

**STATE OF MICHIGAN
MICHIGAN ADMINISTRATIVE HEARING SYSTEM
FOR THE DEPARTMENT OF HEALTH AND HUMAN SERVICES**

P.O. Box 30763, Lansing, MI 48909
(877) 833-0870; Fax: (517) 373-4147

IN THE MATTER OF:

██████████,

Appellant.

Docket No. 15-014102 HHS

Case No. ██████████

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, upon Appellant's request for a hearing.

After due notice, a telephone hearing was held on ██████████.

Appellant appeared and testified.

██████████, Appeals Review Officer, represented the Department of Health and Human Services. ██████████ Adult Services Supervisor, (ASS), and ██████████, Adult Services Worker (ASW), appeared as witnesses for the Department.

ISSUES

Did Appellant bring forth substantial and credible evidence to show that he is entitled to more HHS services than assessed by the Department?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. Appellant is ██████████ beneficiary of the Medicaid and SSI programs.
2. Appellant is a beneficiary of the Home Help Services (HHS) program.
3. On ██████████, the Department conducted a redetermination of Appellant's HHS grant by making a home visit. Progress notes indicate no changes in Appellant's medical condition. Appellant did not request more services than previously receiving. The ASW concluded that there would be no changes in services. (Exhibit A.10).
4. On ██████████ the DHS suspended Appellant's payments due to a transfer of Appellant into the MI Health Link program. The Department stipulated at the administrative hearing that the notice was issued in error, that no change took place. The parties agreed that there was no issue at the administrative hearing regarding this negative action sent in error.

**Docket No. 15-014102 HHS
Decision and Order**

5. On [REDACTED] Appellant filed a hearing request requesting more services than allowed in his grant. (Exhibit A.5).

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

Home Help Services (HHS) are provided to enable functionally limited individuals to live independently and receive care in the least restrictive, preferred settings. These activities must be certified by a physician and may be provided by individuals or by private or public agencies.

Adult Services Manual (ASM) 101, 11-1-11, addresses HHS payments:

Payment Services Home Help

Home help services are non-specialized personal care service activities provided under the independent living services program to persons who meet eligibility requirements.

Home help services are provided to enable individuals with functional limitation(s), resulting from a medical or physical disability or cognitive impairment to live independently and receive care in the least restrictive, preferred settings.

*Adult Services Manual (ASM) 101,
11-1-2011, Page 1 of 4.*

Adult Services Manual (ASM) 105, 11-1-11, addresses HHS eligibility requirements:

Requirements

Home help eligibility requirements include all of the following:

- Medicaid eligibility.
- Certification of medical need.
- Need for service, based on a complete comprehensive assessment (DHS-324) indicating a functional limitation of level 3 or greater for activities of daily living (ADL).
- Appropriate Level of Care (LOC) status.

Necessity For Service

The adult services specialist is responsible for determining the necessity and level of need for home help services based on:

- Client choice.
- A completed DHS-324, Adult Services Comprehensive Assessment. An individual must be assessed with at least one activity of daily living (ADL) in order to be eligible to receive home help services.

Note: If the assessment determines a need for an ADL at a level 3 or greater but these services are not paid for by the department, the individual would be eligible to receive IADL services.

Example: Ms. Smith is assessed at a level 4 for bathing however she refuses to receive assistance. Ms. Smith would be eligible to receive assistance with IADL's if the assessment determines a need at a level 3 or greater.

- Verification of the client's medical need by a Medicaid enrolled medical professional via the DHS-54A. The client is responsible for obtaining the medical certification of need; see ASM 115, Adult Services Requirements.

*Adult Services Manual (ASM) 105,
11-1-2011, Pages 1-3 of 3*

Adult Services Manual (ASM 120, 5-1-2012), pages 1-4 of 5 addresses the adult services comprehensive assessment:

INTRODUCTION

The DHS-324, Adult Services Comprehensive Assessment is the primary tool for determining need for services. The comprehensive assessment must be completed on **all open independent living services cases**. ASCAP, the automated workload management system, provides the format for the comprehensive assessment and all information will be entered on the computer program.

