RICK SNYDER GOVERNOR

STATE OF MICHIGAN DEPARTMENT OF LICENSING AND REGULATORY AFFAIRS MICHIGAN ADMINISTRATIVE HEARING SYSTEM Christopher Seppanen Executive Director

SHELLY EDGERTON DIRECTOR

Date Mailed: July 28, 2016 MAHS Docket No.: 16-007445

Agency No.: Petitioner:

ADMINISTRATIVE LAW JUDGE: Landis Lain

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, upon the Petitioner's request for a hearing.

After due	notice, a hearing was held on July	y 26, 2016. Translator
appeared	to translate Mandarin Chinese for	Petitioner's witness. Petitioner did not
appear. P	etitioner's daughter/provider	and Day Care Services,
	appeared on behalf of the Petitione	er. Appeals Review Officer
and	Independent Living Speciali	ist (ILS) represented the Department of
Health and Human Services (Department or State or Respondent).		

State's Exhibit A pages 1-48, Exhibit B pages 1-4 and Exhibit C were admitted as evidence.

ISSUE

Did the Department properly determine the amount of Home Help Services (HHS) that Petitioner was entitled to?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

- Petitioner is a Medicaid beneficiary.
- Petitioner was receiving HHS in the amount of 85 hours per month.

- 3. On an assessment was completed.
- 4. On or 75 hours per month.
- 5. On Representation of the Adult Services Worker sent Petitioner a Services and Payment Approval Notice informing her that services were approved for the monthly amount of starting on March 1, 2016.
- 6. On the HHS.
- 7. Per a hearing decision outcome case services were to begin and Petitioner was to be reassessed for services amount.
- 8. On the caseworker sent Petitioner a Services Approval Notice stating that Petitioner's HHS was increased to 85:38 hours per month or effective to the caseworker sent Petitioner a Services Approval Notice stating that Petitioner's HHS was increased to 85:38 hours per month or effective to the caseworker sent Petitioner a Services Approval Notice stating that Petitioner's HHS was increased to 85:38 hours per month or effective to the caseworker sent Petitioner a Services Approval Notice stating that Petitioner's HHS was increased to 85:38 hours per month or effective to the caseworker sent Petitioner a Services Approval Notice stating that Petitioner's HHS was increased to 85:38 hours per month or effective to the caseworker sent Petitioner a Services Approval Notice stating that Petitioner's HHS was increased to 85:38 hours per month or effective to the caseworker sent Petitioner a Services Approval Notice stating that Petitioner's HHS was increased to 85:38 hours per month or effective to the caseworker sent Petitioner a Services Approval Notice stating that Petitioner's HHS was increased to 85:38 hours per month or effective to the caseworker sent Petitioner and Petitioner's HHS was increased to 85:38 hours per month or effective to the caseworker sent Petitioner and Petitioner's HHS was increased to 85:38 hours per month or effective to the caseworker sent Petitioner and Petitioner's HHS was increased to 85:38 hours per month or effective to the caseworker sent Petitioner and Petitioner's HHS was increased to 85:38 hours per month or effective to the caseworker sent Petitioner and Petitioner an
- 9. Petitioner's provider was not satisfied with the level of the increase and wanted to continue with the hearing.

CONCLUSIONS OF LAW

The Medical Assistance Program (MA) is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

Home Help Services (HHS) are provided to enable functionally limited individuals to live independently and receive care in the least restrictive, preferred settings. These activities must be certified by a health professional and may be provided by individuals or by private or public agencies.

Adult Services Manual (ASM) 101, 12-1-13, addresses HHS payments:

Payment Services Home Help

Home help services are non-specialized personal care service activities provided under the independent living

services program to persons who meet eligibility requirements.

Home help services are provided to enable individuals with functional limitation(s), resulting from a medical or physical disability or cognitive impairment to live independently and receive care in the least restrictive, preferred settings.

Adult Services Manual (ASM) 101, 12-1-2013, Page 1of 4.

