[REDACTED]

Date Mailed: [REDACTED]
MAHS Docket No.: 16-000124
Agency No.: [REDACTED]
Petitioner: [REDACTED]

ADMINISTRATIVE LAW JUDGE: Janice Spodarek

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, upon Petitioner's request for a hearing.

After due notice, a hearing was scheduled for [REDACTED] at the following location: "[REDACTED]-DHHS, [REDACTED]." Petitioner lives in [REDACTED], [REDACTED], and no person with the DHHS, MAHS, or Respondent could account for why this hearing was scheduled in a county in which Petitioner did not reside. Petitioner's Hearing Representative and Guardian, [REDACTED], personally appeared at the [REDACTED] County DHHS, having traveled to that office from [REDACTED]. Petitioner's Hearing Representative was offered an adjournment to have the hearing rescheduled in the county in which Petitioner resides; Petitioner declined requesting to go forward with the hearing. [REDACTED] testified on behalf of Petitioner. Petitioner did not appear as he was unable to travel. [REDACTED] County DHHS [REDACTED], APS, accompanied Petitioner's Hearing Representative in the [REDACTED] County Hearing Room due to the scheduling error, but did not testify as she did not have any personal knowledge of the case.

[REDACTED], Appeals Review Officer, represented the Department. [REDACTED], Adult Services Worker (ASW), and [REDACTED], Adult Services Supervisor (ASS) appeared as witnesses on behalf of the Department.

ISSUE

Did the Department properly begin payments on Petitioner's Home Help Services ("HHS") grant on [REDACTED]?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. Petitioner is a [REDACTED] year old male Medicaid beneficiary. Petitioner's diagnoses includes multiple strokes, meningitis, CHF, paralysis, seizures,

and heart attacks. (Exhibit A.21).

2. On [REDACTED] the Department received a referral for HHS. Petitioner is and will be for his lifetime totally bed ridden and needs total care, including complex care needs. Pursuant to a DHS-54A, Petitioner's physician indicated that Petitioner needs assistance with every ADL, every IADL, and the following complex care needs: specialized feeding, catheters, bowel program, suctioning, bed sore prevention, range of motion. (Exhibit A.19).
3. On [REDACTED] the Department conducted a home visit initial assessment and subsequently approved HHS grant, which was later increased due to Petitioner's hearing request requesting the complex care services, retroactive to the start date of [REDACTED].
4. Petitioner's caregiver was certified with an enrollee identification number on [REDACTED].
5. On [REDACTED] the Department began payments for Petitioner's approved HHS grant. (Exhibit A.).
6. On [REDACTED] MAHS received a request for an administrative hearing arguing that payments should begin in on the referral date of [REDACTED]. (Exhibit A.4).

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

Home Help Services (HHS) are provided to enable functionally limited individuals to live independently and receive care in the least restrictive, preferred settings. These activities must be certified by a physician and may be provided by individuals or by private or public agencies.

Adult Services Manual (ASM) 101, 11-1-11, addresses HHS payments:

Payment Services Home Help

Home help services are non-specialized personal care service activities provided under the independent living services program to persons who meet eligibility requirements.

Home help services are provided to enable individuals with functional limitation(s), resulting from a medical or physical disability or cognitive impairment to live independently and receive care in the least restrictive, preferred settings.

*Adult Services Manual (ASM) 101,
11-1-2011, Page 1 of 4.*

Adult Services Manual (ASM) 105, 11-1-11, addresses HHS eligibility requirements:

Requirements

Home help eligibility requirements include all of the following:

- Medicaid eligibility.
- Certification of medical need.
- Need for service, based on a complete comprehensive assessment (DHS-324) indicating a functional limitation of level 3 or greater for activities of daily living (ADL).
- Appropriate Level of Care (LOC) status.

Necessity For Service

The adult services specialist is responsible for determining the necessity and level of need for home help services based on:

- Client choice.
- A completed DHS-324, Adult Services Comprehensive Assessment. An individual must be assessed with at least one activity of daily living (ADL) in order to be eligible to receive home help services.

Note: If the assessment determines a need for an ADL at a level 3 or greater but these services are not paid for by the department, the individual would be eligible to receive IADL services.

Example: Ms. Smith is assessed at a level 4 for bathing however she refuses to receive assistance. Ms. Smith would be eligible to receive assistance with IADL's if the assessment determines a need at a level 3 or greater.