Requirements

Requirements for the comprehensive assessment include, but are not limited to:

- A comprehensive assessment will be completed on all new cases.
- A face-to-face contact is required with the client in his/her place of residence.
- The assessment may also include an interview with the individual who will be providing home help services.
- A new face-to-face assessment is required if there is a request for an increase in services before payment is authorized.
- A face-to-face assessment is required on all transfer-in cases before a payment is authorized.
- The assessment must be updated as often as necessary, but minimally at the six month review and annual redetermination.
- A release of information must be obtained when requesting documentation from confidential sources and/or sharing information from the department record.
 - Use the DHS-27, Authorization to Release Information, when requesting client information from another agency.
 - Use the DHS-1555, Authorization to Release Protected Health Information, if requesting additional medical documentation; see RFF 1555. The form is primarily used for APS cases.
- Follow rules of confidentiality when home help cases have companion APS cases, see SRM 131 Confidentiality.

Functional Assessment

The **Functional Assessment** module of the **ASCAP** comprehensive assessment is the basis for service planning and for the home help services payment.

Conduct a functional assessment to determine the client's ability to perform the following activities:

Activities of Daily Living (ADL)

- Eating.
- Toileting.

- Bathing.
- Grooming.
- Dressing.
- Transferring.
- Mobility.

Instrumental Activities of Daily Living (IADL)

- Taking Medication.
- Meal Preparation and cleanup.
- Shopping.
- Laundry.
- Light Housework.

Functional Scale

ADLs and IADLs are assessed according to the following five-point scale:

1. Independent.
Performs the activity safely with no human assistance.
2. Verbal Assistance.
Performs the activity with verbal assistance such as reminding, guiding or encouraging.
3. Some Human Assistance.
Performs the activity with some direct physical assistance and/or assistive technology.
4. Much Human Assistance.
Performs the activity with a great deal of human assistance and/or assistive technology.
5. Dependent.
Does not perform the activity even with human assistance and/or assistive technology.

Home help payments may only be authorized for needs assessed at the 3 level ranking or greater.

An individual must be assessed with at least one activity of daily living in order to be eligible to receive home help services.

Note: If the assessment determines a need for an ADL at a level 3 or greater but these services are not paid for by the department, the individual would be eligible to receive IADL services.

Example: Ms. Smith is assessed at a level 4 for bathing however she refuses to receive assistance. Ms. Smith would be eligible to receive assistance with IADLs if the assessment determined a need at a level 3 or greater.

See ASM 121, Functional Assessment Definitions and Ranks for a description of the rankings for activities of daily living and instrumental activities of daily living.

Time and Task

The specialist will allocate time for each task assessed a rank of 3 or higher, based on interviews with the client and provider, observation of the client's abilities and use of the reasonable time schedule (RTS) as a **guide**. The RTS can be found in ASCAP under the Payment module, Time and Task screen. When hours exceed the RTS rationale **must** be provided.

An assessment of need, at a ranking of 3 or higher, does not automatically guarantee the maximum allotted time allowed by the reasonable time schedule (RTS). **The specialist must assess each task according to the actual time required for its completion.**

Example: A client needs assistance with cutting up food. The specialist would only pay for the time required to cut the food and not the full amount of time allotted under the RTS for eating.

IADL Maximum Allowable Hours

There are monthly maximum hour limits on all instrumental activities of daily living except medication. The limits are as follows:

- Five hours/month for shopping
- Six hours/month for light housework
- Seven hours/month for laundry
- 25 hours/month for meal preparation

Proration of IADLs

If the client does not require the maximum allowable hours for IADLs, authorize only the amount of time needed for each task. Assessed hours for IADLs (except medications)

must be prorated by **one half** in shared living arrangements where other adults reside in the home, as home help services are **only** for the benefit of the client.

Note: This does not include situations where others live in adjoining apartments/flats or in a separate home on shared property and there is no shared, common living area.

In shared living arrangements, where it can be **clearly** documented that IADLs for the eligible client are completed separately from others in the home, hours for IADLs do not need to be prorated.

