HEARING DECISION FOR INTENTIONAL PROGRAM VIOLATION

Upon the request for a hearing by the Department of Health and Human Services (Department), this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9, and in accordance with Titles 7, 42 and 45 of the Code of Federal Regulation (CFR), particularly 7 CFR 273.16 and 45 CFR 235.110; and with Mich Admin Code, R 400.3130 and 400.3178. After due notice, a telephone hearing was held on [REDACTED], from Detroit, Michigan. The Department was represented by [REDACTED], Regulation Agent of the Office of Inspector General (OIG).

Respondent did not appear at the hearing; and it was held in Respondent's absence pursuant to 7 CFR 273.16(e), Mich Admin Code R 400.3130(5), or Mich Admin Code R 400.3178(5).

ISSUES

1. Did Respondent receive an overissuance (OI) of Food Assistance Program (FAP) benefits that the Department is entitled to recoup?
2. Did the Department establish, by clear and convincing evidence, that Respondent committed an Intentional Program Violation (IPV)?
3. Should Respondent be disqualified from receiving benefits for FAP?

FINDINGS OF FACT

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. The Department's OIG filed a hearing request on [REDACTED], to establish an OI of benefits received by Respondent as a result of Respondent having allegedly committed an IPV.
2. The OIG **has** requested that Respondent be disqualified from receiving program benefits.
3. Respondent was a recipient of FAP benefits issued by the Department.
4. Respondent **was** aware of the responsibility to not traffic her FAP benefits for cash.
5. Respondent **did not have** an apparent physical or mental impairment that would limit the understanding or ability to fulfill this requirement.
6. The Department's OIG indicates that the time period it is considering the fraud period is [REDACTED], (fraud period).
7. During the fraud period, Respondent trafficked her FAP benefits in the amount of \$ [REDACTED]
8. The Department alleges that Respondent received an OI in FAP benefits in the amount of \$ [REDACTED]
9. This was Respondent's **second** alleged IPV.
10. A Notice of Hearing was mailed to Respondent at the last known address and **was not** returned by the U.S. Post Office as undeliverable.

CONCLUSIONS OF LAW

Department policies are contained in the Department of Health and Human Services Bridges Administrative Manual (BAM), Bridges Eligibility Manual (BEM), Adult Services Manual (ASM), and Reference Tables Manual (RFT).

The Food Assistance Program (FAP) [formerly known as the Food Stamp program] is established by the Food and Nutrition Act of 2008, as amended, 7 USC 2011 to 2036a and is implemented by the federal regulations contained in 7 CFR 273. The Department (formerly known as the Department of Human Services) administers FAP pursuant to MCL 400.10; the Social Welfare Act, MCL 400.1-.119b; and Mich Admin Code, R 400.3001 to .3015.

Effective January 1, 2016, the Department's OIG requests IPV hearings for the following cases:

- Willful overpayments of \$500.00 or more under the AHH program.
- FAP trafficking overissuances that are not forwarded to the prosecutor.
- Prosecution of welfare fraud or FAP trafficking is declined by the prosecutor for a reason other than lack of evidence, and
 - The total amount for the FIP, SDA, CDC, MA and FAP programs combined is \$500 or more, or
 - the total amount is less than \$500, and
 - the group has a previous IPV, or
 - the alleged IPV involves FAP trafficking, or
 - the alleged fraud involves concurrent receipt of assistance (see BEM 222), or
 - the alleged fraud is committed by a state/government employee.

BAM 720 (1/1/16), pp. 12-13.

Intentional Program Violation

Suspected IPV means an OI exists for which all three of the following conditions exist:

- The client intentionally failed to report information **or** intentionally gave incomplete or inaccurate information needed to make a correct benefit determination, and
- The client was clearly and correctly instructed regarding his or her reporting responsibilities, and
- The client has no apparent physical or mental impairment that limits his or her understanding or ability to fulfill reporting responsibilities.

BAM 700 (May 1, 2014), p. 7; BAM 720, p. 1, (October 1, 2014.)

An IPV is also suspected for a client who is alleged to have trafficked FAP benefits. BAM 720, p. 1.

An IPV requires that the Department establish by clear and convincing evidence that the client has intentionally withheld or misrepresented information for the **purpose** of

establishing, maintaining, increasing or preventing reduction of program benefits or eligibility. BAM 720, p. 1 (emphasis in original); see also 7 CFR 273(e)(6). Clear and convincing evidence is evidence sufficient to result in a clear and firm belief that the proposition is true. See M Civ JI 8.01.

