IN THE MATTER OF:

Docket No: 15-016046 –MHP

██████████
Appellant
_____ /

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge (ALJ) pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, following the Appellant's request for a hearing.

After due notice, a hearing was held ██████████ ██████████ Appellant's mother appeared and testified on the Appellant's behalf.

██████████ Inquiry Dispute Appeals Resolution Coordinator, represented ██████████ ██████████, the Medicaid Health Plan (MHP). ██████████, Medical Director, appeared as a witness for the MHP.

ISSUE

Did the Department properly deny the Appellant's prior-authorization (PA) request for Child Neuropsychological Testing?

FINDINGS OF FACT

The Administrative Law Judge (ALJ), based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. Appellant is a Medicaid beneficiary enrolled with ██████████ ██████████n. (Exhibit A, Testimony)
2. On or around ██████████ submitted to the MHP on behalf of the Appellant a prior approval request for Child Neuropsychological testing. (Exhibit A, pp 4-33; Testimony)
3. On ██████████, the MHP reviewed the PA and denied the request, citing internal and Medicaid policy. A notice of the denial was mailed to the Appellant. The notice included Appellant's right to a hearing. (Exhibit A, pp 38-42; Testimony)

4. On ██████████ the Michigan Administrative Hearing System received Appellant's hearing request. (Exhibit A, p 3)

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

On May 30, 1997, the Department received approval from the Health Care Financing Administration, U.S. Department of Health and Human Services, allowing Michigan to restrict Medicaid beneficiaries' choice to obtain medical services only from specified Medicaid Health Plans.

The Respondent is one of those Medicaid Health Plans.

The covered services that the Contractor has available for enrollees must include, at a minimum, the covered services listed below. The Contractor may limit services to those which are medically necessary and appropriate, and which conform to professionally accepted standards of care but may not arbitrarily deny or reduce the amount, duration, or scope of a required service solely because of the diagnosis, type of illness, or condition of an enrollee. In general, the Contractor is responsible for covered services related to the following:

- The prevention, diagnosis, and treatment of health impairments
- The ability to achieve age-appropriate growth and development
- The ability to attain, maintain, or regain functional capacity

The Contractor must operate consistent with all applicable Medicaid provider manuals and publications for coverages and limitations. If new services are added to the Michigan Medicaid Program, or if services are expanded, eliminated, or otherwise changed, the Contractor must implement the changes consistent with State direction in accordance with the provisions of Contract Section 2.024.

Although the Contractor must provide the full range of covered services listed below they may choose to provide services over and above those specified.

The covered services provided to enrollees under this Contract include, but are not limited to, the following:

Docket No. 15-016046 MHP
Decision and Order

- Ambulance and other emergency medical transportation
- Blood lead testing in accordance with Medicaid Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) policy
- Certified nurse midwife services
- Certified pediatric and family nurse practitioner services
- Chiropractic services
- Diagnostic lab, x-ray and other imaging services
- Durable medical equipment (DME) and supplies
- Emergency services
- End Stage Renal Disease services
- Family planning services (e.g., examination, sterilization procedures, limited infertility screening, and diagnosis)
- Health education
- Hearing and speech services
- Hearing aids (only for enrollees under 21 years of age)
- Home Health services
- Hospice services (if requested by the enrollee)
- Immunizations
- Inpatient and outpatient hospital services
- Intermittent or short-term restorative or rehabilitative services (in a nursing facility), up to 45 days
- Restorative or rehabilitative services (in a place of service other than a nursing facility)
- Medically necessary weight reduction services
- Mental health care – maximum of 20 outpatient visits per calendar year in accordance with Medicaid policy as stated in the Medicaid Provider Manual, Mental Health/Substance Abuse Chapter, Beneficiary Eligibility Section
- Out-of-state services authorized by the Contractor
- Outreach for included services, especially pregnancy-related and Well child care
- Parenting and birthing classes
- Pharmacy services
- Podiatry services
- Practitioners' services (such as those provided by physicians, optometrists and dentists enrolled as a Medicaid Provider Type 10)
- Prosthetics and orthotics
- Tobacco cessation treatment including pharmaceutical and behavioral support
- Therapies (speech, language, physical, occupational) excluding services provided to persons with development disabilities which are billed through Community Mental Health Services Program (CMHSP) providers or Intermediate School Districts.

Docket No. 15-016046 MHP
Decision and Order

- Transplant services
- Transportation for medically necessary covered services
- Treatment for sexually transmitted disease (STD)
- Vision services
- Well child/EPSTD for persons under age 21 [Article 1.020 Scope of [Services], at §1.022 E (1) contract, 1/23/2013, pp. 22-23].

AA. Utilization Management

- (1) The major components of the Contractor's utilization management (UM) program must encompass, at a minimum, the following:
 - a) Written policies with review decision criteria and procedures that conform to managed health care industry standards and processes.
 - b) A formal utilization review committee directed by the Contractor's medical director to oversee the utilization review process.
 - c) Sufficient resources to regularly review the effectiveness of the utilization review process and to make changes to the process as needed.
 - d) An annual review and reporting of utilization review activities and outcomes/interventions from the review.
 - e) The UM activities of the Contractor must be integrated with the Contractor's QAPI program.

(2) Prior Approval Policy and Procedure

The Contractor must establish and use a written prior approval policy and procedure for UM purposes. The Contractor may not use such policies and procedures to avoid providing medically necessary services within the coverages established under the Contract. The policy must ensure that the review criteria for authorization decisions are applied consistently and require that the reviewer consult with the requesting provider when appropriate. The policy must also require that UM decisions be made by a health care professional who has appropriate clinical expertise regarding the service under review. [Contract, *supra*, p. 55].

The contract provisions allow prior approval procedures for utilization management purposes. The MHP reviewed this prior authorization request under InterQual Guidelines for adolescent neuropsychological testing and denied the request because the documentation presented with the PA request did not meet the InterQual Guidelines. Specifically, the information provided did not indicate the Appellant lost consciousness at the time of the head injury that occurred when the Appellant was ■ years of age and imaging (CT scan, MRI scan) results indicating a head injury were not provided. Additionally, the documentation provided suggested a psychological

Decision and Order

behavioral disorder rather than a cognitive disorder. ██████████ testified that Neuropsychological testing would not change the Appellant's treatment.

Appellant's mother testified the testing could assist in identifying where the Appellant's auditory and visual hallucinations arise from. The Appellant's mother however did not provide documentation to corroborate these claims. Additionally, there was zero testimony to suggest the testing would alter or change the Appellant's treatment.

Based on the evidence presented, the MHP properly denied Appellant's request for Child Neuropsychological Testing based on InterQual Imaging Criteria.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, decides that the denial of the Appellant's request for prior-authorization for Child Neuropsychological Testing was supported by Medicaid Policy.

IT IS THEREFORE ORDERED that:

The MHP's decision is AFFIRMED.

Corey A. Arendt
Administrative Law Judge
