Following the Claimant's request for a hearing, this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 400.37; 42 CFR 431.200 to 431.250; and 45 CFR 205.10. After due notice, a telephone hearing was held on February 11, 2015, from Lansing, Michigan. Participants on behalf of the Claimant included the Claimant, [REDACTED]. Participants on behalf of the Department of Human Services (Department) included Eligibility Specialist, [REDACTED] and Assistance Payments Supervisor, [REDACTED].

ISSUE

Whether the Department properly determined that the Claimant was not disabled for the purpose of the State Disability Assistance (SDA) benefit program?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. On August 26, 2014, the Claimant applied for SDA.
2. On November 7, 2014, the Medical Review Team denied the Claimant's request.
3. On November 17, 2014, the Claimant submitted to the Department a request for hearing.
4. The Claimant is 46 years old.
5. The Claimant completed education through college and has a college degree.
6. The Claimant has employment experience (last worked 2014) as a construction worker and remodeler.

7. The Claimant suffers from anxiety, depression, lumbago, arthritis and trigger finger.
8. The Claimant's limitations have lasted for 12 months or more.
10. The Claimant has significant limitations on understanding, carrying out, and remembering simple instructions; use of judgment; responding appropriately to supervision, co-workers and usual work situations; and dealing with changes in a routine work setting. The Claimant also has a number of significant physical limitations regarding walking, standing, sitting and the use of his extremities.

CONCLUSIONS OF LAW

MA is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department administers MA-P pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (RFT).

Pursuant to Federal Rule 42 CFR 435.540, the Department uses the Federal Supplemental Security Income (SSI) policy in determining eligibility for disability under MA-P. Under SSI, disability is defined as:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

A set order is used to determine disability. Current work activity, severity of impairments, residual functional capacity, past work, age, or education and work experience are reviewed. If there is a finding that an individual is disabled or not disabled at any point in the review, there will be no further evaluation. 20 CFR 416.920.

Medical evidence may contain medical opinions. Medical opinions are statements from physicians and psychologists or other acceptable medical sources that reflect judgments about the nature and severity of the impairment(s), including symptoms, diagnosis and prognosis, what an individual can do despite impairment(s), and the physical or mental restrictions. 20 CFR 416.927(a)(2).

The Administrative Law Judge is responsible for making the determination or decision about whether the statutory definition of disability is met. The Administrative Law Judge reviews all medical findings and other evidence that support a medical source's statement of disability. 20 CFR 416.927(e).

For mental disorders, severity is assessed in terms of the functional limitations imposed by the impairment. Functional limitations are assessed using the criteria in paragraph (B) of the listings for mental disorders (descriptions of restrictions of activities of daily living, social functioning; concentration, persistence or pace; and ability to tolerate increased mental demands associated with competitive work). 20 CFR, Part 404, Subpart P, Appendix 1, 12.00(C).

The objective medical evidence in the record contains a Mental Residual Functional Capacity Assessment completed by the Claimant's treating psychiatrist. The Claimant's treating psychiatrist indicates that the Claimant is markedly limited in the ability to perform activities within a schedule, maintain regular attendance and be punctual within customary tolerances. The Claimant is also markedly limited in the ability to work in coordination with our proximity to others without being distracted by them. The Claimant's treating psychiatrist indicates that the Claimant is markedly limited in the ability to complete a normal work day at work week without interruptions from psychologically-based symptoms and to perform at a consistent pace without an unreasonable number and length of rest periods. The Claimant's treating psychiatrist assigns a GAF score of 52, which is indicative of serious impairment in social, occupational or school functioning.

In this case, this Administrative Law Judge finds that the Claimant may be considered presently disabled at the third step. The Claimant appears to meet listing 12.04 or its equivalent. This Administrative Law Judge will not continue through the remaining steps of the assessment. The Claimant's testimony and the medical documentation support the finding that Claimant meets the requirements of a listing.

Therefore, the Claimant is found to be disabled.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that Claimant is medically disabled as of August, 2014.

Accordingly, the Department's decision is hereby REVERSED and the Department is ORDERED to initiate a review of the application dated August, 2014, if not done previously, to determine the Claimant's non-medical eligibility. The Department shall inform the Claimant of the determination in writing. A review of this case shall be set for March 2016.
