Date Mailed: September 23, 2016
MAHS Docket No.: 16-008469
Agency No.: [REDACTED]
Petitioner: [REDACTED]

ADMINISTRATIVE LAW JUDGE: Colleen Lack

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and upon the Petitioner's request for a hearing.

After due notice, a telephone hearing was held on August 25, 2016. [REDACTED], daughter-in-law, appeared on behalf of Petitioner. [REDACTED], Director of Eligibility, appeared on behalf of the Respondent [REDACTED] ("Waiver Agency" or "[REDACTED]").

During the hearing proceedings, the Waiver Agency's Hearing Summary packet was admitted as Exhibit A, pp. 1-18.

ISSUE

Did the Respondent properly place Petitioner on a waiting list for the MI Choice Waiver Program?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. Respondent is a contract agent of the Michigan Department of Health and Human Services and is responsible for waiver eligibility determinations and the provision of MI Choice waiver services in its service area.
2. On June 22, 2016, Respondent received a referral for Petitioner for the MI Choice Waiver Program and a telephone intake was completed. (Exhibit A, pages 9-18; Testimony of Director of Eligibility).
3. During that screening, Petitioner was found to be potentially eligible for the

- waiver program and Petitioner scored as Level D1. (Exhibit A, p. 16; Testimony of Director of Eligibility)
4. Petitioner was placed on the waiting list in chronological order due to a lack of available slots in the program. (Exhibit A, p. 7; Testimony of Director of Eligibility)
 5. That same day, the Waiver Agency sent Petitioner written notice that he had been placed on the waiting list in chronological order. (Exhibit A, p. 7)
 6. On June 30, 2016, the Michigan Administrative Hearing System (MAHS) received the Request for Hearing filed in this matter. (Exhibit A, p. 8)

CONCLUSIONS OF LAW

The Medical Assistance Program (MA) is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program:

Petitioner is seeking services through the Department's Home and Community Based Services for Elderly and Disabled. The waiver is called MI Choice in Michigan. The program is funded through the federal Centers for Medicare and Medicaid (formerly HCFA) to the Department. Regional agencies, in this case Respondent, function as the Department's administrative agency.

Waivers are intended to provide the flexibility needed to enable States to try new or different approaches to the efficient and cost-effective delivery of health care services, or to adapt their programs to the special needs of particular areas or groups of recipients. Waivers allow exceptions to State plan requirements and permit a State to implement innovative programs or activities on a time-limited basis, and subject to specific safeguards for the protection of recipients and the program. Detailed rules for waivers are set forth in subpart B of part 431, subpart A of part 440 and subpart G of part 441 of this chapter.

42 CFR 430.25(b)

The Medicaid Provider Manual (MPM) outlines the approved evaluation policy and the MI Choice waiting list policy:

3.2 MI CHOICE INTAKE GUIDELINES

The MI Choice Intake Guidelines is a list of questions designed to screen applicants for eligibility and further assessment. Additional probative questions are permissible when needed to clarify eligibility. The MI Choice Intake Guidelines does not, in itself, establish program eligibility. A properly completed MI Choice Intake Guidelines is mandatory for MI Choice waiver agencies prior to placing applicants on a MI Choice waiting list when the agency is operating at its capacity. Individuals who score as Level C, Level D, Level D1 or Level E are those applicants determined potentially eligible for program enrollment and will be placed on the MI Choice waiting list. The date of the MI Choice Intake Guidelines contact establishes the chronological placement of the applicant on the waiting list. The MI Choice Intake Guidelines may be found on the MDHHS website. (Refer to the Directory Appendix for website information.)

When the waiver agency is at capacity, applicants requesting enrollment in MI Choice must either be screened by telephone or in person using the MI Choice Intake Guidelines at the time of their request for proper placement on the waiting list. If a caller is seeking services for another individual, the waiver agency shall either contact the applicant for whom services are being requested or complete the MI Choice Intake Guidelines to the extent possible using information known to the caller. For applicants who are deaf, hearing impaired, or otherwise unable to participate in a telephone interview, it is acceptable to use an interpreter, a third-party in the interview, or assistive technology to facilitate the exchange of information.

