**DECISION AND ORDER**

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon Appellant's request for a hearing.

After due notice, a hearing was held on ██████████. Appellant appeared on his own behalf. ██████████, Appeals Review Officer, represented the Department. ██████████, Departmental Analyst, appeared as a witness for the Department.

**ISSUE**

Did the Department properly reject claims for Medicaid-covered services rendered to Appellant?

**FINDINGS OF FACT**

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. Appellant requested a hearing after several medical bills were not paid by Medicaid. (Exhibit A, pp 3-7; Testimony)
2. On ██████████, the Appellant was enrolled in Medicare Part A. (Exhibit A, p 4; Testimony)
3. On ██████████ and ██████████, the Appellant received medical services from ██████████. The services rendered are the type covered by Medicare Part B. (Exhibit A, p 4; Testimony)

4. On ██████████, the Appellant received medical services from ██████████. The services rendered are the type covered by Medicare Part B. (Exhibit A, p 4; Testimony)
5. On ██████████, the Appellant was enrolled in Medicare Part B. (Exhibit A, p 4; Testimony)
6. As of ██████████, ██████████ and ██████████, the Appellant was eligible for Medicare Part B. (Testimony)
7. If an individual is eligible for Medicare Part B, but not enrolled in Medicare Part B, Medicaid claims will be denied. (Exhibit A, p 4; Testimony)
8. Medicaid denied the Appellant's medical bills from ██████████, ██████████ and ██████████ as the services were covered services under Medicare Part B and that at the time the services were rendered, the Appellant was eligible for Medicare Part B but was not enrolled. (Testimony)
9. On ██████████, Appellant's hearing request was received by the Michigan Administrative Hearing System. (Exhibit A, p 3)
10. Since Appellant's request for hearing has been received, the Department has been working to resolve the issue for Appellant. Specifically, the Department has arranged for Medicaid to buy Medicare Part B coverage for Appellant back to ██████████. Once that change is in place, Appellant's medical providers can bill Medicare for Part B covered services from ██████████ forward and then re-bill Medicaid for any Medicare copays and deductibles. (Exhibit A, p 4; Testimony)

### **CONCLUSIONS OF LAW**

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

The Department policy on coordination of benefits states:

#### **SECTION 1 – INTRODUCTION**

This chapter applies to all providers.

Federal regulations require that all identifiable financial resources be utilized prior to expenditure of Medicaid funds for most health care services provided to

Medicaid beneficiaries. Medicaid is considered the payer of last resort. If a beneficiary with Medicare or Other Insurance coverage is enrolled in a Medicaid Health Plan (MHP), or is receiving services under a Prepaid Inpatient Health Plan (PIHP) or Community Mental Health Services Program/Coordination Agency (CMHSP/CA), that entity is responsible for the Medicaid payment liability.

## **2.6. MEDICARE**

### **2.6.A. MEDICARE ELIGIBILITY**

Many beneficiaries are eligible for both Medicare and Medicaid benefits. If a provider accepts the individual as a Medicare beneficiary, that provider must also accept the individual as a Medicaid beneficiary.

If a Medicaid beneficiary is eligible for Medicare (65 years old or older) but has not applied for Medicare coverage, Medicaid does not make any reimbursement for services until Medicare coverage is obtained. The beneficiary must apply for Medicare coverage at a Social Security Office. Once they have obtained Medicare coverage, services may be billed to Medicaid as long as all program policies (such as time limit for claim submission) have been met.

Medicaid beneficiaries may apply for Medicare at any time and are not limited to open enrollment periods. Beneficiaries may be eligible for Medicare if they are:

- 65 years of age or older.
- A disabled adult (entitled to SSI or RSDI due to a disability).
- A disabled minor child.

### **2.6.C. MEDICARE PART B**

Medicare Part B covers practitioner's services, outpatient hospital services, medical equipment and supplies, and other health care services. When a beneficiary is eligible for and enrolled in Medicare Part B, Medicare usually pays for a percentage of the approved Medicare Part B allowable charges and Medicaid pays the applicable deductible and/or coinsurance up to Medicaid's maximum allowable amount. Coverage for outpatient therapeutic psychiatric coverage varies.

Beneficiaries are encouraged to enroll in Medicare Part B as soon as they are eligible to do so. A beneficiary's representative can apply for Medicare Part B benefits on behalf of the beneficiary. After the beneficiary's death, DHS is responsible for making the application to the Social Security Administration (SSA) to cover medical services provided prior to the death.

*Medicaid Provider Manual,  
Coordination of Benefits Section F.*

The Department's witness testified that if an individual is eligible for Medicare Part B, but not enrolled in Medicare Part B, Medicaid claims for services falling under Medicare Part B coverage will be denied. The Department's witness indicated that the bills in question were for services falling under Medicare Part B coverage and because the Appellant was eligible for Medicare Part B but wasn't enrolled Medicaid properly denied payment for the bills in question.

The Department's witness indicated, however, that since Appellant's request for hearing has been received, the Department has been working to resolve the issue for Appellant. Specifically, the Department has arranged for Medicaid to buy Medicare Part B coverage for Appellant back to ██████████. Once that change is in place, Appellant's medical providers can bill Medicare for Part B covered services from ██████████ forward and then re-bill Medicaid for any Medicare copays and deductibles.

The Medicaid Provider Manual policy is clear that Medicaid is a payor of last resort and if a Medicaid beneficiary is eligible for Medicare Part B but has not applied for, or refused Medicare coverage, Medicaid does not make reimbursement for services until Medicare Part B coverage is obtained. Accordingly, this ALJ must uphold the Department's rejection of the claim based on the available information.

However, the Department is working with Appellant to resolve this issue and it appears that Appellant will eventually be able to seek payment for the claims once his retroactive Medicare Part B coverage is in effect.

### **DECISION AND ORDER**

The Administrative Law Judge, based on the above findings of fact and conclusions of law, finds that the Department properly rejected the claims for Medicaid-covered services rendered to Appellant.
