HEARING DECISION FOR INTENTIONAL PROGRAM VIOLATION

Upon the request for a hearing by the Department of Health and Human Services (Department), this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9, and in accordance with Titles 7, 42 and 45 of the Code of Federal Regulation (CFR), particularly 7 CFR 273.16, 42 CFR 431.230(b), and 45 CFR 235.110, and with Mich Admin Code, R 400.3130 and 400.3178. After due notice, a telephone hearing was held on July 6, 2017, from Detroit, Michigan. The Department was represented by Daniel Beck, Regulation Agent of the Office of Inspector General (OIG).

Respondent did not appear at the hearing; and it was held in Respondent's absence pursuant to 7 CFR 273.16(e), Mich Admin Code R 400.3130(5), or Mich Admin Code R 400.3178(5).

ISSUES

1. Did Respondent receive an overissuance (OI) of Food Assistance Program (FAP) benefits that the Department is entitled to recoup?
2. Did the Department establish, by clear and convincing evidence, that Respondent committed an Intentional Program Violation (IPV)?
3. Should Respondent be disqualified from receiving benefits for FAP?

FINDINGS OF FACT

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. The Department's OIG filed a hearing request on [REDACTED] 2017, to establish an OI of benefits received by Respondent as a result of Respondent having allegedly committed an IPV.

2. The OIG has requested that Respondent be disqualified from receiving program benefits.
3. Respondent was a recipient of FAP benefits issued by the Department.
4. Respondent was aware of the responsibility to not traffic his food assistance benefits.
5. Respondent **may have had** an apparent physical or mental impairment that would limit the understanding or ability to fulfill this requirement as he had only an 8th grade education reported.
6. The Department's OIG indicates that the time period it is considering trafficking occurred was December 7, 2015, through March 13, 2016, (fraud period).
7. During the fraud period, the Department alleges Respondent trafficked his FAP benefits in the amount of \$626.09. The Department alleges that Respondent received an OI in FAP benefits in the amount of \$626.09.
8. This was Respondent's **first** alleged IPV.
9. A notice of hearing was mailed to Respondent at the last known address and **was not** returned by the U.S. Postal Service as undeliverable.

CONCLUSIONS OF LAW

Department policies are contained in the Department of Health and Human Services Bridges Administrative Manual (BAM), Bridges Eligibility Manual (BEM), Adult Services Manual (ASM), and Reference Tables Manual (RFT).

The Food Assistance Program (FAP) [formerly known as the Food Stamp program] is established by the Food and Nutrition Act of 2008, as amended, 7 USC 2011 to 2036a and is implemented by the federal regulations contained in 7 CFR 273. The Department (formerly known as the Department of Human Services) administers FAP pursuant to MCL 400.10; the Social Welfare Act, MCL 400.1-.119b; and Mich Admin Code, R 400.3001 to .3015.

Effective October 1, 2014, the Department's OIG requests IPV hearings for the following cases:

- Willful overpayments of \$500.00 or more under the AHH program.
- FAP trafficking overissuances that are not forwarded to the prosecutor.

- Prosecution of welfare fraud or FAP trafficking is declined by the prosecutor for a reason other than lack of evidence, and
 - The total amount for the FIP, SDA, CDC, MA and FAP programs combined is \$500.00 or more, or
 - the total amount is less than \$500.00, and
 - the group has a previous IPV, or
 - the alleged IPV involves FAP trafficking, or
 - the alleged fraud involves concurrent receipt of assistance (see BEM 222), or
 - the alleged fraud is committed by a state/government employee.

BAM 720 (January 2016), p. 1.

Intentional Program Violation

Suspected IPV means an OI exists for which all three of the following conditions exist:

- The client intentionally failed to report information **or** intentionally gave incomplete or inaccurate information needed to make a correct benefit determination, and
- The client was clearly and correctly instructed regarding his or her reporting responsibilities, and
- The client has no apparent physical or mental impairment that limits his or her understanding or ability to fulfill reporting responsibilities.

BAM 700 (October 2016), p. 7; BAM 720, p. 1.

An IPV is also suspected for a client who is alleged to have trafficked FAP benefits. BAM 720, p. 1.

