IN THE MATTER OF:

██████████

Appellant

_____ /

Docket No. 2014-28833 PA
Case No. ██████████

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge (ALJ) pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, upon Appellant's request for a hearing.

After due notice, a hearing was held on ██████████. Appellant appeared without representation. ██████████, Appeals Review Officer, represented the Department of Community Health (Department). His witness was ██████████, Medicaid Utilization Analyst.

ISSUE

Did the Department properly deny Appellant's request for prior authorization (PA) for complete upper and lower dentures?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. Appellant is a ██████-year-old Medicaid beneficiary, born ██████████. (Exhibit A, p 8)
2. Appellant's dentist sought approval for complete upper and lower dentures on ██████████. (Exhibit A, p 8)
3. Appellant received complete upper dentures and a lower partial denture on ██████████. (Exhibit A, p 9)
4. On ██████████, the request for complete upper and lower dentures was reviewed and denied because Appellant was shown to have received complete upper dentures and a lower partial denture within the last five years. Appellant was further advised of her appeal rights. (Exhibit A, pp 6-7)

5. On ██████████, the Michigan Administrative Hearing System (MAHS) received Appellant's Request for Hearing. (Exhibit 1)

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

1.10 PRIOR AUTHORIZATION

Medicaid requires prior authorization (PA) to cover certain services before those services are rendered to the beneficiary. The purpose of PA is to review the medical need for certain services. . . .

Medicaid Provider Manual, (MPM)
Practitioner, January 1, 2014, page 4.

Under the general policy instructions for Medicaid related dental services the MPM sets replacement schedules for denture repair and replacement:

GENERAL INSTRUCTIONS

Complete and partial dentures are benefits for all beneficiaries. All dentures require PA. Providers must assess the beneficiary's general oral health and provide a five-year prognosis for the prosthesis requested. An upper partial denture PA request must also include the prognosis of six sound teeth.

Complete or partial dentures are authorized:

- If there is one or more anterior teeth missing;
- If there are less than eight posterior teeth in occlusion (fixed bridges and dentures are to be considered occluding teeth); or
- Where an existing complete or partial denture cannot be made serviceable through repair, relining, adjustment, or duplicating (rebasing) procedures. If a partial denture can be made serviceable, the dentist should provide the needed restorations to maintain use of the existing partial, extract teeth, add teeth to an existing partial, and remove hyperplastic tissue....

Reimbursement for a complete or partial denture includes all necessary adjustments, relines, repairs, and duplications within six months of insertion. This includes such services for an immediate upper denture when authorized.

If a complete or partial denture requires an adjustment, reline, repair, or duplication within six months of insertion, but the services were not provided until after six months of insertion, no additional reimbursement is allowed for these services.

Complete or partial dentures are not authorized when:

- A previous prosthesis has been provided within five years, whether or not the existing denture was obtained through Medicaid.
- An adjustment, reline, repair, or duplication will make them serviceable.
- Replacement of a complete or partial denture that has been lost or broken beyond repair is not a benefit within five years, whether or not the existing denture was obtained through Medicaid.

•

MPM, Dental, §6.6A, January 1, 2014, pp. 17, 18

At the hearing the Department witness testified that Appellant's request was denied for failure to meet policy requirements for prosthesis replacement on a 5-year rotation. According to the Department's evidence, Appellant received complete upper dentures and a lower partial denture on ██████████.

Appellant testified that she does not need a new upper denture and she was not sure why the dentist included the upper dentures in the prior authorization request. Appellant indicated that she does need new lower dentures because she can no longer use the partial denture that she received in ████████ because the teeth that denture used to attach to have been pulled. Appellant also indicated that the lower partial denture was also just for her back teeth, not for her front teeth.

The Department's witness could only suggest that Appellant take the lower partial denture to a Medicaid dentist to see if it could be fixed or modified to be used in her current condition.

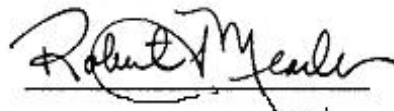

On review, the Department's decision to deny the request for dentures was reached within policy. If Appellant has a medical need for lower dentures, she can seek an exception to the five-year policy by submitting a letter from either an MD or a DO on the doctor's letterhead indicating the medical need for new dentures.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, decides that the Department properly denied the Appellant's request for PA for complete upper and lower dentures.

IT IS THEREFORE ORDERED that:

The Department's decision is **AFFIRMED**.

Robert J. Meade
Administrative Law Judge
for James K. Haveman, Director
Michigan Department of Community Health

***** NOTICE *****

The Michigan Administrative Hearing System may order a rehearing on either its own motion or at the request of a party within 30 days of the mailing date of this Decision and Order. The Michigan Administrative Hearing System will not order a rehearing on the Department's motion where the final decision or rehearing cannot be implemented within 90 days of the filing of the original request. The Appellant may appeal the Decision and Order to Circuit Court within 30 days of the receipt of the Decision and Order or, if a timely request for rehearing was made, within 30 days of the receipt of the rehearing decision.