Adult Services Manual (ASM) 105, 12-1-13, addresses HHS eligibility requirements:

Requirements

Home help eligibility requirements include all of the following:

- Medicaid eligibility.
- Certification of medical need.
- Need for service, based on a complete comprehensive assessment (DHS-324) indicating a functional limitation of level 3 or greater for activities of daily living (ADL).
- Appropriate Level of Care (LOC) status.

Necessity for Service

The adult services specialist is responsible for determining the necessity and level of need for home help services based on:

- Client choice.
- A completed DHS-324, Adult Services Comprehensive Assessment. An individual must be assessed with at least one activity of daily living (ADL) in order to be eligible to receive home help services.

Note: If the assessment determines a need for an ADL at a level 3 or greater but these services are not paid for by the department, the individual would be eligible to receive IADL services.

Example: Ms. Smith is assessed at a level 4 for bathing however she refuses to receive assistance. Ms. Smith would be eligible to receive assistance with IADL's if the assessment determines a need at a level 3 or greater.

 Verification of the client's medical need by a Medicaid enrolled medical professional via the DHS-54A. The client is responsible for obtaining the medical certification of need; see ASM 115, Adult Services Requirements.

> Adult Services Manual (ASM) 105, 12-1-13, Pages 1-3 of 3

Adult Services Manual (ASM 120, 12-1-2013), pages 1-4 of 5 addresses the adult services comprehensive assessment:

The DHS-324, Adult Services Comprehensive Assessment is the primary tool for determining need for services. The comprehensive assessment must be completed on **all open independent living services cases**. ASCAP, the automated workload management system, provides the format for the comprehensive assessment and all information will be entered on the computer program.

Requirements

Requirements for the comprehensive assessment include, but are not limited to:

- A comprehensive assessment will be completed on all new cases.
- A face-to-face contact is required with the client in his/her place of residence.
- The assessment may also include an interview with the individual who will be providing home help services.
- A new face-to-face assessment is required if there is a request for an increase in services before payment is authorized.
- A face-to-face assessment is required on all transfer-in cases before a payment is authorized.
- The assessment must be updated as often as necessary, but minimally at the six month review and annual redetermination.

- A release of information must be obtained when requesting documentation from confidential sources and/or sharing information from the department record.
 - Use the DHS-27, Authorization to Release Information, when requesting client information from another agency.
 - Use the DHS-1555, Authorization to Release Protected Health Information, if requesting additional medical documentation; see RFF 1555. The form is primarily used for APS cases.
- Follow rules of confidentiality when home help cases have companion APS cases, see SRM 131 Confidentiality.

Functional Assessment

The **Functional Assessment** module of the **ASCAP** comprehensive assessment is the basis for service planning and for the home help services payment.

Conduct a functional assessment to determine the client's ability to perform the following activities:

Activities of Daily Living (ADL)

- Eating.
- Toileting.
- Bathing.
- Grooming.
- Dressing.
- Transferring.
- Mobility.

Instrumental Activities of Daily Living (IADL)

- Taking Medication.
- Meal Preparation and cleanup.
- Shopping.
- Laundry.
- Light Housework.

Functional Scale

ADLs and IADLs are assessed according to the following five-point scale:

1. Independent.

Performs the activity safely with no human assistance.

2. Verbal Assistance.

Performs the activity with verbal assistance such as reminding, guiding or encouraging.

3. Some Human Assistance.

Performs the activity with some direct physical assistance and/or assistive technology.

4. Much Human Assistance.

Performs the activity with a great deal of human assistance and/or assistive technology.

5. Dependent.

Does not perform the activity even with human assistance and/or assistive technology.

Home help payments may only be authorized for needs assessed at the 3 level ranking or greater.

An individual must be assessed with at least one activity of daily living in order to be eligible to receive home help services.

Note: If the assessment determines a need for an ADL at a level 3 or greater but these services are not paid for by the department, the individual would be eligible to receive IADL services.

Example: Ms. Smith is assessed at a level 4 for bathing however she refuses to receive assistance. Ms. Smith would be eligible to receive assistance with IADLs if the assessment determined a need at a level 3 or greater.

See ASM 121, Functional Assessment Definitions and Ranks for a description of the rankings for activities of daily living and instrumental activities of daily living.