Example: Client has special dietary needs and meals are prepared separately; client is incontinent of bowel and/or bladder and laundry is completed separately; client's shopping is completed separately due to special dietary needs and food is purchased from specialty stores; etc.

*Adult Services Manual (ASM) 120, 5-1-2012,
Pages 1-5 of 5*

Regarding reviews, ASM 155 states:

CASE REVIEWS

Independent living services (home help) cases must be reviewed every six months. A face-to-face contact is required with the client, in the home.

A face-to-face or phone contact must be made with the provider at six month review and redetermination to verify services are being furnished.

Note: If contact is made by phone, the provider must offer identifying information such as date of birth and the last four digits of their social security number. A face-to-face interview in the client's home or local DHS office must take place at the next review or redetermination.

**Six Month
Review**

Requirements

Requirements for the review contact must include:

- A review of the current comprehensive assessment and service plan.
- Verification of the client's Medicaid eligibility, when home help services are being paid.
- Follow-up collateral contacts with significant others to assess their role in the case plan, if applicable.
- Review of client satisfaction with the delivery of planned services.
- Reevaluation of the level of care to assure there are no duplication of services.
- Contact must be made with the care provider, either by phone or face-to-face, to verify services are being provided.

Documentation

Case documentation for **all** reviews must include:

- An update of the “**Disposition**” module in ASCAP.
- A review of **all** ASCAP modules with information updated as needed.
- A brief statement of the nature of the contact and who was present in the **Contact Details** module of ASCAP. A face-to-face contact entry with the client generates a case management billing.
- Documented contact with the home help provider.
- Expanded details of the contact in **General Narrative**, by clicking on **Add to & Go To Narrative** button in **Contacts** module.
- A record summary of progress in service plan.

**Annual
Redetermi
nation**

Procedures and case documentation for the annual review are the same as the six month review, with the following addition(s):

- A new DHS-54A certification, if home help services are being paid.

Note: The medical needs form for SSI recipients and Disabled Adult Children (DAC) is **only** required at the initial opening and is not required for the redetermination process. All other Medicaid recipients will need to have a DHS-54A completed at the initial opening and annually thereafter.

- Contact must be made with the care provider, either by phone or face-to-face, to verify services are being provided.

Under current ASM policy and procedure, HHS cases are reviewed every 6 months; a redetermination is completed every 12 month. (ASM 155)

Here, the Department contends that Appellant's current HHS grant is correct, and, that at redetermination, no changes were indicated.

Appellant argues that he needs more assistance, including assistance with ADLs and IADLs, and with shoveling snow.

The Department's evidence indicates that at the redetermination, Appellant did not represent that he needed greater assistance than he was previously receiving. Nor did the ASW's assessment at redetermination indicate any changes in Appellant's medical condition(s) which would trigger an increase in services. As to Appellant's request for assistance with shoveling snow, the Department indicated that the HHS program does not pay for any yard work, including shoveling snow.

After a careful review of the credible and substantial evidence of record, this ALJ finds that Appellant did not meet his burden of proof to establish that he is entitled to more HHS than he is receiving, based on the available evidence.

Appellant was informed that if he has had a change in his medical condition that took place after the redetermination, then he would need to request more services on this basis. This ALJ has no jurisdiction to review any changes or information that was not in existence at the time the Department took its action.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, finds that the Department correctly determined that Appellant's HHS grant did not change at the [REDACTED] redetermination, based on the available evidence.

IT IS THEREFORE ORDERED THAT:

The Department is hereby **AFFIRMED**.

Janice Spodarek
Administrative Law Judge
for Nick Lyon, Director
Michigan Department of Health and Human
Services

***** NOTICE *****

The Michigan Administrative Hearing System may order a rehearing on either its own motion or at the request of a party within 30 days of the mailing date of this Decision and Order. The Michigan Administrative Hearing System will not order a rehearing on the Department's motion where the final decision or rehearing cannot be implemented within 90 days of the filing of the original request. The Appellant may appeal the Decision and Order to Circuit Court within 30 days of the receipt of the Decision and Order or, if a timely request for rehearing was made, within 30 days of the receipt of the rehearing decision.
