IN THE MATTER OF:

██████████

Appellant

_____ /

Docket No. 2014-26685 PA
Case No. ██████████

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge (ALJ) pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, upon the Appellant's request for a hearing.

After due notice, a hearing was held on ██████████. The Appellant personally appeared and testified.

██████████, Appeals Review Officer, represented the Department of Community Health (Department). ██████████, Medicaid Utilization Analyst, appeared as a witness on behalf of the Department.

ISSUE

Did the Department properly deny Appellant's request for prior authorization (PA) for upper and lower partial dentures?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. Appellant is a ██████-year-old female Medicaid beneficiary, and a beneficiary of the Medicaid program.
2. On ██████, the Department received a prior authorization request from ██████, DDS on behalf of Appellant requesting approval for upper and lower partial dentures for Appellant. (Exhibit A.8)
3. On ██████, the State of Michigan issued Medicaid payments to ██████, DDS, for upper and lower partial dentures on behalf of Appellant. (Exhibit A.9)
4. On ██████, the Department issued a denial for the dentures on the grounds that dentures were previously provided within 5 years. (Exhibit A.6)

5. On ██████████, the Michigan Administrative Hearing System (MAHS) received Appellant's Request for Hearing. (Exhibit A.4 & 5)

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

1.10 PRIOR AUTHORIZATION

Medicaid requires prior authorization (PA) to cover certain services before those services are rendered to the beneficiary. The purpose of PA is to review the medical need for certain services. . . .

Medicaid Provider Manual, (MPM)
Practitioner, January 1, 2013,¹ page 4.

Under the general policy instructions for Medicaid related dental services the MPM sets replacement schedules for denture repair and replacement:

GENERAL INSTRUCTIONS

Complete and partial dentures are benefits for all beneficiaries. All dentures require PA. Providers must assess the beneficiary's general oral health and provide a five-year prognosis for the prosthesis requested. An upper partial denture PA request must also include the prognosis of six sound teeth.

Complete or partial dentures are authorized:

- If there is one or more anterior teeth missing;
- If there are less than eight posterior teeth in occlusion (fixed bridges and dentures are to be considered occluding teeth); or
- Where an existing complete or partial denture cannot be made serviceable through repair, relining, adjustment, or duplicating (rebasing) procedures. If a partial denture can be made serviceable, the dentist should provide the needed restorations to maintain

¹ This edition of the MPM is identical to the version in place at the time of negative action.

use of the existing partial, extract teeth, add teeth to an existing partial, and remove hyperplastic tissue....

Reimbursement for a complete or partial denture includes all necessary adjustments, relines, repairs, and duplications within six months of insertion. This includes such services for an immediate upper denture when authorized.

If a complete or partial denture requires an adjustment, reline, repair, or duplication within six months of insertion, but the services were not provided until after six months of insertion, no additional reimbursement is allowed for these services.

Complete or partial dentures are not authorized when:

- A previous prosthesis has been provided within five years, whether or not the existing denture was obtained through Medicaid.
- An adjustment, reline, repair, or duplication will make them serviceable.
- Replacement of a complete or partial denture that has been lost or broken beyond repair is not a benefit within five years, whether or not the existing denture was obtained through Medicaid.

MPM, Dental, §6.6A, January 1, 2013, pp. 17, 18

At the hearing the Department witness testified that Appellant's request was denied for failure to meet policy requirements for prosthesis replacement on a 5-year rotation as cited above. According to the Department's evidence, the Department paid a ██████████ ██████████, DDS, for upper and lower partial dentures on ██████████ pursuant to Medicaid billing for Appellant's social security number. (Exhibit A.9)

Appellant does admit that she was seen by ██████████ but denies that he ever provided dentures.

Appellant understands that her fraud claim cannot be reviewed in this administrative forum; Appellant must file a claim with the licensing bureau with LARA with the State of Michigan, unless already done so.

Docket No. 2014-26685 PA
Decision and Order

The purview of an administrative law judge is to review the Department's actions and to make a determination if the action was consistent with policy. As the Department policy (MPM) cited above does not permit new payments where a placement and/or payment was made during the 5 years prior to the request, the Department must deny.

This ALJ has reviewed the evidentiary record and finds that the actions were consistent with policy and thus, the denial must be upheld.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, decides that the Department properly denied the Appellant's PA request for upper and lower partial dentures.

IT IS THEREFORE ORDERED that:

The Department's decision is **AFFIRMED**.
