**ADMINISTRATIVE LAW JUDGE: Christian Gardocki** 

## HEARING DECISION FOR INTENTIONAL PROGRAM VIOLATION AND OVERISSUANCE

Upon the request for a hearing by the Michigan Department of Health and Human Services (MDHHS), this matter is before the undersigned administrative law judge pursuant to MCL 400.9, and in accordance with Titles 7, 42 and 45 of the Code of Federal Regulation (CFR), particularly 7 CFR 273.16 and 45 CFR 235.110; and with Mich Admin Code, R 400.3130 and 400.3178. After due notice, a telephone hearing was held on \_\_\_\_\_\_\_\_ from Detroit, Michigan. The Michigan Department of Health and Human Services (MDHHS) was represented by \_\_\_\_\_\_\_, regulation agent with the Office of Inspector General. Respondent did not appear.

#### **ISSUES**

The first issue is whether MDHHS established Respondent received an overissuance (OI) of benefits.

The second issue is whether MDHHS established that Respondent committed an intentional program violation (IPV).

#### **FINDINGS OF FACT**

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

- 1. Respondent was an ongoing recipient of Food Assistance Program (FAP) benefits from the State of Michigan.
- 2. Respondent began receiving employment income beginning
- 3. Respondent unintentionally failed to report unemployment income to MDHHS.

<ol> <li>Respondent's unreported income resulted in a FAP benefit over-issuance of in FAP benefits from</li> </ol>		
5. On, MDHHS requested a hearing to establish Respondent committed an IPV and received an OI of in FAP benefits for the months from		
CONCLUSIONS OF LAW		
The Food Assistance Program (FAP) [formerly known as the Food Stamp program] is established by the Food and Nutrition Act of 2008, as amended, 7 USC 2011 to 2036a and is implemented by the federal regulations contained in 7 CFR 273. MDHHS (formerly known as the Department of Human Services) administers FAP pursuant to MCL 400.10, the Social Welfare Act, MCL 400.1119b, and Mich Admin Code, R 400.30013011. MDHHS policies are contained in the Bridges Administrative Manual (BAM), Bridges Eligibility Manual (BEM), and Reference Tables Manual (RFT).		
MDHHS requested a hearing, in part, to establish Respondent received an overissuance of benefits. MDHHS presented an Intentional Program Violation Repayment Agreement (Exhibit 1, pp. 5-6) dated The repay agreement (unsigned by Respondent) alleged Respondent received an over-issuance of in FAP benefits from The repayment agreement, along with MDHHS testimony, alleged the OI was based on Respondent's failure to timely report income.		
When a client group receives more benefits than it is entitled to receive, MDHHS must attempt to recoup the overissuance. BAM 700 (January 2016), p. 1. An overissuance [bold lettering removed] is the amount of benefits issued to the client group or CDC provider in excess of what it was eligible to receive. <i>Id.</i> Recoupment [bold lettering removed] is a MDHHS action to identify and recover a benefit overissuance. <i>Id.</i> , p. 2.		
Clients must report changes in circumstance that potentially affect eligibility or benefit amount. BAM 105 (April 2016), p. 11. Changes [in income] must be reported within 10 days of receiving the first payment reflecting the change. <i>Id</i> .		
MDHHS presented employment earning statements for Respondent (Exhibit 1, pp. 30-45). The statements ranged in date from		
MDHHS presented a portion of Respondent's FAP benefit issuance history (Exhibit 1, p. 46). Issuances of were listed from		
FAP overissuance budgets (Exhibit 1, pp. 48-63) and a corresponding Issuance Summary (Exhibit 1, p. 47) were presented. The budgets ranged from . The budgets factored Respondent's earnings as listed on presented		

earning statements. The budgets factored the income as unreported, thereby depriving Respondent of a 20% employment income credit. A total OI of was calculated.

MDHHS policy categorizes overissuances into 3 different types: client error, agency error, and intentional fraud (see BAM 700). Client and Agency errors are not pursued if the estimated amount is less than \$250 per program. BAM 700, p. 9.

MDHHS alleged Respondent failed to timely report unemployment income to MDHHS. The allegation was based, in part, on the absence of income budgeted as part of Respondent's original FAP benefit issuances during the alleged OI period. The allegation was also based, in part, on the absence of reporting documented in Respondent's case file. A regulation agent testified that a search of Respondent's case file revealed no indication of Respondent timely reporting income. The testimony is not definitive evidence that Respondent failed to timely report employment income, however, Respondent did not appear to rebut the testimony, nor was superior evidence available.

Presented evidence established Respondent received an OI of in FAP benefits during the alleged OI period due to Respondent's non-reporting of income. The analysis will proceed to determine if Respondent's non-reporting amounted to an IPV.

The Code of Federal Regulations defines an IPV. Intentional program violations shall consist of having intentionally: (1) made a false or misleading statement, or misrepresented, concealed or withheld facts; or (2) committed any act that constitutes a violation of the Food Stamp Act, the Food Stamp Program Regulations, or any State statute for the purpose of using, presenting, transferring, acquiring, receiving, possessing or trafficking of coupons, authorization cards or reusable documents used as part of an automated benefit delivery system. 7 CFR 273.16 (c).

[An IPV is a] benefit overissuance resulting from the willful withholding of information or other violation of law or regulation by the client or his authorized representative. Bridges Program Glossary (October 2015), p. 36. A suspected IPV means an OI exists for which all three of the following conditions exist:

- The client intentionally failed to report information or intentionally gave incomplete or inaccurate information needed to make a correct benefit determination, and
- The client was clearly and correctly instructed regarding his or her reporting responsibilities, and
- The client has no apparent physical or mental impairment that limits his or her understanding or ability to fulfill their reporting responsibilities.

BAM 720 (January 2016), p. 1; see also 7 CFR 273(e)(6).

IPV is suspected when there is **clear and convincing** [emphasis added] evidence that the client or CDC provider has intentionally withheld or misrepresented information for the purpose of establishing, maintaining, increasing or preventing reduction of program

benefits or eligibility. *Id.* Clear and convincing evidence is evidence sufficient to result in a clear and firm belief that the proposition is true. See M Civ JI 8.01. It is a standard which requires reasonable certainty of the truth; something that is highly probable. <u>Black's Law Dictionary</u> 888 (6th ed. 1990).

MDHHS presented Respondent's handwritten Assistance Application (Exhibit 1, pp. 10-29) signed by Respondent on August 29, 2013. The application stated that Respondent's signature was certification that Respondent reviewed and agreed with the application's Information Booklet; the Information Booklet informs clients of various MDHHS policies, including the requirement of reporting changes within 10 days.

Respondent's failure to report employment information could reasonably be explained by Respondent forgetting to report information. Though MDHHS applications are known to advise clients to report changes within 10 days, it does not ensure that a client would not accidentally forget.

MDHHS did not present written documentation from Respondent which contradicted known facts. Generally, MDHHS will have difficulty in establishing a clear and convincing purposeful failure to report information when there is not written documentation from a respondent which contradicts known facts. Presented evidence was not persuasive in overcoming the general rule.

It is found MDHHS failed to clearly and convincingly establish that Respondent committed an IPV. Accordingly, it is found MDHHS may not proceed with disqualifying Respondent from benefit eligibility.
