MAHS Docket No.: 16-005992
Agency No.: [redacted]
Petitioner: [redacted]

ADMINISTRATIVE LAW JUDGE: Janice Spodarek

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.,* upon the Petitioner's request for a hearing.

After due notice, a hearing was held on [redacted]. Petitioner appeared and testified. [redacted] appeared as a witness.

[redacted], Inquiry Dispute Appeals Resolution Coordinator, and [redacted], M.D., Medical Director, appeared on behalf of the Department of Health and Human Services subcontractor, [redacted]. (Respondent, MHP, or Department).

ISSUE

Did the MHP properly deny the Petitioner's request for a ventilator?

FINDINGS OF FACT

Based on the competent, material, and substantial evidence presented, the Administrative Law Judge finds as material fact:

1. Petitioner is a [redacted] year-old male beneficiary of the Medicaid welfare program.
2. On or about [redacted], the MHP received a Prior Authorization Request on behalf of Petitioner for a ventilator. (Exhibit A.20-21)
3. On [redacted] the MHP issued a denial letter of Petitioner's request for a ventilator on the grounds that "…the notes do not state the number of hours you will need to use the ventilator." (Exhibit A.20-21).
4. On [redacted], the Petitioner filed a Request for Hearing.

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

On May 30, 1997, the Department received approval from the Health Care Financing Administration, U.S. Department of Health and Human Services, allowing Michigan to restrict Medicaid beneficiaries' choice to obtain medical services only from specified MHPs.

The Respondent is one of those MHPs.

> The covered services that the Contractor has available for enrollees must include, at a minimum, the covered services listed below. The Contractor may limit services to those which are medically necessary and appropriate, and which conform to professionally accepted standards of care but may not arbitrarily deny or reduce the amount, duration, or scope of a required service solely because of the diagnosis, type of illness, or condition of an enrollee. In general, the Contractor is responsible for covered services related to the following:
>
> - The prevention, diagnosis, and treatment of health impairments
> - The ability to achieve age-appropriate growth and development
> - The ability to attain, maintain, or regain functional capacity
>
> The Contractor must operate consistent with all applicable Medicaid provider manuals and publications for coverages and limitations.
>
> If new services are added to the Michigan Medicaid Program, or if services are expanded, eliminated, or otherwise changed, the Contractor must implement the changes consistent with State direction in accordance with the provisions of Contract Section 2.024.
>
> Although the Contractor must provide the full range of covered services listed below they may choose to provide services over and above those specified.
>
> The covered services provided to enrollees under this Contract include, but are not limited to, the following:
>
> - Ambulance and other emergency medical transportation
> - Blood lead testing in accordance with Medicaid Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) policy
> - Certified nurse midwife services

- Certified pediatric and family nurse practitioner services
- Chiropractic services
- Diagnostic lab, x-ray and other imaging services
- Durable medical equipment (DME) and supplies
- Emergency services
- End Stage Renal Disease services
- Family planning services (e.g., examination, sterilization procedures, limited infertility screening, and diagnosis)
- Health education
- Hearing and speech services
- Hearing aids (only for enrollees under 21 years of age)
- Home Health services
- Hospice services (if requested by the enrollee)
- Immunizations
- Inpatient and outpatient hospital services
- Intermittent or short-term restorative or rehabilitative services (in a nursing facility), up to 45 days
- Restorative or rehabilitative services (in a place of service other than a nursing facility)
- Medically necessary weight reduction services
- Mental health care – maximum of 20 outpatient visits per calendar year in accordance with Medicaid policy as stated in the Medicaid Provider Manual, Mental Health/Substance Abuse Chapter, Beneficiary Eligibility Section
- Out-of-state services authorized by the Contractor
- Outreach for included services, especially pregnancy-related and Well child care
- Parenting and birthing classes
- Pharmacy services
- Podiatry services
- Practitioners' services (such as those provided by physicians, optometrists and dentists enrolled as a Medicaid Provider Type 10)
- Prosthetics and orthotics
- Tobacco cessation treatment including pharmaceutical and behavioral support
- Therapies (speech, language, physical, occupational) excluding services provided to persons with development disabilities which are billed through Community Mental Health Services Program (CMHSP) providers or Intermediate School Districts.
- Transplant services
- Transportation for medically necessary covered services

- Treatment for sexually transmitted disease (STD)
- Vision services
- Well child/EPSDT for persons under age 21 [Article 1.020 Scope of [Services], at §1.022 E (1) contract, 1/23/2013, pp. 22-23].

* * *

AA. Utilization Management

(1) The major components of the Contractor's utilization management (UM) program must encompass, at a minimum, the following:

a) Written policies with review decision criteria and procedures that conform to managed health care industry standards and processes.
b) A formal utilization review committee directed by the Contractor's medical director to oversee the utilization review process.
c) Sufficient resources to regularly review the effectiveness of the utilization review process and to make changes to the process as needed.
d) An annual review and reporting of utilization review activities and outcomes/interventions from the review.
e) The UM activities of the Contractor must be integrated with the Contractor's QAPI program.

(2) Prior Approval Policy and Procedure

The Contractor must establish and use a written prior approval policy and procedure for UM purposes. The Contractor may not use such policies and procedures to avoid providing medically necessary services within the coverages established under the Contract. The policy must ensure that the review criteria for authorization decisions are applied consistently and require that the reviewer consult with the requesting provider when appropriate. The policy must also require that UM decisions be made by a health care professional who has appropriate clinical expertise regarding the service under review. [Contract, *supra,* p. 55].

As stated in the Department-MHP contract language above, a MHP "must operate consistent with all applicable Medicaid Provider Manuals and publications for coverages and limitations." The *Medicaid Provider Manual*, *Medical Supplier*, *§2.49 – Ventilators*, p. 100, April 1,2016, states in part with regard to the required documentation:

2.49 VENTILATORS

Documentation must be less than 90 days old and include the following:

- Respiratory diagnosis/medical condition related to the need for the ventilator.
- Type of ventilator ordered.

- Ventilator settings.
- Number of hours beneficiary is required to use the ventilator.

Here, the denial stated specifically that Petitioner's medical documentation failed to indicate the number of hours he will need to use the ventilator. The Respondent indicated that if it has this information, Petitioner may be eligible.

As the information at the time of the present denial that is under review here did not include the number of hours, and, as that information is required by the MPM, this ALJ must find in favor of the Respondent as its actions are supported by the evidence of record.

Petitioner understands that he needs to request that his physician submit further documentation, not at issue here.

DECISION AND ORDER

Based on the above findings of fact and conclusions of law, the Administrative Law Judge finds that the MHP's denial of the Petitioner's request for a ventilator was correct based on the available evidence.

IT IS THEREFORE ORDERED that:

The MHP's decision is **AFFIRMED**.
