# CONCLUSIONS OF LAW

Department policies are contained in the Department of Health and Human Services Bridges Administrative Manual (BAM), Department of Health and Human Services Bridges Eligibility Manual (BEM), Department of Health and Human Services Reference Tables Manual (RFT), and Department of Health and Human Services Emergency Relief Manual (ERM).

The Food Assistance Program (FAP) [formerly known as the Food Stamp program] is established by the Food and Nutrition Act of 2008, as amended, 7 USC 2011 to 2036a and is implemented by the federal regulations contained in 7 CFR 273. The Department (formerly known as the Department of Human Services) administers FAP pursuant to MCL 400.10, the Social Welfare Act, MCL 400.1-.119b, and Mich Admin Code, R 400.3001-.3011.

In this case, the Department recalculated the Petitioner's FAP benefits after a redetermination. At the redetermination, the Department was provided proof or rent and payment for heating expenses by the Petitioner. The Department conceded at the hearing that the Heat and Utility (h/u) Allowance should have been used when calculating the Petitioner's excess shelter cost, not the non-heat/utility allowance and telephone allowance. The h/u allowance results in a higher expense than that for telephone and non-heat allowance, and thus, will increase the Petitioner's housing expenses in a manner favorable to Petitioner. In addition, when calculating the FAP , the Department used unearned income of \$ benefits for which previously had not been included as income when calculating FAP benefits. The Petitioner acknowledged that the \$ in RSDI income was correct. As explained at the hearing, the inclusion of this income resulted in lower benefits as the previous FAP allotment of \$ included no income in the FAP benefits calculation. Exhibit 2.

As part of its determination of the amount of a FAP allotment, the Department is to include an h/u allowance if verified by the FAP recipient. Department policy provides:

Bridges uses certain expenses to determine net income for FAP eligibility and benefit levels.

• For groups with **no** senior/disabled/disabled veteran (SDV) member, Bridges uses the following:

•• Excess shelter up to the maximum in Reference Tables Manual (RFT) 255.

The h/u standard is **\$100000** monthly and is a significantly higher deduction than was given to the Petitioner by the Department when calculating her FAP allotment. RFT 255 (October 1, 2015), p. 1. Exhibit 5.

### MANDATORY HEAT AND UTILITY STANDARD

The heat/utility (h/u) standard covers all heat and utility costs including cooling, **except** actual utility expenses, for example, installation fees etc.; see Actual Utilities in this item. Do **not** prorate the h/u standard even if the heating/cooling expense is shared.

FAP groups that qualify for the h/u standard **do not** receive any other individual utility standards. Do **not** require verification of the other utility standards if the household is already eligible for the h/u standard.

A FAP group which has a heating expense or contributes to the heating expense separate from rent, mortgage or condominium/maintenance payments must use the h/u standard.

### Heat Verification

Verify heating separate from housing costs at application or when a change is reported.

*Exception:* For groups that have verified that they own or are purchasing the home that they occupy, verify the heat obligation only if questionable.

### Heat Verification Sources

Acceptable verification sources include, but are not limited to:

- Current bills or a written statement from the provider for heating/cooling expenses.
- Collateral contact with the landlord or the heating/cooling provider.

- Cancelled checks, receipts or money order copies, if current. The receipt must contain minimum information to identify the expense, the amount of the expense, the expense address, the provider of the service and the name of the person paying the expense.
- DHS-3688, Shelter Verification.
- Current lease. BEM 554, (January 1, 2017), pp. 15–17.

Based upon the evidence presented the Department must recalculate the Petitioner's FAP benefits and include the correct excess shelter deduction which is the heat and utility allowance of \$

## **DECISION AND ORDER**

The Administrative Law Judge, based on the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, if any, finds that the Department **did not** act in accordance with Department policy when it failed to include the verified heating expense in the FAP excess shelter calculation.

Accordingly, the Department's decision is **REVERSED**.

THE DEPARTMENT IS ORDERED TO BEGIN DOING THE FOLLOWING, IN ACCORDANCE WITH DEPARTMENT POLICY AND CONSISTENT WITH THIS HEARING DECISION, WITHIN 10 DAYS OF THE DATE OF MAILING OF THIS DECISION AND ORDER:

- 1. The Department shall recalculate the Petitioner's FAP benefits for and shall include the h/u allowance of **\$** as a housing expense.
- 2. The Department shall issue an FAP supplement to the Petitioner in accordance with Department policy.
