FINDINGS OF FACT

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

CONCLUSIONS OF LAW

Department policies are contained in the Department of Health and Human Services Bridges Administrative Manual (BAM), Bridges Eligibility Manual (BEM), Adult Services Manual (ASM), and Reference Tables Manual (RFT).

The Food Assistance Program (FAP) [formerly known as the Food Stamp program] is established by the Food and Nutrition Act of 2008, as amended, 7 USC 2011 to 2036a and is implemented by the federal regulations contained in 7 CFR 273. The Department (formerly known as the Department of Human Services) administers FAP pursuant to MCL 400.10; the Social Welfare Act, MCL 400.1-.119b; and Mich Admin Code, R 400.3001 to .3015.

Effective October 1, 2014, the Department's OIG requests IPV hearings for the following cases:

- Willful overpayments of \$500.00 or more under the AHH program.
- FAP trafficking overissuances that are not forwarded to the prosecutor.
- Prosecution of welfare fraud or FAP trafficking is declined by the prosecutor for a reason other than lack of evidence, and
 - The total amount for the FIP, SDA, CDC, MA and FAP programs combined is \$500.00 or more, or
 - the total amount is less than \$500.00, and
 - the group has a previous IPV, or
 - the alleged IPV involves FAP trafficking, or
 - ➤ the alleged fraud involves concurrent receipt of assistance (see BEM 222), or
 - the alleged fraud is committed by a state/government employee.

BAM 720 (January 2016), pp. 5, 12-13; ASM 165 (August 2016).

Intentional Program Violation

Suspected IPV means an OI exists for which all three of the following conditions exist:

- The client intentionally failed to report information **or** intentionally gave incomplete or inaccurate information needed to make a correct benefit determination, and
- The client was clearly and correctly instructed regarding his or her reporting responsibilities, and
- The client has no apparent physical or mental impairment that limits his or her understanding or ability to fulfill reporting responsibilities.

BAM 700 (October 2016), pp. 7-8; BAM 720, p.1.

An IPV requires that the Department establish by clear and convincing evidence that the client has intentionally withheld or misrepresented information for the **purpose** of establishing, maintaining, increasing or preventing reduction of program benefits or eligibility. BAM 720, p. 1 (emphasis in original); see also 7 CFR 273(e)(6). Clear and convincing evidence is evidence sufficient to result in a clear and firm belief that the proposition is true. See M Civ JI 8.01.

In this case, the Department alleges that Respondent committed an IPV of the FAP because he misrepresented his circumstances by failing to disclose that he had two or more drug-related felony convictions each occurring after August 22, 1996. Clients must completely and truthfully answer all questions on forms and in interviews. BAM 105 (January 2014), p. 7. People convicted of certain crimes and probation or parole violators are not eligible for assistance. BEM 203 (July 2013), p. 1. Effective October 1, 2011, an individual convicted of a felony for the use, possession, or distribution of controlled substances will be permanently disqualified from receipt of FAP if (i) the terms of probation or parole are violated and the qualifying conviction occurred after August 22, 1996, or (ii) the individual was convicted two or more times and both offenses occurred after August 22, 1996. BEM 203, p. 2. The offense must be classified as a felony by the law of the State and have as an element the possession, use or distribution (which is defined as actual, constructive, or attempted delivery) of a controlled substance. 21 USC 862a(a); 21 USC 802(8) and (11). The disqualification does not apply if the conviction is for conduct occurring on or before August 22, 1996. 21 USC 862a(d)(2).

The Department presented documentation including two Register of Actions from the Third Circuit Court detailing Respondent's criminal history. (Exhibit A, pp. 9-12). According to the records provided, Respondent had two drug related felony convictions after August 22, 1996. His first conviction was on April 25, 2007, for Controlled Substance-possession of methamphetamine/ecstasy. In the second case, the Respondent was convicted of Controlled Substance-possession of methamphetamine/ecstasy on July 5, 2007. The cited statutory grounds for each set of convictions in the documents presented establish that Respondent had two felony drug convictions. Each conviction has possession, use, or distribution of a controlled substance as an element.

