

**STATE OF MICHIGAN
MICHIGAN ADMINISTRATIVE HEARING SYSTEM
ADMINISTRATIVE HEARINGS FOR THE
DEPARTMENT OF HUMAN SERVICES**

IN THE MATTER OF:

[REDACTED]

Reg. No.: 14-017542
Issue No.: 2009
Case No.: [REDACTED]
Hearing Date: January 14, 2015
County: WAYNE-DISTRICT 18

ADMINISTRATIVE LAW JUDGE: Susan C. Burke

HEARING DECISION

Following Claimant's request for a hearing, this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 400.37; 42 CFR 431.200 to 431.250; and 45 CFR 205.10. After due notice, a telephone hearing was held on January 14, 2015, from Detroit, Michigan. Participants on behalf of Claimant included Claimant, Claimant's son, [REDACTED], and Claimant's Authorized Hearing Representative, [REDACTED]. Participants on behalf of the Department of Human Services (Department) included [REDACTED], Medical Contact Specialist.

ISSUE

Whether the Department properly determined that Claimant was not disabled for purposes of the Medical Assistance (MA) benefit program.

FINDINGS OF FACT

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. Claimant submitted an application for public assistance seeking MA benefits and Retroactive MA benefits on [REDACTED].
2. On [REDACTED], the Medical Review Team (MRT) determined that Claimant was not disabled.
3. The Department notified Claimant of the MRT determination on [REDACTED].
4. On [REDACTED], the Department received Claimant's timely written request for hearing.

5. At the time of the hearing, Claimant was 47 years old with a birth date of [REDACTED]
6. Claimant has a high school education.
7. Claimant is not currently working.
8. Claimant suffers from bipolar disorder, anxiety, depression, psychosis, NOS, and panic disorder without agoraphobia.
9. Claimant's impairments have lasted, or are expected to last, continuously for a period of twelve months or longer.
10. Claimant's complaints and allegations concerning her impairments and limitations, when considered in light of all objective medical evidence, as well as the record as a whole, reflect an individual who is so impaired as to be incapable of engaging in any substantial gainful activity on a regular and continuing basis.

CONCLUSIONS OF LAW

The Medical Assistance program is established by Subchapter XIX of Chapter 7 of The Public Health & Welfare Act, 42 USC 1397, and is administered by the Department of Human Services, formerly known as the Family Independence Agency, pursuant to MCL 400.10 *et seq.* and MCL 400.105. Department policies are found in the Bridges Administrative Manual ("BAM"), the Bridges Eligibility Manual ("BEM"), and the Bridges Reference Tables ("RFT").

Federal regulations require that the Department use the same operative definition for "disabled" as used for Supplemental Security Income (SSI) under Title XVI of the Social Security Act. 42 CFR 435.540(a).

"Disability" is:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months ... 20 CFR 416.905.

In determining whether an individual is disabled, 20 CFR 416.920 requires the trier of fact to follow a sequential evaluation process by which current work activity, the severity of the impairment(s), statutory listings of medical impairments, residual functional capacity, and vocational factors (i.e., age, education, and work experience) are assessed in that order. When a determination that an individual is or is not disabled can

be made at any step in the sequential evaluation, evaluation under a subsequent step is not necessary.

First, the trier of fact must determine if the individual is working and if the work is substantial gainful activity. (SGA) 20 CFR 416.924(b).

In this case, Claimant is not currently working. Claimant testified credibly that she is not currently working and the Department presented no contradictory evidence. Therefore, Claimant is not disqualified for MA at this step in the sequential evaluation process.

Second, in order to be considered disabled for purposes of MA, a person must have a severe impairment. 20 CFR 416.920(c). A severe impairment is an impairment expected to last twelve months or more (or result in death) which significantly limits an individual's physical or mental ability to perform basic work activities. The term "basic work activities" means the abilities and aptitudes necessary to do most jobs. Examples of these include:

- (1) Physical functions such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying or handling;
- (2) Capacities for seeing, hearing, and speaking;
- (3) Understanding, carrying out, and remembering simple instructions;
- (4) Use of judgment;
- (5) Responding appropriately to supervision, co-workers and usual work situations; and
- (6) Dealing with changes in a routine work setting. 20 CFR 416.921(b).

The purpose of the second step in the sequential evaluation process is to screen out claims lacking in medical merit. *Higgs v. Bowen* 880 F2d 860, 862 (6th Cir, 1988). As a result, the Department may only screen out claims at this level which are "totally groundless" solely from a medical standpoint. The *Higgs* court used the severity requirement as a "*de minimus* hurdle" in the disability determination. The *de minimus* standard is a provision of a law that allows the court to disregard trifling matters.

