IN THE MATTER OF:

██████████,

Appellant.

_____ /

Docket No. 15-005508 HHS

Case No. ██████████

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, and upon the Appellant's request for a hearing.

After due notice, a hearing was held on 6/3/15. Appellant appeared and testified. Appellant's provider appeared as a witness.

Allison Pool, Appeals Review Officer, represented the Department of Health and Human Services. Sheranda Campbell, Adult Services Supervisor, (ASS) from Wayne County testified as a witness for the Department.

ISSUE

Did the Department properly close Appellant's Home Help Services (HHS) case on the grounds that the 6 month review was not completed?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. Appellant is a 53 year-old male beneficiary of the welfare Medicaid and SSI programs. Appellant has been a beneficiary of the HHS program since 2008. (Exhibit A.8).
2. Appellant's diagnoses include: hypertension, renal insufficiency, and psoriasis. (Exhibit A.9).
3. In February, 2015, Appellant's case was due for a 6 month review interview. (Exhibit A.9).
4. On 1/1/15 the ASW issued a home visit letter informing Appellant that the ASW would conduct an in-home visit on 1/13/15 between 9 a.m. and 3 p.m. Appellant was not home. (Exhibit A.13).
5. On 2/23/15 the ASW issued a second home visit letter for 3/10/15 between the hours of 9 a.m. and 3 p.m. Appellant was not home. (Exhibit A.14).

6. On 3/16/15 the Department issued a DHS-1212 closure letter with an effective date of 4/3/15 for the following reason: "This worker has made several attempts to conduct an assessment with you and you were not available at the time of the assessment." (Exhibit A.5).
7. On 4/13/15 Michigan Administrative Hearing System (MAHS) received a Request for Hearing stating in part that the worker is 'always late.' (Exhibit A.4)

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

Home Help Services (HHS) are provided to enable functionally limited individuals to live independently and receive care in the least restrictive, preferred settings. These activities must be certified by a physician and may be provided by individuals or by private or public agencies.

Adult Services Manual 101 (11-1-2011) (hereinafter "ASM 101") and Adult Services Manual 120 (5-1-2012) (hereinafter "ASM 120") address the issues of what services are included in Home Help Services and how such services are assessed. For example, ASM 101 provides:

Home Help Payment Services

Home help services are non-specialized personal care service activities provided under the independent living services program to persons who meet eligibility requirements.

Home help services are provided to enable individuals with functional limitation(s), resulting from a medical or physical disability or cognitive impairment to live independently and receive care in the least restrictive, preferred settings.

Home help services are defined as those tasks which the department is paying for through Title XIX (Medicaid) funds. These services are furnished to individuals who are **not** currently residing in a hospital, nursing facility, licensed foster care home/home for the aged, intermediate care facility (ICF) for persons with developmental disabilities or institution for mental illness.

These activities must be certified by a Medicaid enrolled medical professional and may be provided by individuals or by private or public agencies. **The medical professional does not prescribe or authorize personal care services.** Needed services are determined by the comprehensive assessment conducted by the adult services specialist.

Personal care services which are eligible for Title XIX funding are limited to:

Activities of Daily Living (ADL)

- Eating.
- Toileting.
- Bathing.
- Grooming.
- Dressing.
- Transferring.
- Mobility.

Instrumental Activities of Daily Living (IADL)

- Taking medication.
- Meal preparation/cleanup.
- Shopping for food and other necessities of daily living.
- Laundry.
- Housework.

An individual must be assessed with at least one activity of daily living (ADL) in order to be eligible to receive home help services.

Note: If the assessment determines a need for an ADL at a level 3 or greater but these services are not paid for by the department, the individual would be eligible to receive IADL services.

Example: Ms. Smith is assessed at a level 4 for bathing however she refuses to receive assistance. Ms. Smith would be eligible to receive assistance with IADL's if the assessment determines a need at a level 3 or greater. [ASM 101, pages 1-2 of 4 (*italics added*).]

ASM 120 states:

Functional Assessment

The **Functional Assessment** module of the **ASCAP** comprehensive assessment is the basis for service planning and for the HHS payment.

Conduct a functional assessment to determine the client's ability to perform the following activities:

Activities of Daily Living (ADL)

- Eating
- Toileting
- Bathing
- Grooming
- Dressing
- Transferring
- Mobility

Instrumental Activities of Daily Living (IADL)

- Taking Medication
- Meal Preparation and Cleanup
- Shopping
- Laundry
- Light Housework

Functional Scale

ADLs and IADLs are assessed according to the following five point scale:

1. Independent

Performs the activity safely with no human assistance.

