**ADMINISTRATIVE LAW JUDGE: Amanda M. T. Marler**

**HEARING DECISION FOR INTENTIONAL PROGRAM VIOLATION**

Upon the request for a hearing by the Department of Health and Human Services (Department), this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9, and in accordance with Titles 7, 42 and 45 of the Code of Federal Regulation (CFR), particularly 7 CFR 273.16, 42 CFR 431.230(b), and 45 CFR 235.110, and with Mich Admin Code, R 400.3130 and 400.3178. After due notice, a telephone hearing was held on June 27, 2018, from Detroit, Michigan. The Department was represented by Darren Bondy, Regulation Agent of the Office of Inspector General (OIG). Respondent did not appear at the hearing; and it was held in Respondent's absence pursuant to 7 CFR 273.16(e), Mich Admin Code R 400.3130(5), or Mich Admin Code R 400.3178(5).

**ISSUES**

1. Did Respondent receive an overissuance (OI) of Food Assistance Program (FAP) benefits that the Department is entitled to recoup?
2. Did the Department establish, by clear and convincing evidence, that Respondent committed an Intentional Program Violation (IPV)?
3. Should Respondent be disqualified from receiving benefits for the FAP?

**FINDINGS OF FACT**

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. The Department's OIG filed a hearing request on April 20, 2018, to establish an OI of benefits received by Respondent as a result of Respondent having allegedly committed an IPV.

2. The OIG **has** requested that Respondent be disqualified from receiving program benefits.
3. Respondent was a recipient of FAP benefits issued by the Department.
4. Respondent **was** aware of the responsibilities associated with receipt of FAP benefits.
5. Respondent **did not have** an apparent physical or mental impairment that would limit the understanding or ability to fulfill this requirement.
6. The Department's OIG indicates that the time period it is considering the fraud period is the month of February 2017 (fraud period).
7. During the fraud period, Respondent was issued a supplemental payment of \$ [REDACTED] in FAP benefits by the State of Michigan as a result of the settlement agreement in the *Barry v Lyons* case.
8. The Department alleges that Respondent received an OI in FAP benefits in the amount of \$ [REDACTED] as a result of trafficked benefits after receiving the settlement payment.
9. This was Respondent's **first** alleged IPV.
10. A notice of hearing was mailed to Respondent at the last known address and **was not** returned by the United States Postal Service as undeliverable.

### CONCLUSIONS OF LAW

Department policies are contained in the Department of Health and Human Services Bridges Administrative Manual (BAM), Bridges Eligibility Manual (BEM), Adult Services Manual (ASM), and Reference Tables Manual (RFT).

The Food Assistance Program (FAP) [formerly known as the Food Stamp program] is established by the Food and Nutrition Act of 2008, as amended, 7 USC 2011 to 2036a and is implemented by the federal regulations contained in 7 CFR 273. The Department (formerly known as the Department of Human Services) administers FAP pursuant to MCL 400.10; the Social Welfare Act, MCL 400.1-.119b; and Mich Admin Code, R 400.3001 to .3015.

Effective October 1, 2014, the Department's OIG requests IPV hearings for the following cases:

- Willful overpayments of \$500.00 or more under the AHH program.

- FAP trafficking overissuances that are not forwarded to the prosecutor.
- Prosecution of welfare fraud or FAP trafficking is declined by the prosecutor for a reason other than lack of evidence, and
  - The total amount for the FIP, SDA, CDC, MA and FAP programs combined is \$500.00 or more, or
  - the total amount is less than \$500.00, and
    - the group has a previous IPV, or
    - the alleged IPV involves FAP trafficking, or
    - the alleged fraud involves concurrent receipt of assistance (see BEM 222), or
    - the alleged fraud is committed by a state/government employee.

BAM 720 (October 2017), pp. 5, 12-13; ASM 165 (August 2016).

### **Intentional Program Violation**

Suspected IPV means an OI exists for which all three of the following conditions exist:

- The client intentionally failed to report information **or** intentionally gave incomplete or inaccurate information needed to make a correct benefit determination, and
- The client was clearly and correctly instructed regarding his or her reporting responsibilities, and
- The client has no apparent physical or mental impairment that limits his or her understanding or ability to fulfill reporting responsibilities.

BAM 700 (January 2018), p. 8; BAM 720, p.1.

An IPV is also suspected for a client who is alleged to have trafficked FAP benefits. BAM 720, p. 1.

