**HEARING DECISION FOR INTENTIONAL PROGRAM VIOLATION AND
OVERISSUANCE**

Upon the request for a hearing by the Michigan Department of Health and Human Services (MDHHS), this matter is before the undersigned administrative law judge pursuant to MCL 400.9, and in accordance with Titles 7, 42 and 45 of the Code of Federal Regulation (CFR), particularly 7 CFR 273.16 and 45 CFR 235.110; and with Mich Admin Code, R 400.3130 and 400.3178. After due notice, a telephone hearing was held on November 3, 2016, from Detroit, Michigan. The Michigan Department of Health and Human Services (MDHHS) was represented by [REDACTED], regulation agent, with the Office of Inspector General. Respondent did not appear.

ISSUES

The first issue is whether MDHHS established Respondent received an overissuance of benefits.

The second issue is whether MDHHS established that Respondent committed an intentional program violation (IPV).

FINDINGS OF FACT

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. Respondent was an ongoing recipient of Food Assistance Program (FAP) benefits from the State of Michigan.
2. Respondent was convicted of multiple drug-related felonies occurring after August 22, 1996 and before January 2014.

3. On [REDACTED], Respondent intentionally misreported to MDHHS in writing that he was convicted of previous drug-related felonies.
4. From January 2014 through July 2014, Respondent received [REDACTED] in FAP benefits.
5. From January 2014 through July 2014, Respondent would have received \$0 in FAP benefits if Respondent's drug-related felony history was factored.
6. On [REDACTED], MDHHS requested a hearing to establish Respondent received an OI of [REDACTED] in FAP benefits from January 2014 through July 2014 due to an IPV.
7. Respondent had no previous history of IPV.

CONCLUSIONS OF LAW

The Food Assistance Program (FAP) [formerly known as the Food Stamp program] is established by the Food and Nutrition Act of 2008, as amended, 7 USC 2011 to 2036a and is implemented by the federal regulations contained in 7 CFR 273. MDHHS (formerly known as the Department of Human Services) administers FAP pursuant to MCL 400.10, the Social Welfare Act, MCL 400.1-.119b, and Mich Admin Code, R 400.3001-.3011. MDHHS policies are contained in the Bridges Administrative Manual (BAM), Bridges Eligibility Manual (BEM), and Reference Tables Manual (RFT).

MDHHS requested a hearing, in part, to establish Respondent received an overissuance of benefits. MDHHS presented an Intentional Program Violation Repayment Agreement dated [REDACTED] (Exhibit 1, pp. 4-5) alleging Respondent received [REDACTED] in over-issued FAP benefits from January 2014 through July 2014. MDHHS alleged the OI was based on Respondent's failure to report multiple drug-related felonies.

When a client group receives more benefits than it is entitled to receive, MDHHS must attempt to recoup the overissuance. BAM 700 (January 2016), p. 1. An overissuance [bold lettering removed] is the amount of benefits issued to the client group or CDC provider in excess of what it was eligible to receive. *Id.* Recoupment [bold lettering removed] is a MDHHS action to identify and recover a benefit overissuance. *Id.*, p. 2.

[For FAP benefits,] people convicted of certain crimes and probation or parole violators are not eligible for assistance. BEM 203 (July 2013), p. 1. An individual convicted of a felony for the use, possession, or distribution of controlled substances two or more times in separate periods will be permanently disqualified if both offenses occurred after August 22, 1996. *Id.*, p. 2.

MDHHS presented various documents summarizing Respondent's encounters with a State of Michigan court (Exhibit 1, pp. 20-24). It was noted Respondent pled guilty to "CONT. SUB. -POSSESS LESS THAN 25 GRAMS"; the crime was noted to be a felony. A disposition date of [REDACTED], was stated.

MDHHS presented various documents summarizing Respondent's encounters with a State of Michigan court (Exhibit 1, pp. 25-30). It was noted Respondent pled guilty to "CONT. SUB. -POSSESS LESS THAN 25 GRAMS"; the crime was noted to be a felony. A disposition date of [REDACTED], was stated.

MDHHS presented Respondent's FAP benefit history (Exhibit 1, pp. 31-32). The history listed an issuance of [REDACTED] for January 2014 and subsequent monthly issuances of [REDACTED] through July 2014.

Respondent's responses on an application (see (Exhibit 1, pp. 9-20) were indicative that Respondent was the only member of the FAP benefit group. As the only FAP benefit group member, a criminal justice disqualification of Respondent would justify a total disqualification of FAP benefit eligibility.

Based on presented evidence, it is found Respondent was ineligible for FAP benefits based on previous drug-related convictions. It is further found that Respondent received an OI of [REDACTED] in FAP benefits from January 2014 through July 2014. The analysis will proceed to determine if the OI was caused by an IPV.

The Code of Federal Regulations defines an IPV. Intentional program violations shall consist of having intentionally: (1) made a false or misleading statement, or misrepresented, concealed or withheld facts; or (2) committed any act that constitutes a violation of the Food Stamp Act, the Food Stamp Program Regulations, or any State statute for the purpose of using, presenting, transferring, acquiring, receiving, possessing or trafficking of coupons, authorization cards or reusable documents used as part of an automated benefit delivery system. 7 CFR 273.16 (c).

[An IPV is a] benefit overissuance resulting from the willful withholding of information or other violation of law or regulation by the client or his authorized representative. Bridges Program Glossary (October 2015), p. 36. A suspected IPV means an OI exists for which all three of the following conditions exist:

- The client intentionally failed to report information or intentionally gave incomplete or inaccurate information needed to make a correct benefit determination, and
- The client was clearly and correctly instructed regarding his or her reporting responsibilities, and
- The client has no apparent physical or mental impairment that limits his or her understanding or ability to fulfill their reporting responsibilities.

BAM 720 (January 2016), p. 1; see also 7 CFR 273(e)(6).

IPV is suspected when there is **clear and convincing** [emphasis added] evidence that the client or CDC provider has intentionally withheld or misrepresented information for the purpose of establishing, maintaining, increasing or preventing reduction of program benefits or eligibility. *Id.* Clear and convincing evidence is evidence sufficient to result in a clear and firm belief that the proposition is true. See M Civ JI 8.01. It is a standard which requires reasonable certainty of the truth; something that is highly probable. Black's Law Dictionary 888 (6th ed. 1990).

MDHHS presented Respondent's FAP benefit application (Exhibit 1, pp. 9-20). The application was electronically signed by Respondent on [REDACTED]. Respondent answered "No" in response to "Convicted of a Drug Felony?" (see Exhibit 1, p. 13).

The presented benefit application stated Respondent's signature was certification, subject to perjury, that all information on the form was true. Presented evidence was not indicative that Respondent did not understand the reporting requirements.

Generally, a client's written statement which contradicts known facts is clear and convincing evidence of an IPV. Evidence was not presented to rebut the generality.

It is found MDHHS clearly and convincingly established that Respondent committed an IPV. Accordingly, it is found MDHHS may proceed with disqualifying Respondent from benefit eligibility.

The standard disqualification period is used in all instances except when a court orders a different period. BAM 725 (January 2016), p. 16. [MDHHS is to] apply the following disqualification periods to recipients determined to have committed an IPV... one year for the first IPV... two years for the second IPV[, and] lifetime for the third IPV. *Id.*

MDHHS did not allege Respondent previously committed an IPV. Thus, a 1 year disqualification period is justified.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, finds that MDHHS established that Respondent committed an IPV based on receipt of [REDACTED] in over-issued FAP benefits for the period from January 2014 through July 2014. The MDHHS request to establish an overissuance and IPV (Respondent's 1st) is **APPROVED**.
