This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon Petitioner's request for a hearing.

After due notice, a hearing was held on [REDACTED]. [REDACTED], Petitioner's son and Power of Attorney, appeared and testified on Petitioner's behalf.

[REDACTED], Level of Care Determination (LOCD) Policy Specialist; [REDACTED], Director of Healthcare; [REDACTED], RN, Clinical Care Coordinator; [REDACTED], Social Services Director; and [REDACTED], Admissions Director appeared as witnesses for the Department.

ISSUE

Did the Department properly determine that Petitioner does not require a Medicaid reimbursable Nursing Facility (NF) Level of Care (LOC)?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. Petitioner is a [REDACTED]-year-old Medicaid beneficiary, born [REDACTED], and current resident of [REDACTED]. (Exhibit B; Testimony)
2. Petitioner was admitted to [REDACTED] on or about [REDACTED]. (Exhibit B; Testimony)

3. On [REDACTED], Petitioner was assessed by [REDACTED] under the Nursing Facility (NF) Level of Care Determination (LOCD) and found to be eligible to receive Medicaid reimbursed NF services under Door 1 – Activities of Daily Living, because she required limited assistance with toileting. (Exhibit B, Testimony)
4. On [REDACTED], Petitioner was again assessed under the Nursing Facility (NF) Level of Care Determination (LOCD) based on a significant change in condition and found to be ineligible to receive Medicaid reimbursed NF services. Petitioner did not meet the LOCD criteria within the seven day look-back period for Doors 1, 2, 5 and 6, nor did she meet the criteria in Doors 3 and 4 within the fourteen day look-back period. The three criteria required in Door 7 were also not met. (Exhibit C; Testimony)
5. On [REDACTED], Petitioner was advised of the Department's action via Advance Action Notice. (Exhibit D; Testimony)
6. Petitioner's request for hearing was received by the Michigan Administrative Hearing System (MAHS) on [REDACTED]. (Exhibits 1 and E)

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

The Michigan Department of Health and Human Services (MDCH) implemented functional/ medical eligibility criteria for Medicaid nursing facilities. Federal regulations require that Medicaid pay for services only for those beneficiaries who meet specified level of care criteria.

There are five necessary components for determining eligibility for Medicaid nursing facility reimbursement:

- Verification of financial Medicaid eligibility
- PASARR Level I screening
- Physician-written order for nursing facility services
- A determination of medical/functional eligibility based upon a web-based version of the Michigan Medicaid Nursing Facility Level of Care Determination (LOCD) that was conducted online at the time the resident was either Medicaid eligible or Medicaid pending and conducted within the timeframes specified in the

Michigan Medicaid Nursing Facility Level of Care Determination subsection of this chapter.

- Computer-generated Freedom of Choice (FOC) form signed and dated by the beneficiary or the beneficiary's representative.

Medicaid Provider Manual (MPM) §5 *et seq*
Nursing Facility Eligibility and [], pp. 7 - 14, October 1, 2015.

The MPM, [Nursing Facility Eligibility and Admission Section] lists the policy for admission and continued eligibility processes for Medicaid-reimbursed nursing facilities. This process includes a subsequent or additional web-based LOCD upon determination of a significant change in the beneficiary's condition as noted in provider notes or minimum data sets and that these changes may affect the beneficiary's current medical/functional eligibility status. (Emphasis supplied) See MPM 5.1.D

Section 5.1.D.1 further references the use of an online Level of Care Determination (LOCD) tool.

The LOCD is required for all Medicaid-reimbursed admissions to nursing facilities. A subsequent LOCD must be completed when there has been a significant change in condition that may affect the NF resident's current medical/functional eligibility status.

The Michigan Medicaid Nursing Facility LOC Determination's medical/functional criteria include seven domains of need:

- Activities of Daily Living,
- Cognition,
- Physician Involvement,
- Treatments and Conditions,
- Skilled Rehabilitative Therapies, Behavior, and
- Service Dependency.

Individual residents or their authorized representatives are allowed to appeal either a determination of financial ineligibility to the Department of Human Services or medical/functional eligibility to the Department of Health and Human Services:

APPEALS – Medical/Functional Eligibility

A determination by the web-based Michigan Medicaid Nursing Facility LOC Determination that a Medicaid financially pending or Medicaid financially eligible beneficiary is not medically/functionally eligible for nursing facility services is an adverse action. If the Medicaid financially

pending or Medicaid financially eligible beneficiary or their representative disagrees with the determination, he has the right to request an administrative hearing before an administrative law judge. ... MPM, §5.2.A, NF Eligibility, page 14, July 1, 2015

An LOCD is required to be done in order to continue services in a nursing facility when there has been a significant change in the resident's condition. If the subsequent LOCD shows the resident is ineligible, the resident will be discharged from the facility. Under the LOCD, there is a look back period of 7 days for Doors 1, 2, 5, and 6 and a 14 day look back period for Doors 3 & 4. To be eligible under Door 7, the resident must have been in the facility for over 1 year, must be in need of a nursing facility level of care to maintain current functional status, and there must be no other community, residential, or informal services available to meet the applicant's needs.

The Department presented testimony and documentary evidence that Petitioner did not meet any of the criteria for Doors 1 through 7. The witness from the NF completed a LOCD and determined the Petitioner was not eligible for continued Medicaid covered care in their skilled nursing facility.

Door 1
Activities of Daily Living (ADLs)

Scoring Door 1: The applicant must score at least six points to qualify under Door 1.

