## CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

Home Help Services (HHS) are provided to enable functionally limited individuals to live independently and receive care in the least restrictive, preferred settings. These activities must be certified by a physician and may be provided by individuals or by private or public agencies.

Adult Services Manual (ASM) 101, 12-1-13, addresses HHS payments:

### **Payment Services Home Help**

Home help services are non-specialized personal care service activities provided under the independent living services program to persons who meet eligibility requirements.

Home help services are provided to enable individuals with functional limitation(s), resulting from a medical or physical disability or cognitive impairment to live independently and receive care in the least restrictive, preferred settings.

*Adult Services Manual (ASM) 101,  
12-1-2013, p 1.*

Adult Services Manual (ASM) 105, 4-1-15, addresses HHS eligibility requirements:

### **Requirements**

Home help eligibility requirements include all of the following:

- Medicaid eligibility.
- **Certification of medical need.**
- Need for service, based on a complete comprehensive assessment indicating a functional limitation of level 3 or greater for at least one activity of daily living (ADL).
- Appropriate Level of Care (LOC) status.

ASM 105, 4-1-15, p 1.

Adult Services Manual (ASM) 115, 4-1-15, addresses the Medical Needs Form:

The DHS-54A, Medical Needs form must be signed and dated by a medical professional certifying a medical need for personal care services.

ASM 115,  
4-1-2015, p 1.

The 54A was completed by the Appellant's doctor. The 54A did not indicate a medical need for assistance with any personal care activities.

Although the Appellant and the Appellant's witness indicated the Appellant needed assistance, the Appellant failed to show how the completed 54A was fraudulent.

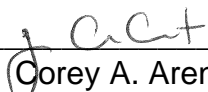

The Appellant's doctor did not certify a need for assistance with ADL's or IADL's, as required, on the Medical Needs Form. Accordingly, the denial of the Appellant's HHS request is upheld.

### **DECISION AND ORDER**

The Administrative Law Judge, based on the above findings of fact and conclusions of law, finds that the Department properly denied the Appellant's HHS request based on the available information.

#### **IT IS THEREFORE ORDERED THAT:**