In this case, medical evidence has clearly established that Claimant has an impairment (or combination of impairments) that has more than a minimal effect on Claimant's work activities.

In the third step of the sequential analysis of a disability claim, the trier of fact must determine if the Claimant's impairment, or combination of impairments, meets or

medically equals the criteria of an impairment listed in Appendix 1 of Subpart P of 20 CFR, Part 404. (20 CFR 416.920 (d), 416.925, and 416.926.) This Administrative Law Judge finds that the Claimant's medical record will support a finding that Claimant's impairment(s) is a "listed impairment" or is medically equal to a listed impairment. See Appendix 1 of Subpart P of 20 CFR, Part 404, Part A.

In the present case, Claimant alleged mental disabling impairments.

When evaluating mental impairments, a special technique is used. 20 CFR 416.920a(a). First, an individual's pertinent symptoms, signs, and laboratory findings are evaluated to determine whether a medically determinable mental impairment exists. 20 CFR 416.920a(b)(1). When a medically determinable mental impairment is established, the symptoms, signs and laboratory findings that substantiate the impairment are documented to include the individual's significant history, laboratory findings, and functional limitations. 20 CFR 416.920a(e)(2). Functional limitation(s) is assessed based upon the extent to which the impairment(s) interferes with an individual's ability to function independently, appropriately, effectively, and on a sustained basis. *Id.*; 20 CFR 416.920a(c)(2). Chronic mental disorders, structured settings, medication, and other treatment and the effect on the overall degree of functionality is considered. 20 CFR 416.920a(c)(1). In addition, four broad functional areas (activities of daily living; social functioning; concentration, persistence or pace; and episodes of decompensation) are considered when determining an individual's degree of functional limitation. 20 CFR 416.920a(c)(3). The degree of limitation for the first three functional areas is rated by a five point scale: none, mild, moderate, marked, and extreme. 20 CFR 416.920a(c)(4). A four point scale (none, one or two, three, four or more) is used to rate the degree of limitation in the fourth functional area. *Id.* The last point on each scale represents a degree of limitation that is incompatible with the ability to do any gainful activity. *Id.*

After the degree of functional limitation is determined, the severity of the mental impairment is determined. 20 CFR 416.920a(d). If severe, a determination of whether the impairment meets or is the equivalent of a listed mental disorder is made. 20 CFR 416.920a(d)(2).

Listing 12.00 encompasses adult mental disorders. The evaluation of disability on the basis of mental disorders requires documentation of a medically determinable impairment(s) and consideration of the degree in which the impairment limits the individual's ability to work, and whether these limitations have lasted or are expected to last for a continuous period of at least 12 months. (12.00A.) The existence of a medically determinable impairment(s) of the required duration must be established through medical evidence consisting of symptoms, signs, and laboratory findings, to include psychological test findings. (12.00B.) The evaluation of disability on the basis of a mental disorder requires sufficient evidence to (1) establish the presence of a medically determinable mental impairment(s), (2) assess the degree of functional limitation the impairment(s) imposes, and (3) project the probable duration of the impairment(s). (12.00D.)

Listing 12.04 defines affective disorders as being characterized by a disturbance of mood, accompanied by a full or partial manic or depressive syndrome. Generally, affective disorders involve either depression or elation. The required level of severity for these disorders is met when the requirements of both A and B are satisfied, or when the requirements in C are satisfied.

- A. Medically documented persistence, either continuous or intermittent, of one of the following:
 - 1. Depressive syndrome characterized by at least four of the following:
 - a. Anhedonia or pervasive loss of interest in almost all activities; or
 - b. Appetite disturbance with change in weight; or
 - c. Sleep disturbance; or
 - d. Psychomotor agitation or retardation; or
 - e. Decreased energy; or
 - f. Feelings of guilt or worthlessness; or
 - g. Difficulty concentrating or thinking; or
 - h. Thoughts of suicide; or
 - i. Hallucinations, delusions, or paranoid thinking; or
 - 2. Manic syndrome characterized by at least three of the following:
 - a. Hyperactivity; or
 - b. Pressure of speech; or
 - c. Flight of ideas; or
 - d. Inflated self-esteem; or
 - e. Decreased need for sleep; or
 - f. Easy distractibility; or
 - g. Involvement in activities that have a high probability of painful consequences which are not recognized; or
 - h. Hallucinations, delusions, or paranoid thinking; or
 - 3. Bipolar syndrome with a history of episodic periods manifested by the full symptomatic picture of both manic and depressive syndromes (and currently characterized by either or both syndromes)

AND

- B. Resulting in at least two of the following:
 - 1. Marked restriction on activities of daily living; or
 - 2. Marked difficulties in maintaining social functioning; or
 - 3. Marked difficulties in maintaining concentration, persistence, or pace; or

4. Repeated episodes of decompensation, each of extended duration;

OR

- C. Medically documented history of chronic affective disorder of at least 2 years' duration that has caused more than a minimal limitation of ability to do basic work activities, with symptoms or signs currently attenuated by medication or psychosocial support, and one of the following:
 1. Repeated episodes of decompensation, each of extended duration; or
 2. A residual disease process that has resulted in such marginal adjustment that even minimal increase in mental demands or change in the environment would be predicted to cause the individual to decompensate; or
 3. Current history of 1 or more years' inability to function outside a highly supportive living arrangement, with an indication of continued need for such an arrangement.

