MICHIGAN ADMINISTRATIVE HEARING SYSTEM
ADMINISTRATIVE HEARINGS FOR THE
DEPARTMENT OF HEALTH AND HUMAN SERVICES**

IN THE MATTER OF:

[REDACTED]

Reg. No.: 15-003091
Issue No.: 3005
Case No.: [REDACTED]
Hearing Date: May 20, 2015
County: Washtenaw (District 20)

ADMINISTRATIVE LAW JUDGE: Darryl Johnson

HEARING DECISION FOR INTENTIONAL PROGRAM VIOLATION

Upon the request for a hearing by the Department of Health and Human Services (Department), this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9, and in accordance with Titles 7, 42 and 45 of the Code of Federal Regulation (CFR), particularly 7 CFR 273.16 and 45 CFR 235.110; and with Mich Admin Code, R 400.3130 and 400.3178. After due notice, a telephone hearing was held on May 20, 2015, from Lansing, Michigan. The Department was represented by [REDACTED], Regulation Agent of the Office of Inspector General (OIG).

Respondent did not appear at the hearing and it was held in Respondent's absence pursuant to 7 CFR 273.16(e), Mich Admin Code R 400.3130(5), or Mich Admin Code R 400.3178(5).

ISSUES

1. Did Respondent receive an overissuance (OI) of Food Assistance Program (FAP) benefits that the Department is entitled to recoup?
2. Did the Department establish, by clear and convincing evidence, that Respondent committed an Intentional Program Violation (IPV)?
3. Should Respondent be disqualified from receiving benefits for FAP?

FINDINGS OF FACT

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. The Department's OIG filed a hearing request on March 9, 2015, to establish an OI of benefits received by Respondent as a result of Respondent having allegedly committed an IPV.
2. The OIG has requested that Respondent be disqualified from receiving program benefits.

3. Respondent was a recipient of FAP benefits issued by the Department.
4. Respondent was aware of the responsibility to only use her FAP for lawful purposes.
5. Respondent did not have an apparent physical or mental impairment that would limit the understanding or ability to fulfill this requirement.
6. The Department's OIG indicates that the time period it is considering the fraud period is August 1, 2012, through May 31, 2014, (fraud period).
7. During the fraud period, the Department alleges Respondent was issued \$ [REDACTED] in FAP benefits by the State of Michigan, and the Department alleges that Respondent was entitled to \$ [REDACTED] in such benefits during this time period.
8. The Department alleges that Respondent received an OI in FAP benefits in the amount of \$ [REDACTED]
9. This was Respondent's first alleged IPV.
10. A Notice of Hearing was mailed to Respondent at the last known address and was not returned by the US Post Office as undeliverable.

CONCLUSIONS OF LAW

Department policies are contained in the Department of Health and Human Services Bridges Administrative Manual (BAM), Bridges Eligibility Manual (BEM), Adult Services Manual (ASM), and Reference Tables Manual (RFT).

The Food Assistance Program (FAP) [formerly known as the Food Stamp program] is established by the Food and Nutrition Act of 2008, as amended, 7 USC 2011 to 2036a and is implemented by the federal regulations contained in 7 CFR 273. The Department (formerly known as the Department of Human Services) administers FAP pursuant to MCL 400.10; the Social Welfare Act, MCL 400.1-.119b; and Mich Admin Code, R 400.3001 to .3015.

Effective October 1, 2014, the Department's OIG requests IPV hearings for the following cases:

- Willful overpayments of \$500.00 or more under the AHH program.
- FAP trafficking overissuances that are not forwarded to the prosecutor.

- Prosecution of welfare fraud or FAP trafficking is declined by the prosecutor for a reason other than lack of evidence, and
 - The total amount for the FIP, SDA, CDC, MA and FAP programs combined is \$500 or more, or
 - the total amount is less than \$500, and
 - the group has a previous IPV, or
 - the alleged IPV involves FAP trafficking, or
 - the alleged fraud involves concurrent receipt of assistance (see BEM 222), or
 - the alleged fraud is committed by a state/government employee.

BAM 720 (10/1/14), p. 14; ASM 165 (5/1/13), p. 4.

Intentional Program Violation

Suspected IPV means an OI exists for which all three of the following conditions exist:

- The client intentionally failed to report information **or** intentionally gave incomplete or inaccurate information needed to make a correct benefit determination, and
- The client was clearly and correctly instructed regarding his or her reporting responsibilities, and
- The client has no apparent physical or mental impairment that limits his or her understanding or ability to fulfill reporting responsibilities.

