IN THE MATTER OF:

Docket No. 15-000114 MHP

[redacted]

Appellant

[redacted]/

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, following the Appellant's request for a hearing.

After due notice, a hearing was held on [redacted]. The Appellant's mother [redacted] appeared on the Appellant's behalf. [redacted] Inquiry Dispute Appeals Resolution Coordinator, represented the Medicaid Health Plan (MHP), [redacted]. [redacted] Medical Director appeared as a witness for the MPH.

ISSUE

Did the MHP properly deny the Appellant's request for Unlisted Molecular Pathology (genetic testing)?

FINDINGS OF FACT

Based on the competent, material, and substantial evidence presented, the Administrative Law Judge finds as material fact:

1. Appellant is a [redacted]-month-old (DOB [redacted]) Medicaid beneficiary. (Exhibit A. p. 3 and testimony).

2. On [redacted] on behalf of the Appellant for Unlisted Molecular Pathology (genetic testing). (Exhibit A, p. 3-7 and testimony).

3. On [redacted], denial letters were sent to the Appellant, the Appellant's doctor, and the provider. The reason for the denial was that the documentation presented with the PA request did not meet the [redacted] Medical Coverage Guidance for Genetic Testing. (Exhibit A, pp. 18-19 and testimony).

4. On [redacted], the Appellant filed a Request for Hearing with the Michigan Administrative Hearing System (MAHS). (Exhibit A, p. 2).

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

On May 30, 1997, the Department received approval from the Health Care Financing Administration, U.S. Department of Health and Human Services, allowing Michigan to restrict Medicaid beneficiaries' choice to obtain medical services only from specified MHPs.

The Respondent is one of those MHPs.

> The covered services that the Contractor has available for enrollees must include, at a minimum, the covered services listed below. The Contractor may limit services to those which are medically necessary and appropriate, and which conform to professionally accepted standards of care but may not arbitrarily deny or reduce the amount, duration, or scope of a required service solely because of the diagnosis, type of illness, or condition of an enrollee. In general, the Contractor is responsible for covered services related to the following:
>
> - The prevention, diagnosis, and treatment of health impairments
> - The ability to achieve age-appropriate growth and development
> - The ability to attain, maintain, or regain functional capacity
>
> The Contractor must operate consistent with all applicable Medicaid provider manuals and publications for coverages and limitations. If new services are added to the Michigan Medicaid Program, or if services are expanded, eliminated, or otherwise changed, the Contractor must implement the changes consistent with State direction in accordance with the provisions of Contract Section 2.024.
>
> Although the Contractor must provide the full range of covered services listed below they may choose to provide services over and above those specified.

The covered services provided to enrollees under this Contract include, but are not limited to, the following:

- Ambulance and other emergency medical transportation
- Blood lead testing in accordance with Medicaid Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) policy
- Certified nurse midwife services
- Certified pediatric and family nurse practitioner services
- Chiropractic services
- Diagnostic lab, x-ray and other imaging services
- Durable medical equipment (DME) and supplies
- Emergency services
- End Stage Renal Disease services
- Family planning services (e.g., examination, sterilization procedures, limited infertility screening, and diagnosis)
- Health education
- Hearing and speech services
- Hearing aids (only for enrollees under 21 years of age)
- Home Health services
- Hospice services (if requested by the enrollee)
- Immunizations
- Inpatient and outpatient hospital services
- Intermittent or short-term restorative or rehabilitative services (in a nursing facility), up to 45 days
- Restorative or rehabilitative services (in a place of service other than a nursing facility)
- Medically necessary weight reduction services
- Mental health care – maximum of 20 outpatient visits per calendar year in accordance with Medicaid policy as stated in the Medicaid Provider Manual, Mental Health/Substance Abuse Chapter, Beneficiary Eligibility Section
- Out-of-state services authorized by the Contractor
- Outreach for included services, especially pregnancy-related and Well child care
- Parenting and birthing classes
- Pharmacy services
- Podiatry services
- Practitioners' services (such as those provided by physicians, optometrists and dentists enrolled as a Medicaid Provider Type 10)
- Prosthetics and orthotics