- (A) Bed Mobility, (B) Transfers, and (C) Toilet Use:
 - Independent or Supervision = 1
 - Limited Assistance = 3
 - Extensive Assistance or Total Dependence = 4
 - Activity Did Not Occur = 8
- (D) Eating:
 - Independent or Supervision = 1
 - Limited Assistance = 2
 - Extensive Assistance or Total Dependence = 3
 - Activity Did Not Occur = 8

The NF witness reviewers determined that Petitioner was independent with bed mobility, transfers, toilet use and eating. As such, Petitioner did not qualify through Door 1.

Door 2
Cognitive Performance

Scoring Door 2: The applicant must score under one of the following three options to qualify under Door 2.

1. "Severely Impaired" in Decision Making.
2. "Yes" for Memory Problem, and Decision Making is "Moderately Impaired" or "Severely Impaired."
3. "Yes" for Memory Problem, and Making Self Understood is "Sometimes Understood" or "Rarely/ Never Understood."

The NF witness reviewers determined that Petitioner did not have a short-term memory problem, that her cognitive skills for daily decision making were independent, and that she was able to make herself understood. As such, Petitioner did not qualify under Door 2.

Door 3
Physician Involvement

Scoring Door 3: The applicant must meet either of the following to qualify under Door 3:

1. At least one Physician Visit exam AND at least four Physicians Order changes in the last 14 days, OR
2. At least two Physician Visit exams AND at least two Physicians Order changes in the last 14 days.

Petitioner had 0 physician visits and 0 physician order change within 14 days of the assessment. As such, Petitioner did not qualify under Door 3.

Door 4
Treatments and Conditions

Scoring Door 4: The applicant must score "yes" in at least one of the nine categories above and have a continuing need to qualify under Door 4.

In order to qualify under Door 4 the applicant must receive, within 14 days of the assessment date, any of the following health treatments or demonstrated any of the following health conditions:

- A. Stage 3-4 pressure sores
- B. Intravenous or parenteral feedings

- C. Intravenous medications
- D. End-stage care
- E. Daily tracheostomy care, daily respiratory care, daily suctioning
- F. Pneumonia within the last 14 days
- G. Daily oxygen therapy
- H. Daily insulin with two order changes in last 14 days
- I. Peritoneal or hemodialysis

The NF witness reviewers determined that Petitioner did not meet the criteria listed for Door 4 at the time of the assessment.

Door 5
Skilled Rehabilitation Therapies

Scoring Door 5: The Petitioner must have required at least 45 minutes of active ST, OT or PT (scheduled or delivered) in the last 7-days and continues to require skilled rehabilitation therapies to qualify under Door 5.

The NF witness reviewers determined that Petitioner did not meet the criteria listed for Door 5 at the time of the assessment.

Door 6
Behavior

Scoring Door 6: The applicant must score under one of the following 2 options to qualify under Door 6.

1. A "Yes" for either delusions or hallucinations within the last 7 days.

2. The applicant must have exhibited any one of the following behaviors for at least 4 of the last 7 days (including daily): Wandering, Verbally Abusive, Physically Abusive, Socially Inappropriate/Disruptive, or Resisted Care.

The NF witness reviewers determined that Petitioner did not meet the criteria set forth above to qualify under Door 6 because she exhibited none of the listed behaviors.

Door 7
Service Dependency

Scoring Door 7: The applicant must be a current participant and demonstrate service dependency under Door 7.

The LOC Determination provides that the Petitioner could qualify under Door 7 if she is currently (and has been a participant for at least one (1) year) being served by either the MI Choice Program, PACE program, or Medicaid reimbursed nursing facility, requires ongoing services to maintain current functional status, and no other community, residential, or informal services are available to meet the applicant's needs.

The NF witness reviewers determined that Petitioner did not qualify under Door 7 because, at the time of the LOCD, she did not require ongoing services to maintain current functional status and there were other community, residential, or informal services available to meet Petitioner's needs.

Petitioner's son testified that Petitioner does have hallucinations, but she does not always report them to staff because when she has hallucinations she thinks everyone is out to get her. Petitioner's son admitted that neither he nor other family members reported such hallucinations to staff at the facility when they occurred. Petitioner's son relayed an instance when his sister tried to call Petitioner and Petitioner hung up on her and indicated that staff was listening in to the phone call. Petitioner's son testified that Petitioner's eyesight is going and her hearing is bad. Petitioner's son indicated that about a year ago Petitioner was hospitalized after suffering numerous mini-strokes. Petitioner's son indicated that Petitioner's memory is not very good and she recently had difficulty distinguishing between her two sisters. Petitioner's son testified that after they received the notice in this case they began looking for an assisted living facility, but filed the appeal when Petitioner informed them that she did not want to leave because she has friends at the facility.

Based on the evidence presented the Department adequately demonstrated that the Petitioner did not meet LOCD eligibility on the review conducted on [REDACTED]. Petitioner had previously met the LOCD criteria through Door 1, but on [REDACTED] was found to be independent with bed mobility, transfers, toilet use and eating. As such, Petitioner no longer qualified under Door 1. Petitioner also did not qualify through Doors 2-7.

The ALJ finds that Petitioner failed to prove, by a preponderance of the evidence that the Department erred in reviewing her medical/functional eligibility status. Petitioner did not require Medicaid reimbursed NF level of care on [REDACTED] as demonstrated by the application of the LOCD tool.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that the Department correctly determined that Petitioner does not require a Medicaid Nursing Facility Level of Care.

IT IS THEREFORE ORDERED that:

The Department's decision is **AFFIRMED**.