The federal Food Stamp regulations read in part:

(c) *Definition of Intentional Program Violation.* Intentional Program Violation shall consist of having intentionally:

- (1) Made a false or misleading statement, or misrepresented, concealed or withheld facts; or
- (2) Committed any act that constitutes a violation of the Food Stamp Act, the Food Stamp Program Regulations, or any State statute for the purpose of using, presenting, transferring, acquiring, receiving, possessing or trafficking of coupons, authorization cards or reusable documents used as part of an automated benefit delivery system (access device).

7 CFR 273.16(c)(1) and (2).

Trafficking means:

- (1) The buying, selling, stealing, or otherwise effecting an exchange of SNAP benefits issued and accessed via Electronic Benefit Transfer (EBT) cards, card numbers and personal identification numbers (PINs), or by manual voucher and signature, for cash or consideration other than eligible food, either directly, indirectly, in complicity or collusion with others, or acting alone;
- (2) The exchange of firearms, ammunition, explosives, or controlled substances, as defined in section 802 of title 21, United States Code, for SNAP benefits;
- (3) Purchasing a product with SNAP benefits that has a container requiring a return deposit with the intent of obtaining cash by discarding the product and returning the container for the deposit amount, intentionally discarding the product, and intentionally returning the container for the deposit amount;

(4) Purchasing a product with SNAP benefits with the intent of obtaining cash or consideration other than eligible food by reselling the product, and subsequently intentionally reselling the product purchased with SNAP benefits in exchange for cash or consideration other than eligible food; or

(5) Intentionally purchasing products originally purchased with SNAP benefits in exchange for cash or consideration other than eligible food.

(6) Attempting to buy, sell, steal, or otherwise affect an exchange of SNAP benefits issued and accessed via Electronic Benefit Transfer (EBT) cards, card numbers and personal identification numbers (PINs), or by manual voucher and signatures, for cash or consideration other than eligible food, either directly, indirectly, in complicity or collusion with others, or acting alone.

7 CFR 271.2 and see also BAM 700, p. 2, (definition of trafficking) and BEM 203 (July 2014), pp. 3-4, (FAP trafficking disqualifications are a result of the following actions: Fraudulently using, transferring, altering, acquiring, or possessing coupons, authorization cards, or access devices; or redeeming or presenting for payment coupons known to be fraudulently obtained or transferred).

In this case, the Department alleged that Respondent trafficked FAP benefits and also conducted unauthorized transactions and trafficked her FAP benefits in the amount of \$ [REDACTED] during the period [REDACTED], at the [REDACTED]. A series of transactions where the Respondent used her Electronic Benefits Transfer (EBT) card were presented. Exhibit A, pp. 51-52.

The Department has based its IPV case regarding Respondent upon Respondent's alleged trafficking of FAP benefits at [REDACTED], which was a gas station convenience store doing business in the City of [REDACTED] Michigan. On [REDACTED] the FNS permanently disqualified [REDACTED] from eligibility to participate in the SNAP for program violations after a several year investigation which determined the store was trafficking food assistance benefits. Exhibit A, pp. 28-29. The evidence presented by the Department was based upon the FNS investigation, including photos of the store, and transactions which it analyzed to find a pattern of trafficking. Exhibit A, pp. 30-50. The evidence presented showed a one-turnstile, one-cash-register operation with one POS device, no shopping carts, or baskets, with limited counter space. The food offerings did not include any fresh food, and contained convenience store items including drinks and snack foods as well as canned goods and limited supply of staple food stock with no fresh meat or frozen goods. The store also had a bulletproof barrier. Exhibit A, pp. 17-24.

The FNS also reviewed the purchase history at the [REDACTED], which demonstrated multiple transactions in a short time period, excessively large purchase transactions over \$ [REDACTED] which were not justified for a convenience store with the limited counter space and one cash register. There were also excessive transactions ending in \$ [REDACTED] and \$ [REDACTED] with numerous back-to-back transactions. [REDACTED] was charge by FNS with Food Stamp trafficking, and the establishment was permanently disqualified from the SNAP program. Exhibit A, pp. 28-29.

