\* \* \*

The Michigan Department of Community Health (MDCH), pursuant to the provisions of the Social Security Act Medical Assistance Program, contracts with Total Health Care Health Plan to provide State Medicaid Plan services to enrolled beneficiaries.

The Department's contract provides, as follows:

Disenrollment Requests Initiated by the Contractor

Special Disenrollments

The Contractor may initiate special disenrollment requests to DCH based on enrollee actions inconsistent with Contractor membership—for example, if there is fraud, abuse of the Contractor, or other intentional misconduct; or if, the enrollee's abusive or violent behavior poses a threat to the Contractor or provider. The Contractor is responsible for members until the date of disenrollment. Special disenrollment requests are divided into three categories:

- a. Violent/life-threatening situations involving physical acts of violence; physical or verbal threats of violence made against Contractor providers, staff, or the public at Contractor locations; or stalking situations
- b. Fraud/misrepresentation involving alteration or theft of prescriptions, misrepresentation of Contractor membership, or unauthorized use of CHCP benefits

**Docket No. 15-004044 DIS**  
**Decision and Order**

- c. Other actions inconsistent with plan membership. Examples include, but are not limited to, the repeated use of non-Contractor providers without referral or when in-network providers are available; discharge from multiple practices of available Contractor's network providers; inappropriate use of prescription medication or drug seeking behaviors including inappropriate use of emergency room facilities for drug-seeking purposes.

A Contractor may not request special disenrollment based on the physical or mental health status of the enrollee. If the enrollee's physical or mental health is a factor in the actions inconsistent with plan membership, the Contractor must document evidence of the Contractor's actions to assist the enrollee in correcting the problem, including appropriate physical and mental health referrals. The Contractor must also document that continued enrollment seriously impairs the Contractor or providers' ability to furnish services to this enrollee or other enrollees. DCH reserves the right to require additional information from the Contractor to assess the appropriateness of the disenrollment. The effective disenrollment date shall be within 60 days from the date DCH received the complete request from the Contractor that contains all information necessary for DCH to render a decision. If the beneficiary exercises their right of appeal, the effective disenrollment date shall be no later than 30 days following resolution of the appeal.

Disenrollment Requests Initiated by the Enrollee

- (1) **Medical Exception:** The beneficiary may request an exception to enrollment in the CHCP if he or she has a serious medical condition and is undergoing active treatment for that condition with a physician that does not participate with the Contractor at the time of enrollment. The beneficiary must submit a medical exception request to DCH.

**Docket No. 15-004044 DIS**  
**Decision and Order**

- (2) **Disenrollment for Cause:** The enrollee may request that DCH review a request for disenrollment for cause from a Contractor's plan at any time during the enrollment period to allow the beneficiary to enroll in another health plan. Reasons cited in a request for disenrollment for cause may include lack of access to providers or necessary specialty services covered under the Contract or concerns with quality of care. Beneficiaries must demonstrate that appropriate care is not available by providers within the Contractor's provider network or through non-network providers approved by the Contractor.