An IPV requires that the Department establish by clear and convincing evidence that the client has intentionally withheld or misrepresented information for the **purpose** of establishing, maintaining, increasing or preventing reduction of program benefits or eligibility. BAM 720, p. 1 (emphasis in original); see also 7 CFR 273(e)(6). Clear and convincing evidence is evidence sufficient to result in a clear and firm belief that the proposition is true. See M Civ JI 8.01.

In this case, the Department alleges that Respondent committed an IPV of his FAP benefits alleging that the Respondent trafficked his FAP benefits because they were used while he was incarcerated.

7 CFR 271.2 Definitions, defines trafficking as:

Trafficking means:

- (1) The buying, selling, stealing, or otherwise effecting an exchange of SNAP benefits issued and accessed via Electronic Benefit Transfer (EBT) cards, card numbers and personal identification numbers (PINs), or by manual voucher and signature, **for cash or consideration other than eligible food**, either directly, indirectly, in complicity or collusion with others, or acting alone; See also BAM 700, (May 2014), p. 2.

The evidence did establish that someone used the Respondent's EBT card while he was incarcerated. Exhibit A, p. 35. The Respondent's incarceration was also established by the evidence of the ██████ County Jail Booking Card showing his booking date and release date to the Department of Corrections on ██████, 2016. Exhibit A, p. 33. What the evidence did not demonstrate was trafficking, because there was no evidence that Respondent received any consideration or cash for the FAP benefits used by someone else. The evidence also established that the Respondent had a food stamp authorized representative.

The Department presented evidence that sufficiently established that Respondent may have authorized someone outside of the FAP-benefit group to make purchases with his card. However, based on Department policy and Federal regulations cited above, a finding of FAP benefit trafficking requires more than allowing someone outside of the FAP benefit group to purchase food with your card. Department policy requires "cash or consideration" in exchange for use of the FAP benefits. BEM 700, p. 2. Department policy does not define "consideration," but it is generally defined as something of value that is bargained for by a party as part of a contract. The requirement of "cash or consideration" requires the Department to establish that Respondent received something of value for use of his FAP benefits; no such allegation was made or supported by the evidence.

In addition, the State of Michigan gets electronic matches which should have put the State on notice of an individual's incarceration and incarcerated individuals do not have the same opportunity to report due to lack of telephone access.

Therefore, based upon the evidence submitted no intentional program violation of trafficking is established by clear and convincing evidence.

Disqualification

A client who is found to have committed an IPV by a court or hearing decision is disqualified from receiving program benefits. BAM 720, p. 15; BEM 708 (October 2016), p. 1. Clients are disqualified for ten years for a FAP IPV involving concurrent receipt of benefits, and, for all other IPV cases involving FIP, FAP or SDA, for standard disqualification periods of one year for the first IPV, two years for the second IPV, and lifetime for the third IPV. BAM 720, p. 16. CDC clients who intentionally violate CDC program rules are disqualified for six months for the first occurrence, twelve months for the second occurrence, and lifetime for the third occurrence. BEM 708, p. 1. A disqualified

recipient remains a member of an active group as long as he/she lives with them, and other eligible group members may continue to receive benefits. BAM 720, p. 16.

In this case, the Department has not satisfied its burden of showing that Respondent committed an IPV concerning FAP benefits. Accordingly, Respondent is not subject to a disqualification under the FAP program.

Overissuance

When a client group receives more benefits than entitled to receive, the Department must attempt to recoup the OI. BAM 700, p. 1.

In this case, the Respondent's Hearing Packet alleged that the OI occurred due to the Respondent's trafficking of his FAP benefits while he was incarcerated. Exhibit A, p. 1. Because no IPV based upon trafficking was established, the Department has not established OI on the basis of trafficking and is not entitled to recoup an overissuance of FAP benefits in this case.

DECISION AND ORDER

The Administrative Law Judge, based upon the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, if any, concludes that:

1. The Department **has not** established by clear and convincing evidence that Respondent committed an IPV.
2. Respondent **did not** receive an OI of program benefits in the amount of \$626.09 from the following program(s) FAP.

The Department is ORDERED to delete the OI and cease any recoupment action.