- Verification of the client's medical need by a Medicaid enrolled medical professional via the DHS-54A. The client is responsible for obtaining the medical certification of need; see ASM 115, Adult Services Requirements.

*Adult Services Manual (ASM) 105,
11-1-2011, Pages 1-3 of 3*

Adult Services Manual (ASM 120, 5-1-2012), pages 1-4 of 5 addresses the adult services comprehensive assessment:

INTRODUCTION

The DHS-324, Adult Services Comprehensive Assessment is the primary tool for determining need for services. The comprehensive assessment must be completed on **all open independent living services cases**. ASCAP, the automated workload management system, provides the format for the comprehensive assessment and all information will be entered on the computer program.

Requirements

Requirements for the comprehensive assessment include, but are not limited to:

- A comprehensive assessment will be completed on all new cases.
- A face-to-face contact is required with the client in his/her place of residence.
- The assessment may also include an interview with the individual who will be providing home help services.
- A new face-to-face assessment is required if there is a request for an increase in services before payment is authorized.
- A face-to-face assessment is required on all transfer-in cases before a payment is authorized.
- The assessment must be updated as often as necessary, but minimally at the six month review and annual redetermination.
- A release of information must be obtained when requesting documentation from confidential sources and/or sharing information from the department record.
 - Use the DHS-27, Authorization to Release Information, when requesting client information from another agency.
 - Use the DHS-1555, Authorization to Release Protected Health Information, if requesting

- additional medical documentation; see RFF 1555. The form is primarily used for APS cases.
- Follow rules of confidentiality when home help cases have companion APS cases, see SRM 131 Confidentiality.

Functional Assessment

The **Functional Assessment** module of the **ASCAP** comprehensive assessment is the basis for service planning and for the home help services payment.

Conduct a functional assessment to determine the client's ability to perform the following activities:

Activities of Daily Living (ADL)

- Eating.
- Toileting.
- Bathing.
- Grooming.
- Dressing.
- Transferring.
- Mobility.

Instrumental Activities of Daily Living (IADL)

- Taking Medication.
- Meal Preparation and cleanup.
- Shopping.
- Laundry.
- Light Housework.

Functional Scale

ADLs and IADLs are assessed according to the following five-point scale:

1. Independent.
Performs the activity safely with no human assistance.
2. Verbal Assistance.
Performs the activity with verbal assistance such as reminding, guiding or encouraging.
3. Some Human Assistance.

Performs the activity with some direct physical assistance and/or assistive technology.

4. Much Human Assistance.

Performs the activity with a great deal of human assistance and/or assistive technology.

5. Dependent.

Does not perform the activity even with human assistance and/or assistive technology.

Home help payments may only be authorized for needs assessed at the 3 level ranking or greater.

An individual must be assessed with at least one activity of daily living in order to be eligible to receive home help services.

Note: If the assessment determines a need for an ADL at a level 3 or greater but these services are not paid for by the department, the individual would be eligible to receive IADL services.

Example: Ms. Smith is assessed at a level 4 for bathing however she refuses to receive assistance. Ms. Smith would be eligible to receive assistance with IADLs if the assessment determined a need at a level 3 or greater.

See ASM 121, Functional Assessment Definitions and Ranks for a description of the rankings for activities of daily living and instrumental activities of daily living.

Time and Task

The specialist will allocate time for each task assessed a rank of 3 or higher, based on interviews with the client and provider, observation of the client's abilities and use of the reasonable time schedule (RTS) as a **guide**. The RTS can be found in ASCAP under the Payment module, Time and Task screen. When hours exceed the RTS rationale **must** be provided.

An assessment of need, at a ranking of 3 or higher, does not automatically guarantee the maximum allotted time allowed by the reasonable time schedule (RTS). **The specialist must assess each task according to the actual time required for its completion.**

Example: A client needs assistance with cutting up food. The specialist would only pay for the time required to cut the food and not the full amount of time allotted under the RTS for eating.

IADL Maximum Allowable Hours

There are monthly maximum hour limits on all instrumental activities of daily living except medication. The limits are as follows:

- Five hours/month for shopping
- Six hours/month for light housework
- Seven hours/month for laundry
- 25 hours/month for meal preparation

Proration of IADLs

If the client does not require the maximum allowable hours for IADLs, authorize only the amount of time needed for each task. Assessed hours for IADLs (except medications) must be prorated by **one half** in shared living arrangements where other adults reside in the home, as home help services are **only** for the benefit of the client.

