ADMINISTRATIVE LAW JUDGE: Lynn M. Ferris

HEARING DECISION FOR INTENTIONAL PROGRAM VIOLATION

Upon the request for a hearing by the Department of Health and Human Services (Department), this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9, and in accordance with Titles 7, 42 and 45 of the Code of Federal Regulation (CFR), particularly 7 CFR 273.16 and 45 CFR 235.110; and with Mich Admin Code, R 400.3130 and 400.3178. After due notice, a telephone hearing was held on [REDACTED], from Detroit, Michigan. The Department was represented by [REDACTED], Regulation Agent of the Office of Inspector General (OIG).

Respondent did not appear at the hearing; and it was held in Respondent's absence pursuant to 7 CFR 273.16(e), Mich Admin Code R 400.3130(5), or Mich Admin Code R 400.3178(5).

ISSUES

1. Did Respondent receive an overissuance (OI) of Food Assistance Program (FAP) benefits that the Department is entitled to recoup?
2. Did the Department establish, by clear and convincing evidence, that Respondent committed an Intentional Program Violation (IPV)?
3. Should Respondent be disqualified from receiving benefits for FAP?

FINDINGS OF FACT

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. The Department's OIG filed a hearing request on [REDACTED], to establish an OI of benefits received by Respondent as a result of Respondent having allegedly committed an IPV.
2. The OIG **has** requested that Respondent be disqualified from receiving program benefits.
3. Respondent **was not** a recipient of FAP benefits issued by the Department.
4. Respondent **was not** aware of her responsibility regarding trafficking of FAP benefits.
5. Respondent **did not have** an apparent physical or mental impairment that would limit the understanding or ability to fulfill this requirement.
6. The Department's OIG indicates that the time period it is considering the fraud period is [REDACTED], (fraud period).
7. During the fraud period, Respondent was issued \$ [REDACTED] in FAP benefits by the State of Michigan.
8. The Respondent did not receive an OI in FAP benefits.
9. This was Respondent's **first** alleged IPV.
10. A Notice of Hearing was mailed to Respondent at the last known address and **was not** returned by the U.S. Post Office as undeliverable.

CONCLUSIONS OF LAW

Department policies are contained in the Department of Health and Human Services Bridges Administrative Manual (BAM), Bridges Eligibility Manual (BEM), Adult Services Manual (ASM), and Reference Tables Manual (RFT).

The Food Assistance Program (FAP) [formerly known as the Food Stamp program] is established by the Food and Nutrition Act of 2008, as amended, 7 USC 2011 to 2036a and is implemented by the federal regulations contained in 7 CFR 273. The Department (formerly known as the Department of Human Services) administers FAP pursuant to MCL 400.10; the Social Welfare Act, MCL 400.1-.119b; and Mich Admin Code, R 400.3001 to .3015.

Effective January 1, 2016, the Department's OIG requests IPV hearings for the following cases:

- Willful overpayments of \$500.00 or more under the AHH program.
- FAP trafficking overissuances that are not forwarded to the prosecutor.
- Prosecution of welfare fraud or FAP trafficking is declined by the prosecutor for a reason other than lack of evidence, and
 - The total amount for the FIP, SDA, CDC, MA and FAP programs combined is \$500 or more, or
 - the total amount is less than \$500, and
 - the group has a previous IPV, or
 - the alleged IPV involves FAP trafficking, or
 - the alleged fraud involves concurrent receipt of assistance (see BEM 222), or
 - the alleged fraud is committed by a state/government employee.

BAM 720 (1/1/16), pp. 12-13.

Intentional Program Violation

Suspected IPV means an OI exists for which all three of the following conditions exist:

- The client intentionally failed to report information **or** intentionally gave incomplete or inaccurate information needed to make a correct benefit determination, and
- The client was clearly and correctly instructed regarding his or her reporting responsibilities, and
- The client has no apparent physical or mental impairment that limits his or her understanding or ability to fulfill reporting responsibilities.

BAM 700 (October 2015), p. 7; BAM 720, p. 1.

An IPV is also suspected for a client who is alleged to have trafficked FAP benefits. BAM 720, p. 1, BAM 700, p.2, (trafficking is the attempting to buy, sell or steal FAP benefits for cash or consideration other than eligible food).

An IPV requires that the Department establish by clear and convincing evidence that the client has intentionally withheld or misrepresented information for the **purpose** of establishing, maintaining, increasing or preventing reduction of program benefits or eligibility. BAM 720, p. 1 (emphasis in original); see also 7 CFR 273(e)(6). Clear and convincing evidence is evidence sufficient to result in a clear and firm belief that the proposition is true. See M Civ JI 8.01.

The federal Food Stamp regulations read in part:

(c) *Definition of Intentional Program Violation.* Intentional Program Violation shall consist of having intentionally:

(1) Made a false or misleading statement, or misrepresented, concealed or withheld facts; or

(2) Committed any act that constitutes a violation of the Food Stamp Act, the Food Stamp Program Regulations, or any State statute for the purpose of using, presenting, transferring, acquiring, receiving, possessing or trafficking of coupons, authorization cards or reusable documents used as part of an automated benefit delivery system (access device).

