MICHIGAN ADMINISTRATIVE HEARING SYSTEM
ADMINISTRATIVE HEARINGS FOR THE
DEPARTMENT OF HUMAN SERVICES**

IN THE MATTER OF:

[REDACTED]

Reg. No.: 14-013230
Issue No.: 2009
Case No.: [REDACTED]
Hearing Date: November 25, 2014
County: WAYNE-DISTRICT 35

ADMINISTRATIVE LAW JUDGE: Susanne E. Harris

HEARING DECISION

Following the Claimant's request for a hearing, this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 400.37; 42 CFR 431.200 to 431.250; and 45 CFR 205.10. After due notice, a telephone hearing was held on November 25, 2014, from Lansing, Michigan. Participants on behalf of the Claimant included the Claimant's grandmother, [REDACTED] and the Claimant's Authorized Hearing Representative (AHR), [REDACTED]. Participants on behalf of the Department of Human Services (Department) included Hearing Facilitator, [REDACTED].

ISSUE

Whether the Department properly determined that the Claimant is not "disabled" for purposes of the Medical Assistance (MA) and Retro-MA programs?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. On April 10, 2014, the Claimant's AHR applied for MA and Retro MA-P.
2. On June 30, 2014, the Medical Review Team denied the Claimant's request.
3. On September 26, 2014, the Claimant submitted to the Department a request for hearing.
4. The Claimant was not present at the hearing and testimony was therefore provided by his grandmother, with whom he resides. The Claimant's grandmother's testimony is found to be credible and persuasive as it is consistent with the medical evidence in the record. The Claimant is 31 years old.
5. The Claimant completed education through 11th grade.
6. The Claimant has sporadic employment experience and last worked in February 2014 with a history of unskilled medium to heavy work.

7. The Claimant's limitations have lasted for 12 months or more.
8. The Claimant suffers from diabetes mellitus, diabetic peripheral neuropathy, asthma, depression and gastroparesis.
9. The Claimant has significant limitations on physical activities involving sitting, standing, walking, bending, lifting, and in the use of his extremities.
10. The Claimant has significant limitations on concentration due to his depression.

CONCLUSIONS OF LAW

Department policies are contained in the Department of Human Services Bridges Administrative Manual (BAM), Department of Human Services Bridges Eligibility Manual (BEM), and Department of Human Services Reference Tables Manual (RFT).

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act, 42 USC 1396-1396w-5; 42 USC 1315; the Affordable Care Act of 2010, the collective term for the Patient Protection and Affordable Care Act, Pub. L. No. 111-148, as amended by the Health Care and Education Reconciliation Act of 2010, Pub. L. No. 111-152; and 42 CFR 430.10-.25. The Department (formerly known as the Family Independence Agency) administers the MA program pursuant to 42 CFR 435, MCL 400.10, and MCL 400.105-.112k.

The State Disability Assistance (SDA) program, which provides financial assistance for disabled persons, was established by 2004 PA 344. The Department administers the SDA program pursuant to 42 CFR 435, MCL 400.10 *et seq.* and Mich Admin Code, Rules 400.3151 – 400.3180. A person is considered disabled for SDA purposes if the person has a physical or mental impairment which meets federal Supplemental Security Income (SSI) disability standards for at least ninety days. Receipt of SSI benefits based on disability or blindness, or the receipt of MA benefits based on disability or blindness, automatically qualifies an individual as disabled for purposes of the SDA program.

The Department conforms to State statute in administering the SDA program.

2000 PA 294, Sec. 604, of the statute states:

Sec. 604. (1) The department shall operate a state disability assistance program. Except as provided in subsection (3), persons eligible for this program shall include needy citizens of the United States or aliens exempted from the supplemental security income citizenship requirement who are at least 18 years of age or emancipated minors meeting 1 or more of the following requirements:

- (a) A recipient of supplemental security income, social security, or medical assistance due to disability or 65 years of age or older.
- (b) A person with a physical or mental impairment which meets federal supplemental security income disability standards, except that the minimum duration of the disability shall be 90 days. Substance abuse alone is not defined as a basis for eligibility.

Pursuant to Federal Rule 42 CFR 435.540, the Department uses the Federal Supplemental Security Income (SSI) policy in determining eligibility for disability under MA-P. Under SSI, disability is defined as:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

A set order is used to determine disability. Current work activity, severity of impairments, residual functional capacity, past work, age, or education and work experience are reviewed. If there is a finding that an individual is disabled or not disabled at any point in the review, there will be no further evaluation. 20 CFR 416.920.

Medical evidence may contain medical opinions. Medical opinions are statements from physicians and psychologists or other acceptable medical sources that reflect judgments about the nature and severity of the impairment(s), including symptoms, diagnosis and prognosis, what an individual can do despite impairment(s), and the physical or mental restrictions. 20 CFR 416.927(a)(2).

The Administrative Law Judge is responsible for making the determination or decision about whether the statutory definition of disability is met. The Administrative Law Judge reviews all medical findings and other evidence that support a medical source's statement of disability. 20 CFR 416.927(e).

For mental disorders, severity is assessed in terms of the functional limitations imposed by the impairment. Functional limitations are assessed using the criteria in paragraph (B) of the listings for mental disorders (descriptions of restrictions of activities of daily living, social functioning; concentration, persistence or pace; and ability to tolerate increased mental demands associated with competitive work). 20 CFR, Part 404, Subpart P, Appendix 1, 12.00(C).

The Claimant has childhood onset diabetes, depression, generalized anxiety and asthma. The objective medical evidence indicates that the Claimant has had several ER admissions for diabetic ketoacidosis, some requiring ICU stays. Though the objective medical evidence in the record indicates that the Claimant is medically noncompliant and has abused a variety of substances, the record also indicates that the Claimant had

a clean urine screen in May 2014. The Claimant's DKA and diabetic neuropathy have progressed to the point that it is highly unlikely that if he were to fully comply with his treatment program his conditions would significantly improve. Furthermore, the Claimant's treating physician reports that the Claimant has difficulty with concentration due to his depression. Therefore, his depression could limit his ability to willfully refuse to follow prescribed treatment. The Claimant's treating physician notes that the Claimant is globally weak and his gait is ataxic from neuropathy. The Claimant is never to lift more than 10 pounds and only occasionally less than 10 pounds. The Claimant's treating physician reports that the Claimant cannot use his hands for fine manipulating nor can the Claimant use his feet and legs for operating foot and leg controls.

In this case, this Administrative Law Judge finds that the Claimant may be considered presently disabled at the third step. The Claimant appears to meet listing 11.14, based on his peripheral neuropathy, or its equivalent. This Administrative Law Judge will not continue through the remaining steps of the assessment. The Claimant's testimony and the medical documentation support the finding that the Claimant meets the requirements of a listing.

Therefore, the Claimant is found to be disabled.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that the Claimant is medically disabled as of February, 2014.

Accordingly, the Department's decision is hereby **REVERSED** and the Department is **ORDERED** to initiate a review of the application dated April 10, 2014, if not done previously, to determine the Claimant's non-medical eligibility. The Department shall inform the Claimant of the determination in writing. A review of this case shall be set for January 2016.
