IN THE MATTER OF:

████████████████████,

Appellant.

Docket No. 15-018359 MSB

Case No. ██████████

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge (ALJ) pursuant to MCL 400.9 and MCL 400.37 upon Appellant's request for hearing.

After due notice, a telephone hearing was held on ██████████. ██████████, Appellant's spouse, appeared and testified on Appellant's behalf. ██████████, Appeals Review Officer, represented the Michigan Department of Health and Human Services (DHHS or Department). ██████████, Analyst, also testified as a witness for the Department.

ISSUE

Did the Department properly deny claims submitted for services provided to Appellant?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. Appellant requested an Administrative Hearing regarding medical bills he received from his provider, ██████████ for service dates ██████████. The bills totaled \$519.19. (Exhibit A, pp 4-6; Testimony).

2. PHN billed Medicaid for the ██████████ and ██████████ service dates, was paid by Medicaid for those claims, however, the Department later recovered the payments when it discovered that Appellant also had private insurance through Blue Cross Blue Shield on the dates of service. (Exhibit A, pp 4-6; Testimony).
3. PHN did bill Medicaid again for the ██████████ service date and that payment has been approved. (Exhibit A, pp 4-6; Testimony).
4. PHN also informed the Department's Analyst that it would bill BCBS for the ██████████ and ██████████ service dates. (Exhibit A, pp 4-6; Testimony).
5. Appellant's request for hearing was received by the Michigan Administrative Hearing System on ██████████. (Exhibit 1)

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

Regarding the coordination of Medicaid benefits with other programs, the applicable version of the Medicaid Provider Manual (MPM) states:

SECTION 1 – INTRODUCTION

This chapter applies to all providers.

Federal regulations require that all identifiable financial resources be utilized prior to expenditure of Medicaid funds for most health care services provided to Medicaid beneficiaries. **Medicaid is considered the payer of last resort.** If a beneficiary with Medicare or Other Insurance coverage is enrolled in a Medicaid Health Plan (MHP), or is receiving services under a Prepaid Inpatient Health Plan (PIHP) or Community Mental Health Services Program/Coordination Agency (CMHSP/CA), that entity is responsible for the Medicaid payment liability.

2.1 COMMERCIAL HEALTH INSURANCE, TRADITIONAL INDEMNITY POLICIES, AND MILITARY/VETERAN INSURANCE

If a Medicaid beneficiary is enrolled in a commercial health insurance plan or is covered by a traditional indemnity policy or military/veteran insurance, the rules for coverage by the commercial health insurance, traditional indemnity policy, or military/veteran insurance must be followed. This includes, but is not limited to:

- Prior authorization (PA) requirements.
- Provider qualifications.
- Obtaining services through the insurer's provider network.

Beneficiaries must use the highest level of benefits available to them under their policy. Medicaid is not liable for payment of services denied because coverage rules of the primary health insurance were not followed. For example, Medicaid does not pay the point of service sanction amount for the beneficiary electing to go out of the preferred provider network. Medicaid is, however, liable for Medicaid-covered services that are not part of the primary health insurance coverage.

* * *

MDCH payment liability for beneficiaries with other insurance is the lesser of the beneficiary's liability (including coinsurance, copayments, or deductibles), the provider's charge minus contractual adjustments, or the maximum Medicaid fee screen minus the insurance payments. For inpatient hospital claims, refer to the Hospital Claim Completion - Inpatient section (Medicare subsection) of the Billing & Reimbursement for Institutional Providers chapter for additional information.

Providers may enter into agreements with other insurers to accept payment that is less than their usual and customary fees. Known as "Preferred Provider" or "Participating Provider" Agreements, these arrangements are considered payment-in-full for services rendered. Neither the beneficiary nor MDCH has any financial liability in these situations.

Providers must secure other insurance adjudication response(s) which must include Claim Adjustment

Reason Codes (CARCs) prior to billing Medicaid. Denials do not need to be obtained in cases where the parameters of the carrier would never cover a specific service (e.g., a dental carrier would never cover a vision service, etc.). In cases where the provider renders a service and the carrier indicates it does not cover that specific service, the provider needs only to bill the carrier once for the service and keep a copy of the denial in the beneficiary's file. When billing on paper, this documentation must be submitted as an attachment to the paper claim. When billing electronically, no attachment is necessary, as all required data must be included in the electronic submission. (Refer to the Billing & Reimbursement Chapters of this manual for additional information.)

If payments are made by another insurance carrier, the amount paid, whether it is paid to the provider or the beneficiary, must be reflected on the claim. It is the provider's responsibility to obtain the payment from the beneficiary if the other insurance pays the beneficiary directly. It is acceptable to bill the beneficiary in this situation. Providers may not bill a Medicaid beneficiary unless the beneficiary is the policyholder of the other insurance. Failure to repay, return, or reimburse Medicaid may be construed as fraud under the Medicaid False Claim Act if the provider has received payment from a third party resource after Medicaid has made a payment. Medicaid's payment must be repaid, returned, or reimbursed to MDCH Third Party Liability Section. (Refer to the Directory Appendix for contact information.)

Coordination of Benefits Chapter, pages 1, 3-4
(Emphasis added)*

Similarly, with respect to the billing of beneficiaries, the MPM states:

SECTION 11 - BILLING BENEFICIARIES

11.1 GENERAL INFORMATION

Providers cannot bill beneficiaries for services except in the following situations:

* * *

- The beneficiary is the policyholder of the other insurance and the beneficiary did not follow the rules of the other insurance (e.g., utilizing network providers).

Here, the Department's witness testified that the claims for services at issue in this case were denied pursuant to the above policies. Specifically, the above policies clearly provide that Medicaid is the payor of last resort and Appellant's private insurance must be billed before Medicaid, and that Medicaid is not liable for payment of services denied because coverage rules of the primary health insurance were not followed.

Appellant's spouse testified that she did not believe Appellant had BCBS insurance in ██████████ or ██████████. Appellant's spouse requested additional time to research the issue to see when exactly the family's BCBS insurance was terminated. Appellant's spouse was allowed additional time to provide such information, but nothing further was received.

Appellant bears the burden of proving by a preponderance of the evidence that the Department erred in denying the claims. Moreover the undersigned Administrative Law Judge is limited to reviewing the Department's decision in light of the information it had at the time it made that decision.

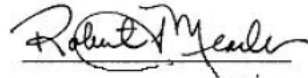

In this case, all the information the Department had demonstrated that Appellant possessed coverage through BCBS at the time of the relevant services and, per the clear policy of the MPM, BCBS must therefore be billed prior to Medicaid, which is the payor of last resort. No such billing ever occurred. Consequently, the Department's rejection of claims based on the available information must be sustained.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, finds that, the Department properly denied claims submitted for services provided to Appellant.

IT IS THEREFORE ORDERED THAT:

The Department's decision is **AFFIRMED**.