Note: This does not include situations where others live in adjoining apartments/flats or in a separate home on shared property and there is no shared, common living area.

In shared living arrangements, where it can be **clearly** documented that IADLs for the eligible client are completed separately from others in the home, hours for IADLs do not need to be prorated.

Example: Client has special dietary needs and meals are prepared separately; client is incontinent of bowel and/or bladder and laundry is completed separately; client's shopping is completed separately due to special dietary needs and food is purchased from specialty stores; etc.

Certain services are not covered by HHS. ASM 101 provides a listing of the services not covered by HHS.

Services not Covered by Home Help

Home help services must **not** be approved for the following:

- Supervising, monitoring, reminding, guiding, teaching or encouraging (functional assessment rank 2).
- Services provided for the benefit of others.
- Services for which a responsible relative is **able** and **available** to provide (such as house cleaning, laundry or shopping).

- Services provided by another resource at the same time (for example, hospitalization, MI-Choice Waiver).
- Transportation - See Bridges Administrative Manual (BAM) 825 for medical transportation policy and procedures.
- Money management such as power of attorney or representative payee.
- Home delivered meals.
- Adult or child day care.
- Recreational activities. (For example, accompanying and/or transporting to the movies, sporting events etc.)

Note: The above list is not all inclusive.

*Adult Services Manual (ASM) 101, 11-1-2011,
Pages 3-4 of 4.*

Specific policy from the Home Help Providers policy states in relevant part:

PROVIDER CRITERIA:

Determine the provider's ability to meet the following **minimum** criteria in a face-to-face interview with the client **and** the provider.

The specialist must, at a minimum, have a face-to-face interview with the client, prior to case opening, then every six months in the client's home, at review and redetermination.

**PROVIDER
INTERVIEW**

An initial face-to-face interview must be completed with the home help provider. A face-to-face or phone contact must be made with the provider at the six month review or redetermination to verify services are being furnished.

In this case, the DHS began payments on the date that the provider was enrolled in the DHHS as a provider - on [REDACTED]. Respondent argues that policy does not allow payments to begin any sooner than when the provider is enrolled. Petitioner requests that Petitioner requests that payments begin on the referral date of [REDACTED]. In support Petitioner argues that Petitioner's Medicaid was opened retroactively to [REDACTED].

The facts here show that the referral date was [REDACTED], and the DHHS conducted an initial assessment on [REDACTED]. Policy cited above requires the Department to conduct an in-person interview with the provider. (ASM 135). Payments cannot begin until all eligibility criteria are met. Among these is the requirement that the provider be authorized by the Provider Enrollment system in CHAMPS. (Exhibit A.27). Unrefuted evidence here is that the provider was not enrolled until [REDACTED]. Petitioner offered no law or policy that would allow payments to begin before this date, despite having Medicaid applied retroactively, provider enrollment is not applied retroactively. Under the above cited federal and state law, payments cannot start until all eligibility criteria have not been met. This ALJ must uphold the start date as [REDACTED] as it is the earliest the Department could begin payments under Department policy and procedure.

It is noted that as to the alternate date of referral as a begin date argued by Petitioner's representative at the administrative hearing, Petitioner's representative offered no law or authority that would support the same.

It is also noted that Petitioner did not dispute any issues regarding complex care payments.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, finds that the Department's begin date for payments of [REDACTED] for Petitioner's HHS grant was correct based on the available evidence.

IT IS THEREFORE ORDERED THAT:

The Department's determination of [REDACTED] as the start date for Petitioner's HHS grant is hereby **AFFIRMED**.

Janice Spodarek
Administrative Law Judge
for Nick Lyon, Director
Michigan Department of
Health and Human Services

***** NOTICE *****

The Michigan Administrative Hearing System may order a rehearing on either its own motion or at the request of a party within 30 days of the mailing date of this Decision and Order. The Michigan Administrative Hearing System will not order a rehearing on the Department's motion where the final decision or rehearing cannot be implemented within 90 days of the filing of the original request. The Petitioner may appeal the Decision and Order to Circuit Court within 30 days of the receipt of the Decision and Order or, if a timely request for rehearing was made, within 30 days of the receipt of the rehearing decision.
