DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge (ALJ) pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, upon Appellant's request for a hearing.

After due notice, a hearing was held on _____. Appellant appeared and presented testimony on her own behalf. _____, Appeals Review Officer, represented the Department of Community Health (Department). _____, Medicaid Utilization Analyst, appeared as a witness for the Department.

ISSUE

Did the Department properly deny Appellant's request for prior authorization (PA) for upper partial dentures?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. Appellant is a _____ Medicaid beneficiary, born _____. (Exhibit A, p 7)
2. On _____, the Department received a PA request from Rosemary Pitaro seeking approval on behalf of the Appellant for upper partial dentures. (Exhibit A, p 7)
3. On or around _____ the Department reviewed the request and denied _____ PA request as the Appellant had at least 8 posterior teeth in occlusion. (Exhibit A,

pp 5, 6; Testimony)

4. On ██████████, the Department sent the Appellant a notice of denial. The notice informed the Appellant the upper partial denture request was denied. (Exhibit A, pp 5, 6; Testimony)
5. On ██████████, the Michigan Administrative Hearing System (MAHS) received Appellant's Request for Hearing. (Exhibit A, p 4)

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

1.10 PRIOR AUTHORIZATION

Medicaid requires prior authorization (PA) to cover certain services before those services are rendered to the beneficiary. The purpose of PA is to review the medical need for certain services. . . .

Medicaid Provider Manual, (MPM) Practitioner,
July 1, 2015, page 4.

Under the general policy instructions for Medicaid related dental services the MPM sets replacement schedules for denture repair and replacement:

GENERAL INSTRUCTIONS

Complete and partial dentures are benefits for all beneficiaries. All dentures require PA. Providers must assess the beneficiary's general oral health and provide a five-year prognosis for the prosthesis requested. An upper partial denture PA request must also include the prognosis of six sound teeth.

Complete or partial dentures are authorized:

- If there is one or more anterior teeth missing;
- If there are less than eight posterior teeth in occlusion (fixed bridges and dentures are to be considered occluding teeth); or
- Where an existing complete or partial denture cannot be made serviceable through repair, relining, adjustment, or duplicating (rebasing) procedures. If a partial denture can be made serviceable, the dentist should provide the needed restorations to maintain use of the existing partial, extract

teeth, add teeth to an existing partial, and remove hyperplastic tissue....

Reimbursement for a complete or partial denture includes all necessary adjustments, relines, repairs, and duplications within six months of insertion. This includes such services for an immediate upper denture when authorized.

If a complete or partial denture requires an adjustment, reline, repair, or duplication within six months of insertion, but the services were not provided until after six months of insertion, no additional reimbursement is allowed for these services.

Complete or partial dentures are not authorized when:

- A previous prosthesis has been provided within five years, whether or not the existing denture was obtained through Medicaid.
- An adjustment, reline, repair, or duplication will make them serviceable.
- Replacement of a complete or partial denture that has been lost or broken beyond repair is not a benefit within five years, whether or not the existing denture was obtained through Medicaid.

MPM, Dental, §6.6A, July 1, 2015, pp. 19, 20

At the hearing the Department witness testified that Appellant's request for upper partial dentures was denied because the Appellant had 8 teeth in occlusion.

The Appellant testified she needed the dentures to prevent her from biting her tongue when she suffers from seizures.

Although there can be medical exceptions, the PA did not list anything under additional medical information and there was no corresponding doctors note indicating why an exception was needed.

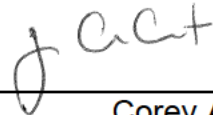

Although I sympathize with the Appellant, my role is solely to determine whether or not the Department's actions were in conformity with the applicable laws and policies. The Appellant had 8 teeth in occlusion and as such would not be eligible for upper partial dentures.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, decides that the Department properly denied the Appellant's request for PA for upper partial dentures.

IT IS THEREFORE ORDERED that:

The Department's decision is AFFIRMED.
