### **CONCLUSIONS OF LAW**

Department policies are contained in the Department of Health and Human Services Bridges Administrative Manual (BAM), Bridges Eligibility Manual (BEM), Adult Services Manual (ASM), and Reference Tables Manual (RFT).

The Food Assistance Program (FAP) [formerly known as the Food Stamp program] is established by the Food and Nutrition Act of 2008, as amended, 7 USC 2011 to 2036a and is implemented by the federal regulations contained in 7 CFR 273. The Department (formerly known as the Department of Human Services) administers FAP pursuant to MCL 400.10; the Social Welfare Act, MCL 400.1-.119b; and Mich Admin Code, R 400.3001 to .3015.

The State Emergency Relief (SER) program is established by the Social Welfare Act, MCL 400.1-.119b. The SER program is administered by the Department (formerly known as the Department of Human Services) pursuant to MCL 400.10 and Mich Admin Code, R 400.7001-.7049.

Additionally, BAM 700 (2016) p. 1, provides that when a client group receives more benefits than it is entitled to receive, the Department must attempt to recoup the OI. There are three types of OI; agency error, client error and Intentional Program Violation (IPV). pp. 4, 5. An agency error is caused by incorrect action (including delayed or no action) by MDHHS staff or department processes. Some examples are:

- Available information was not used or was used incorrectly.
- Policy was misapplied.
- Action by local or central office staff was delayed.
- Computer errors occurred.
- Information was not shared between department divisions such as services staff.
- Data exchange reports were not acted upon timely.

If the Department is unable to identify the type of error, it is to be recorded as an agency error. pp.4, 5.

A client error occurs when the client received more benefits than they were entitled to because the client gave incorrect or incomplete information to the Department. A client error also exists when the client's timely request for a hearing result in deletion of a MDHHS action, and any of the following occurred:

- The hearing request is later withdrawn.
- MAHS denies the hearing request.
- The client or administrative hearing representative fails to appear for the hearing and MAHS gives MDHHS written instructions to proceed.
- The hearing decision upholds the Department's actions; see BAM 600.

BAM 705 (2016) p. 6, provides that the amount of the OI is the benefit amount the group actually received minus the amount the group was eligible to receive. BAM 715 (2006) p. 8, provides that for client error OI is due, at least in part, to failure to report earnings, the Department's worker is not to allow the 20% earned income deduction on the unreported earnings.

In this case, the Administrative Law Judge is to resolve the issue of whether or not the Respondent received an OI of the FAP and SER in the amount of \$ [REDACTED] that the Department is entitled to collect. Having closely examined the record in this matter, the Administrative Law Judge determines that the OI is the result of benefits issued when the Petitioner was completely ineligible for those benefits due to her increase in income. The benefit issuance summary and OI budgets in evidence were carefully reviewed and the Administrative Law Judge concludes that the Department has established that the Respondent received an OI of the FAP and SER programs. The evidence also indicates that this claim has been established on March 19, 2014. As such, this Administrative Law Judge concludes that the Department has met its burden of establishing an OI of the FAP and SER programs in the amount of \$ [REDACTED] less any amount that may have already been recouped or collected.

### **DECISION AND ORDER**

The Administrative Law Judge, based on the above findings of fact and conclusions of law, finds that the Administrative Law Judge did err in failing to conclude that the Respondent received an OI of the FAP and SER programs in the amount of \$ [REDACTED] less any amount that may have already been recouped or collected, that the Department is entitled to recoup/collect. Accordingly, it is ordered that the hearing decision of the Administrative Law Judge generated at the conclusion of the June 16, 2016, hearing and mailed on June 21, 2016, is REVERSED in part as to the determination of an OI.

The Department is **ORDERED** initiate recoupment/collection in accordance with departmental policy.
