Agency No.: [REDACTED]
Petitioner: OIG
Respondent: [REDACTED] [REDACTED]

ADMINISTRATIVE LAW JUDGE: Darryl Johnson

HEARING DECISION FOR INTENTIONAL PROGRAM VIOLATION

Upon the request for a hearing by the Department of Health and Human Services (Department), this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9, and in accordance with Titles 7, 42 and 45 of the Code of Federal Regulation (CFR), particularly 7 CFR 273.16 and 45 CFR 235.110; and with Mich Admin Code, R 400.3130 and 400.3178. After due notice, a telephone hearing was held on March 1, 2017, from Lansing, Michigan. The Department was represented by [REDACTED] [REDACTED] Regulation Agent of the Office of Inspector General (OIG). Respondent did not appear at the hearing; and it was held in Respondent's absence pursuant to 7 CFR 273.16(e), Mich Admin Code R 400.3130(5), or Mich Admin Code R 400.3178(5).

ISSUES

1. Did Respondent receive an overissuance (OI) of Food Assistance Program (FAP) benefits that the Department is entitled to recoup?
2. Did the Department establish, by clear and convincing evidence, that Respondent committed an Intentional Program Violation (IPV)?
3. Should Respondent be disqualified from receiving benefits for FAP?

FINDINGS OF FACT

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. The Department's OIG filed a hearing request on August 11, 2016, to establish an OI of benefits received by Respondent as a result of Respondent having allegedly committed an IPV.

2. The OIG has requested that Respondent be disqualified from receiving program benefits.
3. Respondent was a recipient of FAP benefits issued by the Department.
4. Respondent was aware of the responsibility to only use his FAP for lawful purposes.
5. Respondent did not have an apparent physical or mental impairment that would limit the understanding or ability to fulfill this requirement.
6. The Department's OIG indicates that the time period it is considering the fraud period is March 1, 2012 through December 31, 2012 (fraud period).
7. During the fraud period, Respondent was issued \$ [REDACTED] in FAP benefits by the State of Michigan, and the Department alleges that Respondent was entitled to \$ [REDACTED] in such benefits during this time period.
8. The Department alleges that Respondent received an OI in FAP benefits in the amount of \$ [REDACTED]
9. This was Respondent's first alleged IPV.
10. A notice of hearing was mailed to Respondent at the last known address and was not returned by the US Post Office as undeliverable.

CONCLUSIONS OF LAW

Department policies are contained in the Department of Health and Human Services Bridges Administrative Manual (BAM), Bridges Eligibility Manual (BEM), Adult Services Manual (ASM), and Reference Tables Manual (RFT).

The Food Assistance Program (FAP) [formerly known as the Food Stamp program] is established by the Food and Nutrition Act of 2008, as amended, 7 USC 2011 to 2036a and is implemented by the federal regulations contained in 7 CFR 273. The Department (formerly known as the Department of Human Services) administers FAP pursuant to MCL 400.10; the Social Welfare Act, MCL 400.1-.119b; and Mich Admin Code, R 400.3001 to .3015.

Effective January 1, 2016, the Department's OIG requests IPV hearings for the following cases:

¹ The amounts stated in paragraphs 7 and 8 are allegations made by the Department. Petitioner was issued much more in FAP, and was eligible to receive much more in FAP, than what is alleged. The critical fact to be determined is the amount of any OI.

- Willful overpayments of \$500.00 or more under the AHH program.
- FAP trafficking overissuances that are not forwarded to the prosecutor.
- Prosecution of welfare fraud or FAP trafficking is declined by the prosecutor for a reason other than lack of evidence, and
 - The total amount for the FIP, SDA, CDC, MA and FAP programs combined is \$500 or more, or
 - the total amount is less than \$500, and
 - the group has a previous IPV, or
 - the alleged IPV involves FAP trafficking, or
 - the alleged fraud involves concurrent receipt of assistance (see BEM 222), or
 - the alleged fraud is committed by a state/government employee.

BAM 720 (1/1/16), p. 12-13.

Intentional Program Violation

Suspected IPV means an OI exists for which all three of the following conditions exist:

- The client intentionally failed to report information **or** intentionally gave incomplete or inaccurate information needed to make a correct benefit determination, and
- The client was clearly and correctly instructed regarding his or her reporting responsibilities, and
- The client has no apparent physical or mental impairment that limits his or her understanding or ability to fulfill reporting responsibilities.

BAM 700 (1/1/16), p. 6; BAM 720, p. 1.