A review of the Respondent's EBT card usage at [REDACTED] showed many transactions which fit the type of transactions indicative of trafficking. As an example, on [REDACTED], the Respondent made eleven EBT purchase transactions in one day for a total of \$ [REDACTED]. Several of the transactions ended in \$ [REDACTED] and occurred over several hours. Exhibit A, pp. 55-56. On [REDACTED], the Respondent made eleven EBT purchase transactions in one day leaving \$ [REDACTED] in the EBT account balance and were made every hour. Exhibit A, pp. 56-57. Again, on [REDACTED], the Respondent made six EBT transactions throughout the day in several hours totaling \$ [REDACTED]. Several of the transactions ended in \$ [REDACTED] and all the transactions were over \$ [REDACTED] except the first transaction. Exhibit A, p.57.

On [REDACTED], the Petitioner had four transactions ending in \$ [REDACTED] including \$ [REDACTED], \$ [REDACTED], \$ [REDACTED] and \$ [REDACTED]. The transactions that day totaled \$ [REDACTED]. Exhibit A, p. 58. On [REDACTED], and [REDACTED], all of the six EBT transactions ended in \$ [REDACTED] and totaled \$ [REDACTED]. Exhibit A, p. 60. Given the type of convenience items available, the lack of shopping carts and one cash register, it is concluded that the Respondent trafficked her FAP benefits in the transactions shown on the EBT purchase summary for Respondent at AH Plus Market.

Based on the foregoing information and evidence presented, the Department has established by clear and convincing evidence that Respondent committed an IPV of FAP benefits because she trafficked the FAP benefits. The evidence is persuasive to conclude that the Respondent was involved in trafficking. Thus, the Department has established by clear and convincing evidence that the Respondent trafficked her FAP benefits.

Disqualification

A client who is found to have committed an IPV by a court or hearing decision is disqualified from receiving program benefits. BAM 720, p. 15-16; BEM 708 (April 1, 2014), p. 1. Clients are disqualified for ten years for a FAP IPV involving concurrent receipt of benefits, and, for all other IPV cases involving FIP, FAP or SDA, for standard disqualification periods of one year for the first IPV, two years for the second IPV, and lifetime for the third IPV. BAM 720, p. 16. CDC clients who intentionally violate CDC program rules are disqualified for six months for the first occurrence, twelve months for the second occurrence, and lifetime for the third occurrence. BEM 708, p. 1. A disqualified recipient remains a member of an active group as long as he/she lives with them, and other eligible group members may continue to receive benefits. BAM 720, p. 16.

The Department produced evidence based upon an IPV Sanctions Summary that this was the Respondent's second IPV. Exhibit A, p. 66. In this case, the Department has satisfied its burden of showing that Respondent committed an IPV concerning FAP benefits. Therefore, Respondent is subject to a disqualification under the FAP program. BAM 720, p. 16.

Overissuance

When a client group receives more benefits than entitled to receive, the Department must attempt to recoup the OI. BAM 700, p. 1. An overissuance is the amount of benefits issued to the client group or CDC provider in excess of what it was eligible to receive. BAM 700, p. 1. For FAP benefits, an overissuance is also the amount of benefits trafficked (traded or sold). BAM 700, p. 1.

For FAP trafficking, the OI amount for trafficking-related IPV is the value of the trafficked benefits as determined by:

- The court decision.
- The individual's admission.
- Documentation used to establish the trafficking determination, such as an affidavit from a store owner or sworn testimony from a federal or state investigator of how much a client could have reasonably trafficked in that store. This can be established through circumstantial evidence.

BAM 720, p. 8

As stated in the analysis above, the Department established by clear and convincing evidence that Respondent trafficked her FAP benefits for cash at the [REDACTED]. Furthermore, the evidence established transactions totaling \$ [REDACTED] that were deemed transactions that patterned trafficking of benefits. Thus, the evidence established that the value of the trafficked benefits is \$ [REDACTED] and the Department is entitled to recoup this amount. See BAM 700, p. 1, and BAM 720, p. 8.

DECISION AND ORDER

The Administrative Law Judge, based upon the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, if any, concludes that:

1. The Department **has** established by clear and convincing evidence that Respondent committed an IPV.
2. Respondent **did** receive an OI of FAP benefits in the amount of \$ [REDACTED]

The Department is ORDERED to initiate recoupment/collection procedures for the amount of \$ [REDACTED] in accordance with Department policy.

It is FURTHER ORDERED that Respondent be disqualified from the FAP benefit program for a period of **24 months**.