In support of its contention that Respondent committed an IPV, the Department presented an Application signed by the Respondent and submitted to the Department on February 21, 2014, and a second Application signed and submitted on June 15, 2016. On both Applications, the Respondent answered no as whether he had any felony drug convictions. On the second application, the Respondent also answered no as to whether he had more than one drug related felony conviction. The assistance applications clearly instructed Respondent to provide true and complete information, as well as the penalties for failing to do so. Respondent testified that he must have rushed through the applications and marked no as to whether he had any felony drug convictions. In addition, in answering whether he had more than one felony drug conviction, he had believed that one of convictions had been structured in such a way

as to allow him to continue to receive food stamp benefits. He believed this because he was sent to a half-way house as part of his sentence which required him to turn over his food stamp card while he was in residence. Finally, while Respondent testified that he has a mental health condition, he also testified that he has been medicating for his condition since approximately 2006 and understood what was expected of him in filling out his applications for benefits.

Respondent did not truthfully identify his drug-related felony convictions on either Application for benefits. The Department's evidence establishes by clear and convincing evidence and the Respondent admits that he was advised and understood his responsibility to accurately report his circumstances. Based upon Respondent's testimony he did not report having any convictions because he was rushing through his applications but had enough forethought to decide to answer no as to more than one felony drug conviciton. Based upon the evidence presented, Respondent intentionally withheld information that if properly disclosed, would have made him ineligible for FAP benefits. Under these circumstances, the Department has established by clear and convincing evidence that Respondent committed an IPV of the FAP.

Disqualification

A client who is found to have committed an IPV by a court or hearing decision is disqualified from receiving program benefits. BAM 720, p. 15. Clients are disqualified for 10 years for a FAP IPV involving concurrent receipt of benefits, and, for all other IPV cases involving FAP, for standard disqualification periods of one year for the first IPV, two years for the second IPV, and lifetime for the third IPV. BAM 720, p. 16. A disqualified recipient remains a member of an active group as long as he lives with them, and other eligible group members may continue to receive benefits. BAM 720, p. 16.

In this case, the Department has satisfied its burden of showing that Respondent committed an IPV. This was Respondent's first IPV. Therefore, he is subject to a one-year disqualification under the FAP.

Overissuance

When a client group receives more benefits than entitled to receive, the Department must attempt to recoup the OI. BAM 700, p. 1. The amount of a FAP OI is the benefit amount the client actually received minus the amount the client was eligible to receive. BAM 720, p. 8; BAM 715 (January 2016), p. 6; BAM 705 (January 2016), p. 6.

In this case, the Department alleged that Respondent was issued FAP benefits in the amount of from February 22, 2014, through May 31, 2017, and that due to his drug-related felony convictions he was ineligible for any FAP benefits during this period. A review of the Respondent's IG-150 FAP Benefit Issuance Summary presented by the Department supports benefits issued in the amount alleged. (Exhibit A, pp. 27-28). As discussed above, Respondent was ineligible for FAP benefits as he was subject to a permanent disqualification from the FAP and he was the only member of his FAP group. The Department is entitled to recoup from Respondent, which is the

difference between the amount of FAP benefits actually issued to him and the amount he was eligible to receive during the fraud period.

DECISION AND ORDER

The Administrative Law Judge, based upon the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, if any, concludes that:

- 1. The Department **has** established by clear and convincing evidence that Respondent committed an IPV.
- 2. Respondent **received** an OI of program benefits in the amount of \$ from the FAP.

The Department is ORDERED to initiate recoupment/collection procedures for the amount of \$\frac{1}{2}\text{maximum}\$ in accordance with Department policy.

It is FURTHER ORDERED that Respondent be disqualified from the FAP for a period of 12 **months**.