7 CFR 273.16(c)(1) and (2).

Additionally, *trafficking* means:

(1) The buying, selling, stealing, or otherwise effecting an exchange of Supplemental Nutrition Assistance Program (SNAP) benefits issued and accessed via Electronic Benefit Transfer (EBT) cards, card numbers and personal identification numbers (PINs), or by manual voucher and signature, for cash or consideration other than eligible food, either directly, indirectly, in complicity or collusion with others, or acting alone;

(2) The exchange of firearms, ammunition, explosives, or controlled substances, as defined in section 802 of title 21, United States Code, for SNAP benefits;

(3) Purchasing a product with SNAP benefits that has a container requiring a return deposit with the intent of obtaining cash by discarding the product and returning the container for the deposit amount, intentionally discarding the

product, and intentionally returning the container for the deposit amount;

(4) Purchasing a product with SNAP benefits with the intent of obtaining cash or consideration other than eligible food by reselling the product, and subsequently intentionally reselling the product purchased with SNAP benefits in exchange for cash or consideration other than eligible food; or

(5) Intentionally purchasing products originally purchased with SNAP benefits in exchange for cash or consideration other than eligible food.

(6) Attempting to buy, sell, steal, or otherwise affect an exchange of SNAP benefits issued and accessed via Electronic Benefit Transfer (EBT) cards, card numbers and personal identification numbers (PINs), or by manual voucher and signatures, for cash or consideration other than eligible food, either directly, indirectly, in complicity or collusion with others, or acting alone.

(7) CFR 271.2 (emphasis added) and see also BAM 700, p. 2 (trafficking is the attempting to buy, sell or steal FAP benefits for cash or consideration other than eligible food).

In this case, the issue to be decided is whether the behavior of Respondent in this case falls within the definition of trafficking (7 CFR 271.2). The Department alleges that Respondent committed an IPV of FAP benefits based upon her alleged social media post (██████ offering to buy FAP benefits on or around ██████████). Exhibit A, p. 10. The Department is also not seeking any overissuance but seeks to establish that the Respondent attempted to buy FAP benefits, and thus, committed the IPV of trafficking. The Petitioner allegedly posted the following on her ████████ account: "Can somebody sell me they bridge card?????". Exhibit A, p. 10.

The Department presented the following proofs. The Department did not present any actual FAP applications by Respondent with written rules attached to establish that the Respondent was aware of her responsibility not to traffic benefits by attempting to buy an Electronic Benefits Transfer (EBT) card. The Petitioner, when she was a minor child, was a recipient on her mother's case. Some evidence of Respondent applying for FAP was provided but did not establish that the Petitioner received any FAP benefits at any time on her own case. Given the proofs presented, the Department did not demonstrate that Respondent acknowledged that she understood and was notified of the rules of the FAP program and the prohibition regarding trafficking of FAP benefits.

The Department did present evidence that Petitioner allegedly posted on [REDACTED] on April 15, 2015, a post which read: "Can somebody sell me they bridge card?????". The Department also testified that no responses to the post were received. Exhibit A, p. 10. The Department did present documentation that presented sufficient evidence that Respondent is the actual individual who offered to buy FAP benefits online on or around [REDACTED]. For example, the Department presented photos of Respondent in order to show that the social media post was, in fact, Respondent's (comparing social media photo as analyzed by the Michigan State Police facial recognition analysis. Exhibit A, pp.10 and 11.

The Department presented documentation that addressed the rules, regulations, and policy regarding social media and FAP trafficking. Exhibit A, pp. 45-52, (i.e., SNAP – Offering to sell SNAP benefits and/or EBT cards publicly or online memo dated October 4, 2011).

Based on the foregoing information, evidence and testimony, the Department has **not** established by clear and convincing evidence that Respondent committed an IPV of her FAP benefits based on her "attempt" of trafficking of FAP benefits. This conclusion is based upon the fact that the Department did not demonstrate that the Petitioner was a recipient of FAP benefits in the past and or that she acknowledged the rules trafficking and her responsibilities not to traffic her FAP benefits when applying for benefits. Thus, the Department did not meet its burden of proof.

Disqualification

A client who is found to have committed a FAP IPV by a court or hearing decision is disqualified from receiving program benefits. BAM 720, p. 15; BEM 708 (April 2015), p. 1. Clients are disqualified for 10 years for an FAP IPV involving concurrent receipt of benefits, and, for all other IPV cases involving FIP, FAP or SDA, for standard disqualification periods of one year for the first IPV, two years for the second IPV, and lifetime for the third IPV. BAM 720, p. 16. CDC clients who intentionally violate CDC program rules are disqualified for six months for the first occurrence, twelve months for the second occurrence, and lifetime for the third occurrence. BEM 708, p. 1. A disqualified recipient remains a member of an active group as long as he/she lives with them, and other eligible group members may continue to receive benefits. BAM 720, p. 16.

In this case, because it is determined that the Department did not establish an IPV of trafficking of FAP benefits by attempting to buy FAP benefits (an EBT card), the Department is not entitled to a finding of disqualification of Respondent.

Overissuance

When a client group receives more benefits than they are entitled to receive, the Department must attempt to recoup the OI. BAM 700, p. 1.

In this case the Department did not seek an OI of FAP program benefits. Thus, there is nothing further for the undersigned Administrative Law Judge to address in this OI section.

DECISION AND ORDER

The Administrative Law Judge, based upon the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, if any, concludes that:

1. The Department **has not** established by clear and convincing evidence that Respondent committed an IPV.
2. The Department **did not** seek, and thus, is not entitled to seek an overissuance of FAP benefits.
3. The Department **is not** entitled to seek a disqualification of the Respondent from the FAP program.

IT IS SO ORDERED.