Time and Task

The specialist will allocate time for each task assessed a rank of 3 or higher, based on interviews with the client and provider, observation of the client's abilities and use of the reasonable time schedule (RTS) as a **guide**. The RTS can be found in ASCAP under the Payment module, Time and Task screen. When hours exceed the RTS rationale **must** be provided.

An assessment of need, at a ranking of 3 or higher, does not automatically guarantee the maximum allotted time allowed by the reasonable time schedule (RTS). The specialist must assess each task according to the actual time required for its completion.

Example: A client needs assistance with cutting up food. The specialist would only pay for the time required to cut the food and not the full amount of time allotted under the RTS for eating.

IADL Maximum Allowable Hours

There are monthly maximum hour limits on all instrumental activities of daily living except medication. The limits are as follows:

- Five hours/month for shopping
- Six hours/month for light housework
- Seven hours/month for laundry
- 25 hours/month for meal preparation

Proration of IADLs

If the client does not require the maximum allowable hours for IADLs, authorize only the amount of time needed for each task. Assessed hours for IADLs (except medications) must be prorated by **one half** in shared living arrangements where other adults reside in the home, as home help services are **only** for the benefit of the client.

Note: This does not include situations where others live in adjoined apartments/flats or in a separate home on shared property and there is no shared, common living area.

In shared living arrangements, where it can be **clearly** documented that IADLs for the eligible client are completed separately from others in the home, hours for IADLs do not need to be prorated.

Example: Client has special dietary needs and meals are prepared separately; client is incontinent of bowel and/or bladder and laundry is completed separately; client's shopping is completed separately due to special dietary needs and food is purchased from specialty stores; etc.

Adult Services Manual (ASM) 120, 12-1-2013, Pages 1-5 of 5

Responsible Relatives

A responsible relative is defined as an individual's spouse or a parent of an unmarried child under age 18.

Activities of daily living (ADL) may be approved when the responsible relative is **unavailable** or **unable** to provide these services.

Note: Unavailable means absence from the home for an extended period due to employment, school or <u>other legitimate reasons</u>. The responsible relative must provide a work or school schedule to verify they are unavailable to provide care. **Unable** means the responsible person has disabilities of their own which prevent them from providing care. These disabilities must be documented and verified by a medical professional on the DHS-54A, Medical Needs form.

Do **not** approve shopping, laundry, or light housecleaning, when a responsible relative of the client <u>resides</u> in the home, unless they are unavailable or unable to provide these services. Document findings in the general narrative in ASCAP.

Department policy explicitly states in ASM 101, page 5, Home Help Services must not be approved for the following:

- Supervising, monitoring, reminding, guiding, teaching or encouraging.
- Transportation.
- Adult or child day care.

<u>LL</u>/ week

Petitioner's provider testified that she works for her mother about 42 hours per week and she wants to be paid for those hours. Petitioner's provider lives with the petitioner. She wants a new caseworker. This Administrative Law Judge cannot appoint new caseworkers. The Petitioner would need to contact the Department Supervisor to address this request.

The Department Representative testified that IADLs are prorated to reflect a shared household. Petitioner received the maximum hours for IADLs. Only actual tasks are paid for. Sitting with a person or providing company is not a covered task. Petitioner has not given her a list of additional tasks that she performs since Petitioner received a pacemaker. She never asked for additional services. A new assessment must be conducted if new or additional tasks are being performed. The Medical Needs form did not indicate enhanced duties need to be performed. The Petitioner was not present to testify as to what additional tasks she needs help with.

This Administrative Law Judge finds that the Department has established by the necessary competent, substantial and material evidence on the record that it was acting in compliance with department policy when it determined that Petitioner was entitled to receive 85:38/ per month of HHS. The Department's evidence is credible and consistent with the caseworker's testimony. If Petitioner needs additional assistance because her condition has worsened or has changed her provider, she must notify her caseworker to conduct a new assessment. The Department's determination must be upheld.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, decides that the Department properly determined that Petitioner was entitled to 85:38 hours per month of HHS under the circumstances.

IT IS, THEREFORE, ORDERED that:

The Department's decision is **AFFIRMED**.
