ADMINISTRATIVE LAW JUDGE: Susanne E. Harris

DECISION AND ORDER OF REHEARING

This matter is before this undersigned Administrative Law Judge pursuant to a timely Request for Rehearing/Reconsideration of the Hearing Decision generated by the assigned Administrative Law Judge at the conclusion of the hearing conducted on July 21, 2016.

The Rehearing and Reconsideration process is governed by the Michigan Administrative Code, Rule 400.919, and applicable policy provisions articulated in the Bridges Administrative Manual (BAM), specifically BAM 600, which provides that a rehearing or reconsideration must be filed in a timely manner consistent with the statutory requirements of the particular program or programs at issue, and **may** be granted so long as the reasons for which the request is made comply with the policy and statutory requirements.

This matter having been reviewed, an Order Granting Rehearing/Reconsideration was generated September 1, 2016.

ISSUE

Did the Administrative Law Judge err in failing to conclude whether or not that the Respondent received an OI of the Child Development and Care (CDC) program in the amount of \$ [REDACTED] that the Department is entitled to collect?

FINDINGS OF FACT

Upon a review of the entire hearing record, including the recorded testimony and evidence admitted, in addition to a review of the applicable law and policy governing the issues in this matter, this Administrative Law Judge makes the following findings of fact:

1. The Department's OIG filed a hearing request on September 22, 2015, to establish an OI of benefits received by the Respondent as a result of the Respondent having allegedly committed an IPV.
2. The OIG has requested that the Respondent be disqualified from receiving program benefits.
3. The Respondent was a recipient of CDC benefits issued by the Department.
4. The Respondent was aware of the responsibility to report all changes in household circumstances, to the Department, within 10 days.
5. The Respondent did not have an apparent physical or mental impairment that would limit the understanding or ability to fulfill this requirement.
6. The Department's OIG indicates that the time period it is considering the OI period is April 10, 2011 to July 16, 2011.
7. During the OI period, the Respondent was issued \$ [REDACTED] in CDC benefits by the State of Michigan, and the Department alleges that the Respondent was entitled to \$ [REDACTED] in such benefits during this time period.
8. The Department alleges that the Respondent received an OI in CDC benefits in the amount of \$ [REDACTED].
9. This was the Respondent's first alleged IPV.
10. A notice of hearing was mailed to the Respondent at the last known address and was not returned by the US Post Office as undeliverable.
11. A Rehearing was granted by Administrative Law Manager Marya Nelson-Davis on September 1, 2016 and assigned to Administrative Law Judge Susanne E. Harris.
12. A de novo hearing was conducted on October 20, 2016.

CONCLUSIONS OF LAW

Department policies are contained in the Department of Health and Human Services Bridges Administrative Manual (BAM), Bridges Eligibility Manual (BEM), Adult Services Manual (ASM), and Reference Tables Manual (RFT).

The Child Development and Care (CDC) program is established by Titles IV-A, IV-E and XX of the Social Security Act, 42 USC 601-619, 670-679c, and 1397-1397m-5; the Child Care and Development Block Grant of 1990, PL 101-508, 42 USC 9858 to 9858q; and the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, PL 104-193. The program is implemented by 45 CFR 98.1-99.33. The Department administers

the program pursuant to MCL 400.10 and provides services to adults and children pursuant to MCL 400.14(1) and Mich Admin Code, R 400.5001-.5020.

Additionally, BAM 700 (2016) p. 1, provides that when a client group receives more benefits than it is entitled to receive, the Department must attempt to recoup the OI. There are three types of OI; agency error, client error and Intentional Program Violation (IPV). pp. 4, 5. An agency error is caused by incorrect action (including delayed or no action) by MDHHS staff or department processes. Some examples are:

- Available information was not used or was used incorrectly.
- Policy was misapplied.
- Action by local or central office staff was delayed.
- Computer errors occurred.
- Information was not shared between department divisions such as services staff.
- Data exchange reports were not acted upon timely.

If the Department is unable to identify the type of error, it is to be recorded as an agency error. pp.4, 5.

A client error occurs when the client received more benefits than they were entitled to because the client gave incorrect or incomplete information to the Department. A client error also exists when the client's timely request for a hearing result in deletion of a MDHHS action, and any of the following occurred:

- The hearing request is later withdrawn.
- MAHS denies the hearing request.
- The client or administrative hearing representative fails to appear for the hearing and MAHS gives MDHHS written instructions to proceed.
- The hearing decision upholds the Department's actions; see BAM 600.

BAM 705 (2016) p. 6, provides that the amount of the OI is the benefit amount the group actually received minus the amount the group was eligible to receive. BAM 715 (2006) p. 8, provides that for client error OI is due, at least in part, to failure to report earnings, the Department's worker is not to allow the 20% earned income deduction on the unreported earnings.

In this case, the Administrative Law Judge is to resolve the issue of whether or not the Respondent received an OI of the CDC in the amount of \$ [REDACTED] that the Department

is entitled to collect. Having closely examined the record in this matter, the Administrative Law Judge determines that the OI is the result of benefits issued when the Petitioner was completely ineligible for those benefits, as her FIP case closed due to her non-compliance with employment-related activities. The benefit issuance summary and OI budgets in evidence were carefully reviewed and the Administrative Law Judge concludes that the Department has established that the Respondent received and OI of the CDC program in the amount of \$ [REDACTED] that the Department is entitled to recoup/collect.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, finds that the Administrative Law Judge did err in failing to conclude that the Respondent received an OI of the CDC program in the amount of \$ [REDACTED] that the Department is entitled to recoup/collect. Accordingly, it is ordered that the hearing decision of the Administrative Law Judge generated at the conclusion of the July 21, 2016, hearing and mailed on July 21, 2016, is REVERSED only as to the determination of an OI. The Department is **ORDERED** initiate recoupment/collection in accordance with departmental policy.