- Tobacco cessation treatment including pharmaceutical and behavioral support
- Therapies (speech, language, physical, occupational) excluding services provided to persons with development disabilities which are billed through Community Mental Health Services Program (CMHSP) providers or Intermediate School Districts.
- Transplant services
- Transportation for medically necessary covered services
- Treatment for sexually transmitted disease (STD)
- Vision services
- Well child/EPSDT for persons under age 21 [Article 1.020 Scope of [Services], at §1.022 E (1) contract, 1/23/2013, pp. 22-23].

* * *

AA. Utilization Management

(1) The major components of the Contractor's utilization management (UM) program must encompass, at a minimum, the following:

a) Written policies with review decision criteria and procedures that conform to managed health care industry standards and processes.
b) A formal utilization review committee directed by the Contractor's medical director to oversee the utilization review process.
c) Sufficient resources to regularly review the effectiveness of the utilization review process and to make changes to the process as needed.
d) An annual review and reporting of utilization review activities and outcomes/interventions from the review.
e) The UM activities of the Contractor must be integrated with the Contractor's QAPI program.

(2) Prior Approval Policy and Procedure

The Contractor must establish and use a written prior approval policy and procedure for UM purposes. The Contractor may not use such policies and procedures to avoid providing medically necessary services within the coverages established under the Contract. The policy must ensure that the review criteria for authorization decisions are applied consistently and require that the reviewer consult with the requesting provider when appropriate.

> The policy must also require that UM decisions be made by a health care professional who has appropriate clinical expertise regarding the service under review. [Contract, *supra,* p. 55].

The DCH-MHP contract provisions allow prior approval procedures for utilization management purposes. The MHP reviewed this prior authorization request under [redacted] Medical Coverage Guidance for Genetic Testing. (Exhibit A, pp. 1, 8-17, 18-19).

Respondent's documentary evidence established that on [redacted] on behalf of the Appellant for Unlisted Molecular Pathology (genetic testing). (Exhibit A, pp. 3-7). Thereafter, on [redacted], denial letters were sent to the Appellant, the Appellant's doctor, and the provider. The reason for the denial was that the documentation presented with the PA request did not meet the [redacted] Medical Coverage Guidance for Genetic Testing. (Exhibit A, pp. 18-19).

[redacted] testified on behalf of the MHP that the [redacted] Medical Coverage Guideline for Genetic Testing requires documentation showing how the test results will be used to significantly alter the management or treatment of the member's disease. (Exhibit A, pp. 8-17). [redacted] stated the information submitted with the PA request shows the Appellant has Congenital Deformities of the Brain. He further stated, however, there was no showing how the test results would be used to significantly alter the management or treatment of the Appellant's condition. [redacted] stated the PA request did not meet their guidelines criteria for the requested genetic testing, therefore the request for Unlisted Molecular Pathology was denied.

Appellant's mother testified that the MHP's denial does not allow her to fully understand what happened with her son. She thinks the rules should be broken to give her an opportunity to find out what is going on with her son and what caused him to have his congenital brain condition. She said she wants the decision reconsidered.

The Appellant's representative failed to satisfy the burden of proving by a preponderance of the evidence that the MHP improperly denied the Appellant's request for genetic testing. The MHP and the undersigned administrative law judge are bound by the MHP's Medical Coverage Guidelines authorized pursuant to their contract with the Department.

DECISION AND ORDER

Based on the above findings of fact and conclusions of law, the Administrative Law Judge finds that the MHP's denial of the Appellant's request for Unlisted Molecular Pathology (genetic testing) was proper.

IT IS THEREFORE ORDERED that:

The MHP's decision is **AFFIRMED**.
