**ADMINISTRATIVE LAW JUDGE: Ellen McLemore**

**HEARING DECISION FOR INTENTIONAL PROGRAM VIOLATION**

Upon the request for a hearing by the Department of Health and Human Services (Department), this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9, and in accordance with Titles 7, 42 and 45 of the Code of Federal Regulation (CFR), particularly 7 CFR 273.16, 42 CFR 431.230(b), and 45 CFR 235.110, and with Mich Admin Code, R 400.3130 and 400.3178. After due notice, a telephone hearing was held on March 29, 2018, from Detroit, Michigan. The Department was represented by [REDACTED], Regulation Agent of the Office of Inspector General (OIG).

Respondent did not appear at the hearing; and it was held in Respondent's absence pursuant to 7 CFR 273.16(e), Mich Admin Code R 400.3130(5), or Mich Admin Code R 400.3178(5).

**ISSUES**

1. Did Respondent receive an overissuance (OI) of Food Assistance Program (FAP) benefits that the Department is entitled to recoup?
2. Did the Department establish, by clear and convincing evidence, that Respondent committed an Intentional Program Violation (IPV)?
3. Should Respondent be disqualified from receiving benefits for 24 months?

**FINDINGS OF FACT**

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. The Department's OIG filed a hearing request on September 7, 2017, to establish an OI of benefits received by Respondent as a result of Respondent having allegedly committed an IPV.
2. The OIG has requested that Respondent be disqualified from receiving program benefits.
3. Respondent was a recipient of FAP benefits issued by the Department.
4. Respondent was aware of the responsibility to use her FAP benefits lawfully.
5. Respondent did not have an apparent physical or mental impairment that would limit the understanding or ability to fulfill this requirement.
6. The Department's OIG indicates that the time period it is considering the fraud period is March 1, 2016 through April 30, 2016 (fraud period).
7. During the fraud period, the Department alleges that Respondent was not entitled to receive [REDACTED] in FAP benefits.
8. The Department alleges that Respondent received an OI in FAP benefits in the amount of [REDACTED].
9. This was Respondent's second alleged IPV.
10. A notice of hearing was mailed to Respondent at the last known address and was not returned by the United States Postal Services as undeliverable.

### **CONCLUSIONS OF LAW**

Department policies are contained in the Department of Health and Human Services Bridges Administrative Manual (BAM), Bridges Eligibility Manual (BEM), Adult Services Manual (ASM), and Reference Tables Manual (RFT).

The Food Assistance Program (FAP) [formerly known as the Food Stamp program] is established by the Food and Nutrition Act of 2008, as amended, 7 USC 2011 to 2036a and is implemented by the federal regulations contained in 7 CFR 273. The Department (formerly known as the Department of Human Services) administers FAP pursuant to MCL 400.10; the Social Welfare Act, MCL 400.1-.119b; and Mich Admin Code, R 400.3001 to .3015.

Effective October 1, 2014, the Department's OIG requests IPV hearings for the following cases:

- Willful overpayments of \$500.00 or more under the AHH program.
- FAP trafficking overissuances that are not forwarded to the prosecutor.
- Prosecution of welfare fraud or FAP trafficking is declined by the prosecutor for a reason other than lack of evidence, and
  - The total amount for the FIP, SDA, CDC, MA and FAP programs combined is \$500.00 or more, or
  - the total amount is less than \$500.00, and
    - the group has a previous IPV, or
    - the alleged IPV involves FAP trafficking, or
    - the alleged fraud involves concurrent receipt of assistance (see BEM 222), or
    - the alleged fraud is committed by a state/government employee.

BAM 720 (January 2016), p. 12-13

### **Intentional Program Violation**

Suspected IPV means an OI exists for which all three of the following conditions exist:

- The client intentionally failed to report information **or** intentionally gave incomplete or inaccurate information needed to make a correct benefit determination, and
- The client was clearly and correctly instructed regarding his or her reporting responsibilities, and
- The client has no apparent physical or mental impairment that limits his or her understanding or ability to fulfill reporting responsibilities.

BAM 700 (October 2016), p. 7; BAM 720, p. 1.

An IPV is also suspected for a client who is alleged to have trafficked FAP benefits. BAM 720, p. 1.

