- 2. Did the Department establish, by clear and convincing evidence, that Respondent committed an Intentional Program Violation (IPV)?
- 3. Should Respondent be disqualified from receiving benefits for Food Assistance (FAP)?

FINDINGS OF FACT

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

- 1. The Department's OIG filed a hearing request on March 8, 2018, to establish an OI of benefits received by Respondent as a result of Respondent having allegedly committed an IPV.
- 2. The OIG **has** requested that Respondent be disqualified from receiving program benefits.
- 3. Respondent was a recipient of Food Assistance benefits issued by the Department.
- 4. Respondent **was** aware of the responsibility to not to buy, sell, trade, exchange, or otherwise traffic FAP benefits.
- 5. Respondent **did not have** an apparent physical or mental impairment that would limit the understanding or ability to fulfill this requirement.
- 6. The Department's OIG indicates that the time period it is considering the fraud period is February 1, 2017 through March 31, 2017 (fraud period).
- 7. During the fraud period, Respondent was issued in FAP benefits by the State of Michigan, and the Department alleges that Respondent was entitled to \$0.00 in such benefits during this time period.
- 8. The Department alleges that Respondent received an OI in FAP benefits in the amount of \$_\text{mass}
- 9. This was Respondent's **first** alleged IPV.
- 10. A notice of hearing was mailed to Respondent at the last known address and **was not** returned by the United States Postal Services as undeliverable.

CONCLUSIONS OF LAW

Department policies are contained in the Department of Health and Human Services Bridges Administrative Manual (BAM), Bridges Eligibility Manual (BEM), Adult Services Manual (ASM), and Reference Tables Manual (RFT).

The Food Assistance Program (FAP) [formerly known as the Food Stamp program] is established by the Food and Nutrition Act of 2008, as amended, 7 USC 2011 to 2036a and is implemented by the federal regulations contained in 7 CFR 273. The Department (formerly known as the Department of Human Services) administers FAP pursuant to MCL 400.10; the Social Welfare Act, MCL 400.1-.119b; and Mich Admin Code, R 400.3001 to .3015.

Effective October 1, 2014, the Department's OIG requests IPV hearings for the following cases:

- Willful overpayments of \$500.00 or more under the AHH program.
- FAP trafficking overissuances that are not forwarded to the prosecutor.
- Prosecution of welfare fraud or FAP trafficking is declined by the prosecutor for a reason other than lack of evidence, and
 - The total amount for the FIP, SDA, CDC, MA and FAP programs combined is \$500.00 or more, or
 - the total amount is less than \$500.00, and
 - the group has a previous IPV, or
 - the alleged IPV involves FAP trafficking, or
 - the alleged fraud involves concurrent receipt of assistance (see BEM 222), or
 - > the alleged fraud is committed by a state/government employee.

BAM 720 (January 2016), p. 5, 12-13.

Intentional Program Violation

Suspected IPV means an OI exists for which all three of the following conditions exist:

- The client intentionally failed to report information or intentionally gave incomplete or inaccurate information needed to make a correct benefit determination, and
- The client was clearly and correctly instructed regarding his or her reporting responsibilities, and
- The client has no apparent physical or mental impairment that limits his or her understanding or ability to fulfill reporting responsibilities.

BAM 700 (October 2016), p. 7-8; BAM 720, p. 1.

An IPV is also suspected for a client who is alleged to have trafficked FAP benefits. BAM 720, p. 1-2.

An IPV requires that the Department establish by clear and convincing evidence that the client has intentionally withheld or misrepresented information for the **purpose** of establishing, maintaining, increasing or preventing reduction of program benefits or eligibility. BAM 720, p. 1 (emphasis in original); see also 7 CFR 273(e)(6). Clear and convincing evidence is evidence sufficient to result in a clear and firm belief that the proposition is true. See M Civ JI 8.01.

In this case the Department has alleged that Respondent committed an IPV of his FAP benefits because he trafficked of his FAP by allowing an individual identified as to use his EBT card to make purchases at and and and and and and are the purchases were made beginning February 17, 2017 just after the Respondent received a FAP settlement in the amount of a litigation involving the Department and recipients of food assistance. The Respondent was a group of one and the entire FAP benefits from the settlement were made within 5 days of the issuance.

Trafficking is the buying or selling of FAP benefits for cash or consideration other than eligible food. BAM 700, p. 1. Trafficking also includes (i) fraudulently using, transferring, altering, acquiring, or possessing coupons, authorization cards, or access devices, or (ii) redeeming or presenting for payment coupons known to be fraudulently obtained or transferred. BEM 203 (July 2013), p. 3. The federal regulations define trafficking to include "attempting to buy, sell, steal, or otherwise affect an exchange of [FAP] benefits issued and accessed via Electronic Benefit Transfer (EBT) . . . for cash or consideration other than eligible food, either directly, indirectly, in complicity or collusion with others, or acting alone." 7 CFR 271.2. In this case, the Department established that it adequately notified Respondent at the time of application and when he received the Bridge Card that he could not traffick FAP benefits.

The Department presented the following evidence in support of its trafficking claim. The evidence showed that Respondent's EBT card was used to purchase in food at ■ in one day February 22, 2017. The Department also provided a receipt which demonstrated that the purchases consisted primarily in boxes of snack foods purchased by the case, consisting of items that would be used in vending machines. The Respondent did not have a membership. Exhibit A, pp. 51-54. The evidence did establish that these benefits were trafficked. The Department further presented purchases made at on the same day for a and at a transactions the Department established that the For the membership used was and that Respondent did not have and again the purchases were snack items. Additional a membership at usings the Respondent's EBT card were made purchases by on February 27, 2017 in the amount of at which point only remained in Respondent's FAP EBT account. Exhibit A, p. 38. Two other large transcations at a different were made of February 23 and 24, 2017, but it could not be established that they were made on

. The Department also presented
corporate online filing which established that was the Residen
Agent. The evidence also established that the Respondent did not reprot a request fo
a Bridge Card replacement until after the transactions were completed. The transaction
made at the store for large quantities of meat and during the alleged fraud period
and on the same day as the purchase were not, however, trafficking
because no individual could be associated as involved in or making the purchase as no
card was identified to identify a purchaser other than Respondent. In
addition, the usage history after the Respondent received the large dollar settlement o
on February 18, 2017 indicated the Respondent made only small dollar amoun
purchases. The largest being at the for the until the trafficking
pattern began and the benefits largely exhausted within 5 days.

Based upon the evidence provided it is determined that the Department did establish by clear and convicing evidence that Respondent trafficked his FAP benefits by allowing another person to purchase items with his EBT card in contratvention of trafficking rules based upon the large dollar amounts purchased in a short period of time, and for items, consisting of large quantities of snack foods not ususally purchased by an individual except someone in the vending machine business.

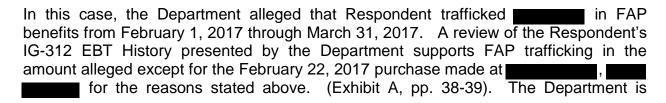

Disqualification

A client who is found to have committed an IPV by a court or hearing decision is disqualified from receiving program benefits. BAM 720, p. 15. Clients are disqualified for 10 years for a FAP IPV involving concurrent receipt of benefits, and, for all other IPV cases involving FAP, for standard disqualification periods of one year for the first IPV, two years for the second IPV, and lifetime for the third IPV. BAM 720, p. 16. A disqualified recipient remains a member of an active group as long as he lives with them, and other eligible group members may continue to receive benefits. BAM 720, p. 16.

In this case, the Department has satisfied its burden of showing that Respondent committed an IPV. This was Respondent's first IPV. Therefore, he is subject to a one-year disqualification under the FAP.

Overissuance

When a client group receives more benefits than entitled to receive, the Department must attempt to recoup the OI. BAM 700, p. 1. The OI amount for a trafficking-related IPV is the value of the trafficked amount as determined by an administrative hearing decision, repayment and disgualification agreement, or court decision. BAM 720, p. 8.

therefore entitled to recoup \$ from Respondent, the amount of trafficked FAP benefits.

DECISION AND ORDER

The Administrative Law Judge, based upon the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, if any, concludes that:

- 1. The Department **has** established by clear and convincing evidence that Respondent committed an IPV.
- 2. Respondent **did** receive an OI of program benefits in the amount of the following program(s) Food Assistance.

The Department is ORDERED to initiate recoupment/collection procedures for the amount of in accordance with Department policy.

It is FURTHER ORDERED that Respondent be disqualified from receiving Food Assistance for a period of **12 months**.