An IPV is also suspected for a client who is alleged to have trafficked FAP benefits. BAM 720, p. 1.

An IPV requires that the Department establish by clear and convincing evidence that the client has intentionally withheld or misrepresented information for the **purpose** of establishing, maintaining, increasing or preventing reduction of program benefits or

eligibility. BAM 720, p. 1 (emphasis in original); see also 7 CFR 273(e)(6). Clear and convincing evidence is evidence sufficient to result in a clear and firm belief that the proposition is true. See M Civ JI 8.01.

In this case, Respondent purchased food at a [REDACTED] gas station and convenience store owned by [REDACTED] [REDACTED]. In August 2014, an investigation by the Michigan State Police (MSP) and the United States Department of Agriculture (USDA) determined that [REDACTED] [REDACTED] was involved in trafficking at the store by exchanging cash, cigarettes, and other unapproved items for FAP benefits. The store was showing FAP sales that were not reasonable considering the small quantity and variety of eligible goods available at the store, the absence of shopping carts that could hold the volume of merchandise needed to ring up large sales, and the point-of-sale constrictions (bullet proof glass, no optical scanner). Witnesses made signed statements explaining how the owners and sales people would exchange ineligible items and cash for FAP benefits. The store was then disqualified from further participation in the FAP benefits program.

The Department commenced an investigation into 78 FAP recipients who had processed multiple transactions at the store totaling \$50 or more in a short period of time. From those 78, they found 22 who had done so on four or more occasions. Respondent was among those 22. The dates on which he did so are found in Exhibit A, at Page 63. They then reviewed his transactions at the store (Pages 67-68) and concluded that he had made purchases at that store totaling \$ [REDACTED] during the fraud period, and of those, \$ [REDACTED] were likely trafficking. Indications of trafficking include round dollar amounts, multiple transactions within a short period of time, and transactions exceeding \$50.

Respondent had two purchases at [REDACTED] [REDACTED] on March 3, 2012. One purchase was at 8:29 A.M., for \$ [REDACTED] and he had another purchase at 12:46 that same day for \$ [REDACTED] (Page 70.) On that same day, he made a purchase at [REDACTED] [REDACTED] for \$100.00. On June 7, 2012, he spent \$ [REDACTED] in one purchase at [REDACTED] [REDACTED] and then made four purchases at other retailers, along with a second purchase at [REDACTED]. Considering the timing of the transactions, the large dollar amounts, and his ability to buy eligible foods at other stores, the evidence is clear and convincing that Respondent was trafficking his FAP. That is an IPV.

Disqualification

A client who is found to have committed a FAP IPV by a court or hearing decision is disqualified from receiving program benefits. BAM 720, p. 15; BEM 708 (4/1/14), p. 1. Clients are disqualified for ten years for a FAP IPV involving concurrent receipt of benefits, and, for all other IPV cases involving FIP, FAP or SDA, for standard disqualification periods of one year for the first IPV, two years for the second IPV, and lifetime for the third IPV. BAM 720, p. 16. CDC clients who intentionally violate CDC program rules are disqualified for six months for the first occurrence, twelve months for the second occurrence, and lifetime for the third occurrence. BEM 708, p. 1. A disqualified recipient remains a member of an active group as long as he/she lives with

them, and other eligible group members may continue to receive benefits. BAM 720, p. 16.

In this case, Respondent committed a FAP IPV by trafficking his benefits, and that subjects him to disqualification. This is his first IPV. He is to be disqualified from receiving FAP for 12 months.

Overissuance

When a client group receives more benefits than entitled to receive, the Department must attempt to recoup the OI. BAM 700, p. 1.

In this case, Respondent trafficked a total of \$ [REDACTED] in FAP benefits. That is an OI which is to be recouped.

DECISION AND ORDER

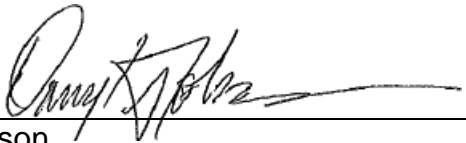

The Administrative Law Judge, based upon the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, concludes that:

1. The Department has established by clear and convincing evidence that Respondent committed an IPV.
2. Respondent received an OI of FAP benefits in the amount of \$ [REDACTED]

The Department is ORDERED to initiate collection procedures for the amount of \$ [REDACTED] in accordance with Department policy.

It is FURTHER ORDERED that Respondent be personally disqualified from participation in the FAP program for 12 months.