An IPV requires that the Department establish by clear and convincing evidence that the client has intentionally withheld or misrepresented information for the **purpose** of

establishing, maintaining, increasing or preventing reduction of program benefits or eligibility. BAM 720, p. 1 (emphasis in original); see also 7 CFR 273(e)(6). Clear and convincing evidence is evidence sufficient to result in a clear and firm belief that the proposition is true. See M Civ JI 8.01.

In this case, the Department alleges that Respondent committed an IPV because she trafficked her FAP benefits by selling her FAP Electronic Benefit Transfer (EBT) card for cash to another individual. Trafficking is (i) the buying or selling of FAP benefits for cash or consideration other than eligible food; (ii) selling products purchased with FAP benefits for cash or consideration other than eligible food; and (iii) purchasing containers with deposits, dumping/discarding product and then returning containers to obtain cash refund deposits. BAM 700, p 2.

In support of its contention that Respondent trafficked her FAP benefits, the Department presented a police report taken on April 27, 2016. The report states that an individual by the name of [REDACTED] was arrested and was in possession of an EBT card with the name [REDACTED] listed as the beneficiary. According to the narrative, [REDACTED]. [REDACTED] admitted that he purchased the EBT card which contained [REDACTED] in FAP benefits from [REDACTED] in exchange for [REDACTED] in cash.

The Department also presented an application Respondent submitted to the Department on January 6, 2016. The Department asserts that when completing the application process, Respondent acknowledged that she had received the Information Booklet advising her regarding "Things You Must Do" which explained the definition of trafficking and the repercussions if an individual engages in trafficking.

Additionally, the Department presented Petitioner's FAP benefit usage history which showed in April 2016 there were a number of transactions that occurred totaling [REDACTED]. The Department noted that according to the police report, Respondent sold [REDACTED] in FAP benefits. The Department also presented Respondent's recipient card history which shows she has reported her card lost or stolen on numerous occasions over the last several years. However, Respondent did not report her card lost or stolen in April 2016. Lastly, the Department presented Respondent's transaction history which showed on April 14, 2016, a balance inquiry and two invalid pin transactions occurred. The Department testified that this suggested Respondent's EBT card was in possession of another individual.

The Department failed to provide sufficient evidence that the card seized was Respondent's EBT card. The name on the EBT card was the only evidence presented by the Department linking Respondent to the seized EBT card. The Department did not provide any evidence that the number on the EBT card matched that on the account associated with Respondent. Therefore, the Department failed to establish by clear and convincing evidence that Respondent trafficked her benefits, and thus, committed an IPV.

### **Disqualification**

A client who is found to have committed an IPV by a court or hearing decision is disqualified from receiving program benefits. BAM 720, p. 15; BEM 708 (October 2016), p. 1. Clients are disqualified for ten years for a FAP IPV involving concurrent receipt of benefits, and, for all other IPV cases involving FIP, FAP or SDA, for standard disqualification periods of one year for the first IPV, two years for the second IPV, and lifetime for the third IPV. BAM 720, p. 16. CDC clients who intentionally violate CDC program rules are disqualified for six months for the first occurrence, twelve months for the second occurrence, and lifetime for the third occurrence. BEM 708, p. 1. A disqualified recipient remains a member of an active group as long as he/she lives with them, and other eligible group members may continue to receive benefits. BAM 720, p. 16.

In this case, the Department has not satisfied its burden of showing that Respondent committed an IPV concerning FAP benefits. Accordingly, Respondent is not subject to a disqualification under the FAP program.

### **Overissuance**

When a client group receives more benefits than entitled to receive, the Department must attempt to recoup the OI. BAM 700, p. 1.

The Department failed to establish that Respondent trafficked her benefits by selling her benefits to another individual. Therefore, the Department failed to establish that Respondent was overissued FAP benefits.

### **DECISION AND ORDER**

The Administrative Law Judge, based upon the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, if any, concludes that:

1. The Department has not established by clear and convincing evidence that Respondent committed an IPV.
2. Respondent did not receive an OI of FAP benefits in the amount of [REDACTED].

The Department is ORDERED to delete the OI and cease any recoupment action.

It is FURTHER ORDERED that Respondent is not disqualified from the FAP for a period of 24 months.