In the present case, Claimant was diagnosed with bipolar disorder, anxiety, depression, psychosis, NOS, and panic disorder without agoraphobia.

In January of 2014, Claimant was admitted and diagnosed with altered mental status-resolved, seizure and anxiety, dysarthria, anxiety, and depression.

In July of 2014, an independent medical examiner diagnosed Claimant with moderate to major neurological disorder secondary to stroke, adjustment disorder with mixed anxiety and depressed mood. The medical examiner indicated that Claimant's prognosis was guarded, Claimant's abilities to understand, retain, follow simple instructions and perform basic routine and tangible tasks were moderately to severely impaired, and her ability to interact with others outside the home, supervisors, and the public was found to be severely impaired. Claimant was found to be unable to independently manage her benefit funds.

In October of 2014, a hospital petitioned for Claimant to receive a psychological assessment/hospitalization. The petitioning hospital noted that Claimant's symptoms included anhedonia, insomnia, agitation, feelings of worthlessness, poor judgment and suicidal ideas. At the petitioning hospital, Claimant stated that she had a plan to commit suicide and that she contemplated harming herself. At the assessing hospital, Claimant stated that a doctor was trying to kill her with medication. Claimant presented with some paranoia, had tangential to circumstantial thought processing, flight of ideas with pressured speech, and was found to be easily distracted with mood changes. Claimant was given a GAF of 49. Claimant's memory, judgment relating to impulsiveness and decision making, and insight were found to be impaired. Claimant's

attention was distractible, her thought process was abnormal, and her mood was anxious and elevated.

In light of the foregoing, it is found that the Claimant's impairment meets, or is the medical equivalent thereof, of a listed impairment within 12.00, specifically 12.04 A and B. Accordingly, Claimant is found disabled at Step 3 with no further analysis required.

The Administrative Law Judge, based on the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, if any, finds Claimant disabled for purposes of the MA benefit program.

DECISION AND ORDER

Accordingly, the Department's determination is REVERSED.

THE DEPARTMENT IS ORDERED TO INITIATE THE FOLLOWING, IN ACCORDANCE WITH DEPARTMENT POLICY AND CONSISTENT WITH THIS HEARING DECISION, WITHIN 10 DAYS OF THE DATE OF MAILING OF THIS DECISION AND ORDER:

1. The Department shall initiate processing of the April 3, 2014 MA application and retroactive MA application to determine if all non-medical criteria are met and inform Claimant of the determination in accordance with Department policy.
2. The Department shall review Claimant's continued eligibility in March of 2016, in accordance with Department policy.

Susan C. Burke
Administrative Law Judge
for Nick Lyon, Interim Director
Department of Human Services

Date Mailed: **1/16/2015**

SCB / hw

NOTICE OF APPEAL: A party may appeal this Hearing Decision in the circuit court in the county in which he/she resides, or the circuit court in Ingham County, within 30 days of the receipt date.

A party may request a rehearing or reconsideration of this Hearing Decision from the Michigan Administrative Hearing System (MAHS) within 30 days of the mailing date of this Hearing Decision, or MAHS may order a rehearing or reconsideration on its own motion.

MAHS may grant a party's Request for Rehearing or Reconsideration when one of the following exists:

- Newly discovered evidence that existed at the time of the original hearing that could affect the outcome of the original hearing decision;
- Misapplication of manual policy or law in the hearing decision which led to a wrong conclusion;
- Typographical, mathematical or other obvious error in the hearing decision that affects the rights of the client;
- Failure of the ALJ to address in the hearing decision relevant issues raised in the hearing request.

The party requesting a rehearing or reconsideration must specify all reasons for the request. MAHS will not review any response to a request for rehearing/reconsideration. A request must be *received* in MAHS within 30 days of the date this Hearing Decision is mailed.

A written request may be faxed or mailed to MAHS. If submitted by fax, the written request must be faxed to (517) 335-6088 and be labeled as follows:

Attention: MAHS Rehearing/Reconsideration Request

If submitted by mail, the written request must be addressed as follows:
