MICHIGAN ADMINISTRATIVE HEARING SYSTEM
FOR THE DEPARTMENT OF COMMUNITY HEALTH**

P.O. Box 30763, Lansing, MI 48909
(877) 833-0870; Fax: (517) 373-4147

IN THE MATTER OF:

Docket No. 2014-27953 HHS

██████████

██████████

██████████

Appellant.

_____ /

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, and upon Appellant's request for a hearing.

After due notice, a hearing was held on ██████████ Appellant's daughter and care provider, appeared and testified on Appellant's behalf. ██████████, Appeals Review Officer, represented the Department of Community Health ("DCH" or "Department"). ██████████ Adult Services Worker (ASW), and ██████████ Adult Services Supervisor, from the ██████████ County Department of Human Services (DHS) testified as witnesses for the Department.

ISSUE

Did the Department properly reduce Appellant's Home Help Services (HHS)?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. Appellant is an ██████ year-old Medicaid beneficiary who has been diagnosed with breast cancer; congestive heart failure; diabetes; osteoarthritis; carpal tunnel syndrome; a torn rotary cuff; a blood clot; and bruised knees. (Respondent's Exhibit A, page 17).
2. Appellant has been receiving HHS through the Department in the amount of ██████ hours and ██████ minutes per month, with a total monthly care cost of ██████████ (Respondent's Exhibit A, page 23).
3. Specifically, assistance has been authorized for the tasks of bathing, grooming, dressing, toileting, eating, mobility, housework, laundry, shopping, and meal preparation. (Respondent's Exhibit A, page 23).

██████████
Docket No. 2014-27953 HHS
Decision and Order

4. Assistance with eating was authorized for █████ minutes a day, █ days a week (████ per month). (Respondent's Exhibit A, page 23).
5. On █████, ASW █████ conducted a reassessment of Appellant's services in Appellant's home with Appellant and her representative/care provider. (Respondent's Exhibit A, page 13).
6. During that assessment, Appellant reported that she could eat independently. (Respondent's Exhibit A, page 13; Testimony of Appellant's representative; Testimony of ASW █████).
7. Her care provider did not correct that statement or report any need for assistance with eating. (Respondent's Exhibit A, page 13; Testimony of Appellant's representative; Testimony of ASW █████).
8. Based on that information, ASW █████ decided to remove assistance with eating from Appellant's HHS. (Respondent's Exhibit A, page 13; Testimony of █████).
9. All other services would remain the same. (Respondent's Exhibit A, page 13; Testimony of █████).
10. On █████, the Department sent Appellant written notice that her HHS would be reduced to █████ on █████ because assistance with eating was being removed based on Appellant's reports that she could eat independently. (Respondent's Exhibit A, pages 9-12).
11. On █████, the Department sent Appellant written notice that her HHS would be reduced to █████ on █████ because assistance with eating was being removed based on Appellant's reports that she could eat independently. (Respondent's Exhibit A, pages 5-8).
12. On █████, the Michigan Administrative Hearing System (MAHS) received the request for hearing filed by Appellant in this matter. (Respondent's Exhibit A, page 3).

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

Docket No. 2014-27953 HHS
Decision and Order

Home Help Services (HHS) are provided to enable functionally limited individuals to live independently and receive care in the least restrictive, preferred settings. These activities must be certified by a physician and may be provided by individuals or by private or public agencies.

Adult Services Manual 101 (12-1-2013) (hereinafter "ASM 101") and Adult Services Manual 120 (12-1-2013) (hereinafter "ASM 120") addressed the issues of what services are included in HHS and how such services are assessed.

For example, ASM 101 provides:

Home help services are non-specialized personal care service activities provided under the independent living services program to persons who meet eligibility requirements.

Home help services are provided to enable individuals with functional limitation(s), resulting from a medical or physical disability or cognitive impairment to live independently and receive care in the least restrictive, preferred settings.

Home help services are defined as those tasks which the department is paying for through Title XIX (Medicaid) funds. These services are furnished to individuals who are **not** currently residing in a hospital, nursing facility, licensed foster care home/home for the aged, intermediate care facility (ICF) for persons with developmental disabilities or institution for mental illness.

These activities **must** be certified by a Medicaid enrolled medical professional and may be provided by individuals or by private or public agencies. **The medical professional does not prescribe or authorize personal care services.** Needed services are determined by the comprehensive assessment conducted by the adult services specialist.

Personal care services which are eligible for Title XIX funding are limited to:

Activities of Daily Living (ADL)

- Eating.
- Toileting.
- Bathing.
- Grooming.

**Docket No. 2014-27953 HHS
Decision and Order**

- Dressing.
- Transferring.
- Mobility.

Instrumental Activities of Daily Living (IADL)

- Taking medication.
- Meal preparation/cleanup.
- Shopping for food and other necessities of daily living.
- Laundry.
- Housework.

An individual must be assessed with at least one activity of daily living (ADL) in order to be eligible to receive home help services.

Note: If the assessment determines a need for an ADL at a level 3 or greater but these services are not paid for by the department, the individual would be eligible to receive IADL services.

Example: Ms. Smith is assessed at a level 4 for bathing however she refuses to receive assistance. Ms. Smith would be eligible to receive assistance with IADL's [sic] if the assessment determines a need at a level 3 or greater.

Note: If an individual uses adaptive equipment to assist with an ADL, and without the use of this equipment the person would require hands-on care, the individual must be ranked a level 3 or greater on the functional assessment. This individual would be eligible to receive home help services.

Example: Mr. Jones utilizes a transfer bench to get in and out of the bathtub which allows him to bathe himself without the hands-on assistance of another. The adult services specialist must rank Mr. Jones a 3 or greater under the functional assessment. Mr. Jones would be eligible to receive home help services.

Assistive technology would include such items as walkers, wheelchairs, canes, reachers, lift chairs, bath benches, grab bars and handheld showers.

Expanded Home Help Services (EHHS)

Expanded home help services can be authorized for individuals who have severe functional limitations which require such extensive care that the service cost must be approved by the adult services supervisor/local office designee and/or the Department of Community Health.

Complex Care

Complex care refers to conditions requiring intervention with special techniques and/or knowledge. These complex care tasks are performed on clients whose diagnoses or conditions require more management. The conditions may also require special treatment and equipment for which specific instructions by a health professional or client may be required in order to perform.

- Eating or feeding assistance.
- Catheters or leg bags.
- Colostomy care.
- Bowel program.
- Suctioning.
- Specialized skin care.
- Range of motion exercises.
- Dialysis (In-home).
- Wound care.
- Respiratory treatment.
- Ventilators.
- Injections.

* * *

Services not Covered by Home Help

- Supervising, monitoring, reminding, guiding, teaching or encouraging (functional assessment rank 2).
- Services provided for the benefit of others.
- Services for which a responsible relative is able and available to provide (such as house cleaning, laundry or shopping). A responsible relative is defined as an individual's spouse or a parent of an unmarried child under age 18.

Docket No. 2014-27953 HHS
Decision and Order

- Services provided by another resource at the same time (for example, hospitalization, MI-Choice Waiver).
- Transportation - See Bridges Administrative Manual (BAM) 825 for medical transportation policy and procedures.
- Money management such as power of attorney or representative payee.
- Home delivered meals.
- Adult or child day care.
- Recreational activities. (For example, accompanying and/or transporting to the movies, sporting events etc.)

Note: The above list is not all inclusive.

ASM 101, pages 1-3, 5 of 5

Moreover, ASM 120 states:

Functional Assessment

The **Functional Assessment** module of the **ASCAP** comprehensive assessment is the basis for service planning and for the HHS payment.

Conduct a functional assessment to determine the client's ability to perform the following activities:

Activities of Daily Living (ADL)

- Eating.
- Toileting.
- Bathing.
- Grooming.
- Dressing.
- Transferring.
- Mobility.

Instrumental Activities of Daily Living (IADL)

- Taking Medication.
- Meal Preparation and Cleanup.

**Docket No. 2014-27953 HHS
Decision and Order**

- Shopping.
- Laundry.
- Light Housework.

Functional Scale

ADLs and IADLs are assessed according to the following five point scale:

1. Independent

Performs the activity safely with no human assistance.

2. Verbal Assistance

Performs the activity with verbal assistance such as reminding, guiding or encouraging.

3. Some Human Assistance

Performs the activity with some direct physical assistance and/or assistive technology.

4. Much Human Assistance

Performs the activity with a great deal of human assistance and/or assistive technology.

5. Dependent

Does not perform the activity even with human assistance and/or assistive technology.

Home Help payments may only be authorized for needs assessed at the 3 level or greater.

An individual must be assessed with at least one activity of daily living in order to be eligible to receive home help services.

Note: If the assessment determines a need for an ADL at a level 3 or greater but these services are not paid for by the department, the individual would be eligible to receive IADL services if assessed at a level 3 or greater.

Docket No. 2014-27953 HHS
Decision and Order

Example: Ms. Smith is assessed at a level 4 for bathing however she refuses to receive assistance. Ms. Smith would be eligible to receive assistance with IADL's [sic] if the assessment determines a need at a level 3 or greater.

Note: If an individual uses adaptive equipment to assist with an ADL, and without the use of this equipment the person would require hands-on care, the individual must be ranked a level 3 or greater on the functional assessment. This individual would be eligible to receive home help services.

Example: Mr. Jones utilizes a transfer bench to get in and out of the bathtub, which allows him to bathe himself without the hands-on assistance of another. The adult services specialist must rank Mr. Jones a 3 or greater under the functional assessment. Mr. Jones would be eligible to receive home help services.

Assistive technology includes such items as walkers, wheelchairs, canes, reachers, lift chairs, bath benches, grab bars and hand held showers.

See ASM 121, Functional Assessment Definitions and Ranks for a description of the rankings for activities of daily living and instrumental activities of daily living.

Complex Care Needs

Complex care refers to conditions requiring intervention with special techniques and/or knowledge. These complex care tasks are performed on clients whose diagnoses or conditions require more management. The conditions may also require special treatment and equipment for which specific instructions by a health professional or client may be required in order to perform.

- Eating or feeding assistance.
- Catheters or leg bags.
- Colostomy care.
- Bowel program.
- Suctioning.
- Specialized skin care.
- Range of motion exercises.
- Dialysis (In-home).

Docket No. 2014-27953 HHS
Decision and Order

- Wound care.
- Respiratory treatment.
- Ventilators.
- Injections.

When assessing a client with complex care needs, refer to the complex care guidelines on the adult services home page.

Time and Task

The specialist will allocate time for each task assessed a rank of 3 or greater, based on interviews with the client and provider, observation of the client's abilities and use of the reasonable time schedule (RTS) as a **guide**. The RTS can be found in ASCAP under the Payment module, Time and Task screen. When hours exceed the RTS, a rationale **must** be provided.

An assessment of need, at a ranking of 3 or greater, does not automatically guarantee the maximum allotted time allowed by the reasonable time schedule (RTS). **The specialist must assess each task according to the actual time required for its completion.**

Example: A client needs assistance with cutting up food. The specialist would only pay for the time required to cut the food and not the full amount of time allotted under the RTS for eating.

IADL Maximum Allowable Hours

There are monthly maximum hour limits on all instrumental activities of daily living (IADL) except medication. The limits are as follows:

- Five hours/month for shopping.
- Six hours/month for light housework.
- Seven hours/month for laundry.
- 25 hours/month for meal preparation.

Proration of IADLs

If the client does not require the maximum allowable hours for IADLs, authorize only the amount of time needed for

██████████
Docket No. 2014-27953 HHS
Decision and Order

each task. Assessed hours for IADLs (except medications) must be prorated by **one half** in shared living arrangements where other adults reside in the home, as home help services are **only** for the benefit of the client.

Note: This does not include situations where others live in adjoined apartments/flats or in a separate home on shared property and there is no shared, common living area.

In shared living arrangements, where it can be **clearly** documented that IADLs for the eligible client are completed separately from others in the home, hours for IADLs do not need to be prorated.

Example: Client has special dietary needs and meals are prepared separately; client is incontinent of bowel and/or bladder and laundry is completed separately; client's shopping is completed separately due to special dietary needs and food is purchased from specialty stores; etc.

ASM 120, pages 2-6 of 7

In this case, following a home visit and functional assessment, the Department decided to reduce Appellant's HHS by removing assistance with eating. According to ASW ██████████ notes and testimony, eating assistance was removed after Appellant reported that she can eat independently. All of Appellant's other services remained the same.

Appellant bears the burden of proving by a preponderance of the evidence that the Department erred in reducing her services. Moreover, the undersigned Administrative Law Judge is limited to reviewing the Department's decision in light of the information it had at the time it made that decision.

Here, given the available information, the Department properly reduced Appellant's HHS by removing assistance with eating. While Appellant's representative/care provider testified that she has to cut up Appellant's food, she also agreed that Appellant reported eating independently during the home visit and that the representative/care provider did not correct Appellant or report providing any hands-on assistance with eating. The Department is justified in relying on what is reported by the client and care provider. Based on their reports in this case, the reduction was proper.

Appellant's representative/care provider also testified that she has to set up Appellant's medications for Appellant and that assistance with taking medications should have been added to Appellant's HHS. However, ASW ██████████ credible notes and testimony again reflect that no such assistance was identified during the assessment.

**Docket No. 2014-27953 HHS
Decision and Order**

To the extent Appellant and her care provider have new or additional information to provide regarding Appellant's needs, they can request additional HHS in the future. With respect to the decision at issue in this case however, the Department's decision to reduce Appellant's services must be sustained given the available information.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, decides that, the Department properly reduced Appellant's HHS.

IT IS THEREFORE ORDERED THAT:

The Department's decision is **AFFIRMED**.

Steven J. Kibit
Administrative Law Judge
for James K. Haveman, Director
Michigan Department of Community Health

***** NOTICE *****

The Michigan Administrative Hearing System may order a rehearing on either its own motion or at the request of a party within 30 days of the mailing date of this Decision and Order. The Michigan Administrative Hearing System will not order a rehearing on the Department's motion where the final decision or rehearing cannot be implemented within 90 days of the filing of the original request. The Appellant may appeal the Decision and Order to Circuit Court within 30 days of the receipt of the Decision and Order or, if a timely request for rehearing was made, within 30 days of the receipt of the rehearing decision.
