HEARING DECISION FOR INTENTIONAL PROGRAM VIOLATION

Upon the request for a hearing by the Department of Health and Human Services (Department), this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9, and in accordance with Title 7 of the Code of Federal Regulation (CFR), particularly 7 CFR 273.16. After due notice, a telephone hearing was held on May 30, 2018, from Lansing, Michigan. The Department was represented by Clarice Bridges, Regulation Agent of the Office of Inspector General (OIG). The Respondent did not appear. The hearing was held in Respondent's absence pursuant to 7 CFR 273.16(e).

ISSUES

1. Did Respondent receive an overissuance (OI) of Food Assistance Program (FAP) benefits that the Department is entitled to recoup?
2. Did the Department establish, by clear and convincing evidence that Respondent committed an Intentional Program Violation (IPV)?
3. Should Respondent be disqualified from receiving FAP benefits?

FINDINGS OF FACT

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. On April 21, 2015, Respondent applied for health coverage benefits.
2. In the application Respondent completed on April 21, 2015, the Department advised Respondent that he "may be guilty of fraud/IPV if you trade, attempt to trade or sell your FAP benefits or Bridge card online or in person."

3. After Respondent applied for benefits on April 21, 2015, the Department sent Respondent a pamphlet titled Important Things to Know (DHS-PUB-1010) and a brochure titled How to Use Your Bridge Card.
4. The Things to Know pamphlet advised Respondent that trading or selling FAP benefits was considered FAP trafficking.
5. The How to Use Your Bridge Card brochure advised Respondent that misuse of food benefits is a violation of law, including trading or selling FAP benefits.
6. Respondent did not have any apparent physical or mental impairment that would limit his understanding or ability to fulfill his responsibilities to the Department.
7. In January of 2017, the Department issued Respondent FAP benefits in the amount of \$ [REDACTED]
8. On January 23, 2017, Respondent made a Facebook post that stated, "Looking for a roommate or a room too rent I have a bridge card? It has 200 \$ a month for a place to stay? Inbox me hot me up ASAP?"
9. The Department conducted an investigation of Respondent after it discovered the Facebook post.
10. The Department identified Respondent because Respondent's name on his Facebook profile matched a case with the same name, the birthdate used on his Facebook profile was the same as his birthdate on his case file, Respondent was approved for FAP benefits at the time of the post, and the Facebook pictures matched Respondent's picture on file with the Secretary of State.
11. On November 29, 2017, the Department's OIG filed a hearing request to establish that Respondent committed an IPV and should be disqualified.
12. A notice of hearing was mailed to Respondent at his last known address and it was not returned by the United States Postal Services as undeliverable.
13. The OIG requested Respondent be disqualified from receiving program benefits for 12 months for a first IPV.

CONCLUSIONS OF LAW

Department policies are contained in the Department of Health and Human Services Bridges Administrative Manual (BAM), Bridges Eligibility Manual (BEM), and Reference Tables Manual (RFT).

The Food Assistance Program (FAP) [formerly known as the Food Stamp program] is established by the Food and Nutrition Act of 2008, as amended, 7 USC 2011 to 2036a

and is implemented by the federal regulations contained in 7 CFR 273. The Department (formerly known as the Department of Human Services) administers FAP pursuant to MCL 400.10; the Social Welfare Act, MCL 400.1-.119b; and Mich Admin Code, R 400.3001 to .3015.

Intentional Program Violation

An IPV is suspected for a client who is alleged to have trafficked FAP benefits. BAM 720 (January 1, 2016), p. 1.

Trafficking is:

- The buying, selling or stealing of FAP benefits for cash or consideration other than eligible food. Examples would be liquor, exchange of firearms, ammunition, explosives or controlled substances.
- Selling products purchased with FAP benefits for cash or consideration other than eligible food.
- Purchasing containers with deposits, dumping/discarding product and then returning containers to obtain cash refund deposits.
- Attempting to buy, sell or steal FAP benefits for cash or consideration other than eligible food.

BAM 700 (October 1, 2016), p. 2.

An IPV requires that the Department establish by clear and convincing evidence that the client has trafficked FAP benefits. BAM 720, p. 1; see also 7 CFR 273(e)(6). Clear and convincing evidence is evidence which is so clear, direct, weighty, and convincing that it enables a firm belief as to the truth of the allegations sought to be established. *In re Martin*, 450 Mich 204, 227; 538 NW2d 399 (1995) (citing *In re Jobes*, 108 NJ 394 (1987)).

In this case, I find that the Department has met its burden. The Department established that Respondent made a post on Facebook which stated, "Looking for a roommate or a room too rent I have a bridge card? It has 200 \$ a month for a place to stay? Inbox me hot me up ASAP?" Respondent's post clearly conveyed his intent to trade or sell his FAP benefits for shelter. Thus, the Department established that made a Facebook post in an attempt to sell or trade his FAP benefits for shelter, and the attempt to sell or trade FAP benefits is trafficking.

Disqualification

A client who is found to have committed an IPV by a court or hearing decision is disqualified from receiving program benefits. BAM 720, p. 15. Clients are disqualified for ten years for a FAP IPV involving concurrent receipt of benefits, and, for all other IPV cases involving FAP, for standard disqualification periods of one year for the first IPV, two years for the second IPV, and lifetime for the third IPV. BAM 720, p. 16. A disqualified recipient remains a member of an active group as long as he/she lives with them, and other eligible group members may continue to receive benefits. BAM 720, p. 16.

In this case, there is no evidence that Respondent has ever been found to have committed an IPV related to FAP benefits. Thus, this is Respondent's first IPV related to FAP benefits. Therefore, Respondent is subject to a one-year disqualification.

Overissuance

When a client group receives more benefits than entitled to receive, the Department must attempt to recoup the OI. BAM 700, p. 1. The OI amount for trafficking-related IPV is the value of the trafficked benefits (attempted or actually trafficked) as determined by: (1) a court decision; (2) the individual's admission; or (3) documentation used to establish the trafficking determination, such as an affidavit from a store owner or sworn testimony from a federal or state investigator of how much a client could have reasonably trafficked in that store. BAM 720, p. 8. This can be established through circumstantial evidence. BAM 720, p. 8. In this case, the Department established that Respondent trafficked FAP benefits valued at \$ [REDACTED]. Thus, Respondent received an overissuance of \$ [REDACTED].

DECISION AND ORDER

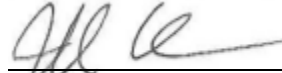

The Administrative Law Judge, based upon the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, if any, concludes that:

1. The Department has established by clear and convincing evidence that Respondent committed an IPV.
2. Respondent did receive an OI of FAP benefits in the amount of \$ [REDACTED].

IT IS ORDERED THAT the Department may initiate recoupment procedures for the amount of \$ [REDACTED] in accordance with Department policy.

It is FURTHER ORDERED that Respondent shall be disqualified from FAP benefits for a period of 12 months.