An IPV requires that the Department establish by clear and convincing evidence that the client has intentionally withheld or misrepresented information for the **purpose** of establishing, maintaining, increasing or preventing reduction of program benefits or eligibility. BAM 720, p. 1 (emphasis in original); see also 7 CFR 273(e)(6). Clear and

convincing evidence is evidence sufficient to result in a clear and firm belief that the proposition is true. See M Civ JI 8.01.

In this case, the Department alleges that Respondent committed an IPV by trafficking \$ [REDACTED] of FAP benefits. Trafficking is the buying or selling of FAP benefits for cash or consideration other than eligible food. BAM 700, p. 1. Trafficking also includes (i) fraudulently using, transferring, altering, acquiring, or possessing coupons, authorization cards, or access devices, or (ii) redeeming or presenting for payment coupons known to be fraudulently obtained or transferred. BEM 203 (October 2015), p. 3. The federal regulations define trafficking to include “attempting to buy, sell, steal, or otherwise affect an exchange of [FAP] benefits issued and accessed via Electronic Benefit Transfer (EBT) ... for cash or consideration other than eligible food, either directly, indirectly, in complicity or collusion with others, or acting alone.” 7 CFR 271.2. In this case, the Department established that it notified Respondent at the time of Application of the things he must do as as a FAP recipient and other important things to know about the FAP program (Exhibit A, p. 30).

The Department presented evidence that on February 22, 2017, five days after receiving a lump-sum payment of \$ [REDACTED] from the Department pursuant to the *Barry v Lyons* settlement agreement, Respondent trafficked his FAP benefits. The Department presented Respondent’s IG-311 EBT History showing that on February 22, 2017, at 3:45 PM, a transaction of \$ [REDACTED] was completed at Sam’s Club using Respondent’s EBT card. The membership identification associated with the transaction does not belong to Respondent. Furthermore, the Department provided screen shots from video footage at Sam’s Club showing an African American woman completing the transaction and leaving the store. Respondent is an African American man and is nowhere to be seen in the photos. The receipt shows that many items were purchased in multiples and the total value of the items purchased using Respondent’s EBT card. In reviewing the remainder of Respondent’s EBT history from March 1, 2017, through the end of the year, Respondent’s largest transaction value was \$163.17; and his card was never used at Sam’s Club again.

The foregoing evidence was sufficient when viewed under the totality of the circumstances to establish by clear and convincing evidence that Respondent trafficked his FAP benefits by transferring or exchanging his card with an unauthorized user.

### **Disqualification**

A client who is found to have committed an IPV by a court or hearing decision is disqualified from receiving program benefits. BAM 720, p. 15. Clients are disqualified for 10 years for a FAP IPV involving concurrent receipt of benefits, and, for all other IPV cases involving FAP, for standard disqualification periods of one year for the first IPV, two years for the second IPV, and lifetime for the third IPV. BAM 720, p. 16. A disqualified recipient remains a member of an active group as long as he/she lives with them, and other eligible group members may continue to receive benefits. BAM 720, p. 16.

In this case, the Department has satisfied its burden of showing that Respondent committed an IPV. This was Respondent's first IPV. Therefore, he is subject to a one-year disqualification under the FAP.

### Overissuance

When a client group receives more benefits than entitled to receive, the Department must attempt to recoup the OI. BAM 700, p. 1. The OI amount for a trafficking-related IPV is the value of the trafficked amount as determined by an administrative hearing decision, repayment and disqualification agreement, or court decision. BAM 720, p. 8.

In this case, the Department alleged that Respondent trafficked \$ [REDACTED] in FAP benefits in February 2017. A review of the Respondent's IG-312 EBT History presented by the Department supports FAP trafficking in the amount alleged. (Exhibit A, pp. 39-49.) Therefore, the Department is entitled to recoup \$ [REDACTED] from Respondent, the amount of trafficked FAP benefits.

### DECISION AND ORDER

The Administrative Law Judge, based upon the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, if any, concludes that:

1. The Department **has** established by clear and convincing evidence that Respondent committed an IPV.
2. Respondent **received** an OI of program benefits in the amount of \$ [REDACTED] from the FAP.

The Department is ORDERED to initiate recoupment/collection procedures for the amount of \$ [REDACTED] in accordance with Department policy.

It is FURTHER ORDERED that Respondent be disqualified from FAP for a period of **12 months**.