As a rule, nursing facility residents who are seeking to transition into MI Choice are not contacted by telephone but rather are interviewed in the nursing facility. For the purposes of establishing a point of reference for the waiting list, the date of the initial nursing facility visit (introductory interview) shall be considered the same as conducting a MI Choice Intake Guidelines, so long as the functional objectives of the MI Choice Intake Guidelines are met.

(Refer to the Waiting Lists subsection for additional information.) Specifically, the introductory meeting must establish a reasonable expectation that the applicant will meet the functional and financial eligibility requirements of the MI Choice program within the next 60 days.

Applicants who are expected to be ineligible based on MI Choice Intake Guidelines information may request a face-to-face evaluation using the Michigan Medicaid Nursing Facility Level of Care Determination and financial eligibility criteria. Such evaluations should be conducted as soon as possible, but must be done within 10 business days of the date the MI Choice Intake Guidelines was administered. MI Choice waiver agencies must issue an adverse action notice advising applicants of any and all appeal rights when the applicant appears ineligible either through the MI Choice Intake Guidelines or a face-to-face evaluation.

When an applicant appears to be functionally eligible based on the MI Choice Intake Guidelines but is not expected to meet the financial eligibility requirements, the MI Choice waiver agency must place the applicant on the agency's waiting list if it is anticipated that the applicant will become financially eligible within 60 days. Individuals may be placed on the waiting lists of multiple waiver agencies.

The MI Choice Intake Guidelines is the only recognized tool accepted for telephonic screening of MI Choice applicants and is only accessible to MI Choice waiver agencies. It is not intended to be used for any other purpose within the MI Choice program, nor any other Medicaid program. MI Choice waiver agencies must collect MI Choice Intake Guidelines data electronically using software through the department's contracted vendor.

3.3 ENROLLMENT CAPACITY

MI Choice capacity is limited to the number of participants who can be adequately served under the annual legislative appropriation for the program. Enrollment capacity for each individual waiver agency is at the agency's discretion based on available funding and the expected costs of maintaining services to enrolled participants.

Waiver agencies are allocated a specific number of slots each fiscal year based upon legislative appropriation and must manage enrollments within that allocation.

3.4 WAITING LISTS

Whenever the number of participants receiving services through MI Choice exceeds the existing program capacity, any screened applicant must be placed on the waiver agency's waiting list. Waiting lists must be actively maintained and managed by each MI Choice waiver agency. The enrollment process for the MI Choice program is not ever actually or constructively closed. The applicant's place on the waiting list is determined by priority category in the order described below. Within each category, an applicant is placed on the list in chronological order based on the date of their request for services. This is the only approved method of accessing waiver services when the waiver program is at capacity.

*MPM, April 1, 2016 version
MI Choice Waiver Chapter, pages 5-7*

Moreover, with regard to priority categories, the pertinent section of the MPM states:

3.4.A. PRIORITY CATEGORIES

Applicants will be placed on a waiting list by priority category and then chronologically by date of request of services. Enrollment in MI Choice is assigned on a first-come/first-served basis using the following categories, listed in order of priority given.

Waiver agencies are required to conduct follow-up phone calls to all applicants on their waiting list. The calls are to determine the applicant's status, offer assistance in accessing alternative services, identify applicants who should be removed from the list, and identify applicants who might be in crisis or at imminent risk of admission to a nursing facility. Each applicant on the waiting list is to be contacted at least once every 90 days. Applicants in crisis or at risk require more frequent contacts. Each waiver agency is required to maintain a record of these follow-up contacts.

3.4.A.1. CHILDREN'S SPECIAL HEALTH CARE SERVICES (CSHCS) AGE EXPIRATIONS

This category includes only those applicants who continue to require Private Duty Nursing services at the time such coverage ends due to age restrictions under CSHCS.