BAM 700 (5/1/14), p. 7; BAM 720, p. 1.

An IPV is also suspected for a client who is alleged to have trafficked FAP benefits. BAM 720, p. 1.

An IPV requires that the Department establish by clear and convincing evidence that the client has intentionally withheld or misrepresented information for the **purpose** of establishing, maintaining, increasing or preventing reduction of program benefits or eligibility. BAM 720, p. 1 (emphasis in original); see also 7 CFR 273(e)(6). Clear and convincing evidence is evidence sufficient to result in a clear and firm belief that the proposition is true. See M Civ JI 8.01.

In this case, the Department presented evidence that Respondent's FAP card was used to make purchases at [REDACTED]. [REDACTED] has been disqualified by the federal government from further participation in SNAP, which provides funding for FAP, because they were found to have engaged in trafficking. [REDACTED] primarily stocks items with small dollar values (small bags of chips, single serve milk/pop, and candy). Large dollar transactions and transactions occurring multiple times a day cannot be supported based on the available food stock. [REDACTED] does not have the supply chain of weekly/daily deliveries of goods to support individual shoppers completing large dollar purchases, which would deplete [REDACTED] of their primary goods. [REDACTED] Owner would stock the store with items he purchased at big box stores ([REDACTED]) and then re-sell within his store. Subjects of investigations admitted to trafficking food stamp benefits with the store owner and store employees at [REDACTED]. Subjects of investigations would disclose to others that [REDACTED] was buying food stamp cards for 50 cents on the dollar.

Respondent's purchases at [REDACTED] are found in Exhibit A Pages 66-72. On October 23, 2012, she made two purchases between [REDACTED] and [REDACTED] totaling \$[REDACTED]. On January 11, 2013, she made two purchases between [REDACTED] and [REDACTED], totaling \$[REDACTED]. Those are inconceivably large expenditures given the limited physical size of the store, the nature of the inventory, and the fact that the store lacks shopping carts. Other similar purchases are suspect for similar reasons. The Department has presented clear and convincing evidence that Respondent allowed her card to be used unlawfully.

It is not clear why the Department identified the fraud period as extending to May 31, 2013. The last transaction that was identified as indicative of fraud was on January 3, 2014. Although Respondent continued to shop at [REDACTED] through May 2014, there were no transactions marked as suspected of being fraudulent. Also, on October 24, 2012, between [REDACTED] and [REDACTED] Respondent made two purchases of \$[REDACTED] and \$[REDACTED]. There were no other transactions within more than three hours before or after those two purchases. Those two purchases standing alone in any other scenario would not seem indicative of fraud.

Disqualification

A client who is found to have committed an IPV by a court or hearing decision is disqualified from receiving program benefits. BAM 720, p. 15; BEM 708 (4/1/14), p. 1. Clients are disqualified for ten years for a FAP IPV involving concurrent receipt of benefits, and, for all other IPV cases involving FIP, FAP or SDA, for standard disqualification periods of one year for the first IPV, two years for the second IPV, and lifetime for the third IPV. BAM 720, p. 16. CDC clients who intentionally violate CDC program rules are disqualified for six months for the first occurrence, twelve months for the second occurrence, and lifetime for the third occurrence. BEM 708, p. 1. A disqualified recipient remains a member of an active group as long as he lives with them, and other eligible group members may continue to receive benefits. BAM 720, p. 16.

In this case, Respondent committed an IPV. This is her first IPV in the FAP program. She will be disqualified for a period of 12 months.

Overissuance

When a client group receives more benefits than entitled to receive, the Department must attempt to recoup the OI. BAM 700, p. 1. The Department has presented clear and convincing evidence that Respondent received an OI of \$ [REDACTED]

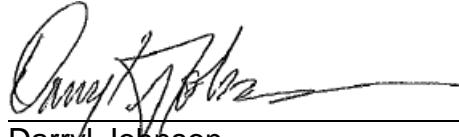

DECISION AND ORDER

The Administrative Law Judge, based upon the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, if any, concludes that:

1. The Department has established by clear and convincing evidence that Respondent committed an IPV.
2. Respondent did receive an OI of program benefits in the amount of \$ [REDACTED] from the FAP program.

The Department is ORDERED to initiate recoupment/collection procedures for the amount of \$ [REDACTED] in accordance with Department policy.

It is FURTHER ORDERED that Respondent be disqualified from FAP for a period of 12 months.