2. Verbal Assistance

Performs the activity with verbal assistance such as reminding, guiding or encouraging.

3. Some Human Assistance

Performs the activity with some direct physical assistance and/or assistive technology.

4. Much Human Assistance

Performs the activity with a great deal of human assistance and/or assistive technology.

5. Dependent

Does not perform the activity even with human assistance and/or assistive technology.

Home Help payments may only be authorized for needs assessed at the 3 level or greater.

An individual must be assessed with at least one activity of daily living in order to be eligible to receive home help services.

Note: If the assessment determines a need for an ADL at a level 3 or greater but these services are not paid for by the department, the individual would be eligible to receive IADL services.

Example: Ms. Smith is assessed at a level 4 for bathing however she refuses to receive assistance. Ms. Smith would be eligible to receive assistance with IADL's if the assessment determines a need at a level 3 or greater.

See ASM 121, Functional Assessment Definitions and Ranks for a description of the rankings for activities of daily living and instrumental activities of daily living. [ASM 120, pages 2-3 of 5.]

Moreover, with respect to the review of HHS once they are already granted, Adult Services Manual 155 (11-1-2011) provides:

CASE REVIEWS

Independent living services (home help) cases must be reviewed every six months. A face-to-face contact is required with the client, in the home.

A face-to-face or phone contact must be made with the provider at six month review and redetermination to verify services are being furnished.

Note: If contact is made by phone, the provider must offer identifying information such as date of birth and the last four digits of their social security number. A face-to-face interview

in the client's home or local DHS office must take place at the next review or redetermination.

Six Month Review

Requirements

Requirements for the review contact must include:

- A review of the current comprehensive assessment and service plan.
- Verification of the client's Medicaid eligibility, when home help services are being paid.
- Follow-up collateral contacts with significant others to assess their role in the case plan, if applicable.
- Review of client satisfaction with the delivery of planned services.
- Reevaluation of the level of care to assure there are no duplication of services.
- Contact must be made with the care provider, either by phone or face-to-face, to verify services are being provided.

Documentation

Case documentation for **all** reviews must include:

- An update of the "**Disposition**" module in ASCAP.
- A review of **all** ASCAP modules with information updated as needed.
- A brief statement of the nature of the contact and who was present in the **Contact Details** module of ASCAP. A face-to-face contact entry with the client generates a case management billing.
- Documented contact with the home help provider.
- Expanded details of the contact in **General Narrative**, by clicking on **Add to & Go To Narrative** button in **Contacts** module.

- A record summary of progress in service plan.

Annual Redetermination

Procedures and case documentation for the annual review are the same as the six month review, with the following addition(s):

- A new DHS-54A certification, if home help services are being paid.

Note: The medical needs form for SSI recipients and Disabled Adult Children (DAC) is only required at the initial opening and is not required for the redetermination process. All other Medicaid recipients will need to have a DHS-54A completed at the initial opening and annually thereafter.

- Contact must be made with the care provider, either by phone or face-to-face, to verify services are being provided.

According to the above policy, the ASW must have contact with a recipient of the HHS program every 6 months for a review, and every 12 months for a redetermination.

Here, the Department attempted to schedule a review of Appellant's case by scheduling 2 home visits. Documentation indicates that Appellant was not home for either scheduled visit.

Appellant argued that the worker is "always late." Specifically, Appellant argued that the worker was scheduled to be at his residence at 10 a.m. but did not appear until 10:30 a.m.

The purview of an administrative law judge (ALJ) is to review the Department's action and to make a determination if those actions are in compliance with Department policy, and not contrary to law. The ALJ must base the hearing decision on the preponderance of the evidence offered at the hearing or otherwise included in the record.

Here, the evidence clearly shows that the Department informed Appellant of 2 home visits. Unrefuted evidence is that Appellant was not home for either visit. Appellant argues in his hearing request that the worker is always late. More specifically, at the administrative hearing, Appellant argued that the worker was scheduled to visit Appellant for the 3/10/15 appointment at 10 a.m. Appellant had no evidence to support his claim. The ASW's letter specifically states that the visit was scheduled between 9 a.m. and 3 p.m. Appellant has failed to present evidence by a preponderance of evidence standard to support his claim that the Department failed to act in accordance with its policy and procedure and thus, the action here must be upheld.

Docket No. 15-005508 HHS
Decision and Order

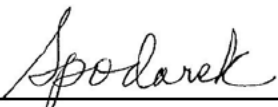

Appellant may reapply.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, finds that the Department's closure of Appellant's Home Help Services case is supported by the DHS policy and procedure and thus,

IT IS THEREFORE ORDERED THAT:

The Department's decision is **AFFIRMED**.
