program.

MA provides medical assistance to individuals and families who meet financial and nonfinancial eligibility factors. The goal of the MA program is to ensure that essential

health care services are made available to those who otherwise would not have financial resources to purchase them.

The Medicaid program is comprised of several sub-programs which fall under one of two categories; one category is FIP-related and the second category is SSI-related. BEM 105 at 1. To receive MA under an SSI-related category, the person must be aged (65 or older), blind, disabled, entitled to Medicare or formerly blind or disabled. *Id.* Families with dependent children, caretaker relatives of dependent children, persons under age 21 and pregnant, or recently pregnant, women receive MA under FIP-related categories. *Id.* AMP is an MA program available to persons not eligible for Medicaid through the SSI-related or FIP-related categories though DHS does always offer the program to applicants. It was not disputed that Claimant's only potential category for Medicaid eligibility would be as a disabled individual.

Disability for purposes of MA benefits is established if one of the following circumstances applies (see BEM 260 at 1-2):

- by death (for the month of death);
- the applicant receives Supplemental Security Income (SSI) benefits;
- SSI benefits were recently terminated due to financial factors;
- the applicant receives Retirement Survivors and Disability Insurance (RSDI) on the basis of being disabled; or
- RSDI eligibility is established following denial of the MA benefit application (under certain circumstances).

There was no evidence that any of the above circumstances apply to Claimant. Accordingly, Claimant may not be considered for Medicaid eligibility without undergoing a medical review process which determines whether Claimant is a disabled individual. *Id.* at 2.

Generally, state agencies such as DHS must use the same definition of SSI disability as found in the federal regulations. 42 CFR 435.540(a). Disability is federally defined as the inability to do any substantial gainful activity (SGA) by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months. 20 CFR 416.905. A functionally identical definition of disability is found under DHS regulations. BEM 260 at 8.

Substantial gainful activity means a person does the following:

- Performs significant duties, and
- Does them for a reasonable length of time, and
- Does a job normally done for pay or profit. *Id.* at 9.

Significant duties are duties used to do a job or run a business. *Id.* They must also have a degree of economic value. *Id.* The ability to run a household or take care of oneself does not, on its own, constitute substantial gainful activity. *Id.*

The person claiming a physical or mental disability has the burden to establish a disability through the use of competent medical evidence from qualified medical sources such as his or her medical history, clinical/laboratory findings, diagnosis/prescribed treatment, prognosis for recovery and/or medical assessment of ability to do work-related activities or ability to reason and make appropriate mental adjustments, if a mental disability is alleged. 20 CFR 413.913. An individual's subjective pain complaints are not, in and of themselves, sufficient to establish disability. 20 CFR 416.908; 20 CFR 416.929(a).

Federal regulations describe a sequential five-step process that is to be followed in determining whether a person is disabled. 20 CFR 416.920. If there is no finding of disability or lack of disability at each step, the process moves to the next step. 20 CFR 416.920 (a)(4).

The first step in the process considers a person's current work activity. 20 CFR 416.920 (a)(4)(i). A person who is earning more than a certain monthly amount is ordinarily considered to be engaging in SGA. The monthly amount depends on whether a person is statutorily blind or not. The current monthly income limit considered SGA for non-blind individuals is \$1,000.

In the present case, Claimant credibly testified at the hearing that she was working full time 40 hours and that she had applied for Medical Assistance to help pay for her medical bills assumed by her mother at the time of her surgery. The Claimant's pathology report also indicated that no residual neoplasm remained. With ongoing full time employment, it can only be concluded that Claimant is performing SGA. It is found that Claimant is based upon her credible testimony performing SGA; accordingly, the disability analysis does not require analysis beyond step 1. It is determined that due to the Claimant's full time employment the Claimant is not disabled at Step 1 of the sequential process with no further analysis required.

Accordingly, it is found that DHS properly denied Claimant's application for MA benefits.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, finds that DHS properly denied MA benefits to Claimant based on a determination that Claimant was not disabled. The actions taken by DHS are AFFIRMED.