3.4.A.2. NURSING FACILITY TRANSITIONS

Nursing facility residents who desire to transition to the community and will otherwise meet enrollment requirements for MI Choice qualify for this priority status and are eligible to receive assistance with supports coordination, transition activities, and transition costs. Priority status is not given to applicants whose service and support needs can be fully met by existing State Plan services.

3.4.A.3. ADULT PROTECTIVE SERVICES (APS) AND DIVERSIONS

An applicant with an active Adult Protective Services (APS) case is given priority when critical needs can be addressed by MI Choice services. It is not expected that MI Choice waiver agencies solicit APS cases, but priority is given when necessary.

An applicant is eligible for diversion priority if they are living in the community or are being released from an acute care setting and are found to be an imminent risk of nursing facility admission. Imminent risk of placement in a nursing facility is determined using the Imminent Risk Assessment (IRA), an evaluation developed by MDCH. Use of the IRA is essential in providing an objective differentiation between those applicants at risk of a nursing facility placement and those at imminent risk of such a placement. Only applicants found to meet the standard of imminent risk are given priority status on the waiting list. Applicants may request that a subsequent IRA be performed upon a change of condition or circumstance.

Supports coordinators must administer the IRA in person. The design of the tool makes telephone contact insufficient to make a valid determination. Waiver agencies must submit a request for diversion status for an applicant to MDCH. A final approval of a diversion request is made by MDCH.

3.4.A.4. CHRONOLOGICAL ORDER BY SERVICE REQUEST DATE

This category includes applicants who do not meet any of the above priority categories or for whom prioritizing information is not known. As stated, applicants will be placed on the waiting list in the chronological order that they requested services as documented by the date of MI Choice Intake Guidelines completion or initial nursing facility introductory meeting.

*MPM, April 1, 2016 version
MI Choice Waiver Chapter, pages 8-9*

Here, the Director of Eligibility indicated that the Waiver Agency was at capacity for MI Choice Waiver enrollees at all times relevant to this case. Pursuant to the above policy, it therefore maintains a waiting list and contacts individuals on the list on a priority and first come, first served, basis when sufficient resources become available to serve additional individuals. Accordingly, when Petitioner was determined to be potentially eligible for the program from the telephone intake screening based on his score as Level D1, he was placed on the waiting list. Moreover, while no imminent risk assessment was performed, it does not appear that one was necessary and that Petitioner did not qualify for that higher priority level, or any other priority level, given the information provided during the intake, Petitioner's request for hearing, and during the hearing itself as Petitioner did not dispute the information recorded during the intake screening and relied upon by the Waiver Agency. After the appeal was filed, the Waiver agency called Petitioner's home and Petitioner's wife reported that Petitioner was improving and declined the offer to have a face to face assessment completed. (Director of Eligibility Testimony)

Petitioner's daughter in law testified that the information the Waiver Agency received after the hearing request was filed from Petitioner's wife indicating Petitioner had improved was incorrect. Petitioner's wife has dementia and does not fully understand everything. Petitioner's daughter in law helps with their paperwork, bills, and daily needs. Petitioner has not improved and still needs day to day care. Petitioner's daughter in law and son may stay over at Petitioner's home for one to two weeks straight to provide assistance for both Petitioner and his wife. (Daughter-in-law Testimony)

It was confirmed that MI Choice Waiver Services were not denied for Petitioner. Rather, Petitioner was determined to be potentially eligible for the program and at risk of nursing home placement. Petitioner was placed on the waiting list because the program is at capacity. The evidence establishes that the Waiver Agency properly placed Petitioner on the waiting list pursuant to the Department's policy.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, decides that the MI Choice Waiver Agency properly placed Petitioner on its waiting list.

IT IS THEREFORE ORDERED that

The Waiver Agency's decision is **AFFIRMED**.
