**ADMINISTRATIVE LAW JUDGE: Christian Gardocki**

**HEARING DECISION FOR  
INTENTIONAL PROGRAM VIOLATION AND OVERISSUANCE**

Upon the request for a hearing by the Michigan Department of Health and Human Services (MDHHS), this matter is before the undersigned administrative law judge pursuant to MCL 400.9, and in accordance with Titles 7, 42 and 45 of the Code of Federal Regulation (CFR), particularly 7 CFR 273.16, 42 CFR 431.230(b), and 45 CFR 235.110, and with Mich Admin Code, R 400.3130 and 400.3178. After due notice, a telephone hearing was scheduled for August 6, 2018, from Detroit, Michigan. The hearing was held on the scheduled hearing date and at least 30 minutes after the scheduled hearing time. The Michigan Department of Health and Human Services (MDHHS) was represented by Philip Giuliani, regulation agent with the Office of Inspector General. Respondent did not appear for the hearing.

**ISSUES**

The first issue is whether MDHHS established by clear and convincing evidence that Respondent committed an intentional program violation (IPV) which justifies imposing a disqualification against Respondent.

The second issue is whether MDHHS established a basis for recoupment of trafficked Food Assistance Program (FAP) benefits.

**FINDINGS OF FACT**

The administrative law judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. On October 3, 2014, Respondent applied for FAP benefits. (Exhibit A, pp. 55-64)

2. On an unspecified date, Respondent received FAP benefits from October 2014 through January 2015. (Exhibit A, p. 65)
3. As a FAP recipient, Respondent received a brochure from MDHHS which warned Respondent that trafficking FAP benefits could result in disqualification and/or repayment of benefits. (Exhibit A, pp. 68-83)
4. From July 7, 2014, through March 5, 2015, Respondent made 10 purchases from [REDACTED], Michigan (hereinafter "Store") totaling \$[REDACTED] (Exhibit A, p. 47.) MDHHS alleged the following purchases by Respondent at Store involved trafficking:

<u>Date</u>	<u>Amount</u>
July 7, 2014	\$[REDACTED]
July 8, 2014	\$[REDACTED]
October 16, 2014	\$[REDACTED]
November 5, 2014	\$[REDACTED]
November 6, 2014	\$[REDACTED]
January 5, 2015	\$[REDACTED]
February 9, 2015	\$[REDACTED]
February 10, 2015	\$[REDACTED]
March 5, 2015	\$[REDACTED]

5. On or near February 1, 2016, FNS performed an on-site investigation of Store. Investigative findings included the following: Store had no shopping carts; Store had no shopping baskets; Store had no optical scanners; Store cashiers operated through a plastic barrier; Store's inventory included dusty cans; and Store had no private storage area for food. (Exhibit A, pp. 12-25)
6. On March 17, 2016, FNS sent Store correspondence informing Store that its EBT transactions from September 2015 through February 2016 demonstrated "clear and repetitive patterns of unusual, irregular, and inexplicable activity for your type of firm". Evidence cited by FNS against Store included multiple transactions from individual EBT accounts within unusually short timeframes and "excessively large" EBT transactions. A list of suspected trafficking transactions from Store was attached which included transactions of [REDACTED] and higher. (Exhibit A, pp. 26-43)
7. On April 19, 2016, following an opportunity for Store to respond to the allegations, FNS informed Store that it was "permanently disqualified" from accepting EBT transactions. (Exhibit A, pp. 44-46)
8. On March 19, 2018, MDHHS requested a hearing to establish recoupment of \$[REDACTED] in allegedly trafficked FAP benefits from July 2014 through March 2015 and to establish an IPV disqualification of one year against Respondent. (Exhibit A, pp. 1-2)

9. As of the date of hearing, Respondent had no known previous IPV disqualifications.

### **CONCLUSIONS OF LAW**

The Food Assistance Program (FAP) [formerly known as the Food Stamp program] is established by the Food and Nutrition Act of 2008, as amended, 7 USC 2011 to 2036a and is implemented by the federal regulations contained in 7 CFR 273. MDHHS (formerly known as the Department of Human Services) administers FAP pursuant to MCL 400.10, the Social Welfare Act, MCL 400.1-.119b, and Mich Admin Code, R 400.3001-.3011. MDHHS policies are contained in the Bridges Administrative Manual (BAM), Bridges Eligibility Manual (BEM), and Reference Tables Manual (RFT).

MDHHS requested a hearing to establish that Respondent committed an IPV. MDHHS' Hearing Summary and an Intentional Program Violation Repayment Agreement alleged that Respondent trafficked \$ [REDACTED] in FAP benefits at Store from July 2014 through March 2015.

MDHHS may request a hearing to establish an intentional program violation, a disqualification, or a debt. BAM 600 (January 2018), p. 5. An IPV is suspected for a client who is alleged to have trafficked FAP benefits. BAM 720 (October 2017), p. 1. MDHHS defines trafficking as the "buying, selling or stealing or otherwise effecting an exchange of FAP benefits issued and accessed via Electronic Benefit Transfer (EBT) cards, card numbers and personal identification numbers (PINs), or by manual voucher and signature, for cash or consideration other than eligible food, either directly, indirectly, in complicity or collusion with others, or acting alone." BAM 700 (January 2018), p. 2.

MDHHS suspects an IPV "when there is **clear and convincing** [emphasis added] evidence that the client has intentionally withheld or misrepresented information for the purpose of establishing, maintaining, increasing or preventing reduction of program benefits or eligibility." *Id.*, p. 8. Clear and convincing evidence is evidence sufficient to result in a clear and firm belief that the proposition is true. See M Civ JI 8.01. It is a standard which requires reasonable certainty of the truth; something that is highly probable. Black's Law Dictionary 888 (6th ed. 1990).

MDHHS alleged that Respondent trafficked FAP benefits by exchanging FAP benefits for cash and/or items not authorized to be purchased with an EBT card. The simplified argument against Respondent is as follows:

- Store was administratively established to have engaged in FAP trafficking based on various EBT transactions which were consistent with trafficking.
- Over a period of time, Respondent had transactions at Store which were consistent with trafficking.
- Therefore, Respondent trafficked FAP benefits.

MDHHS presented various documents from FNS' investigation of Store concerning trafficking. FNS' investigation included photographs of Store, an inventory of Store's EBT-eligible items, specific EBT transactions at Store which FNS suspected to involve trafficking, and correspondence to Store. The documents verified that Store was permanently disqualified from accepting EBT transactions due to transactions consistent with FAP trafficking. MDHHS alleged that Respondent's transaction history at Store was also consistent with trafficking.

FNS cited "excessively large" transactions at Store as suspicious for trafficking. A list of Store's transactions suspicious for trafficking included transactions \$23.88 and higher. All of Respondent's alleged trafficking transactions exceeded the threshold amount set by FNS. Of Respondent's transactions at Store, seven of them more than tripled the threshold amount. Respondent's "excessively large" transactions at Store were consistent with trafficking FAP benefits.

MDHHS presented Respondent's EBT transaction history from the alleged IPV period (Exhibit A, pp. 48-50). Respondent's history listed dozens of EBT transactions at various stores. Respondent's expenditure history was consistent with Respondent having ample opportunity to purchase food from stores other than Store.

Based on the evidence, it is found that Respondent clearly and convincingly trafficked \$[REDACTED] in FAP benefits at Store. Thus, it is found that Respondent committed an IPV.

The standard disqualification period is used in all instances except when a court orders a different period. MDHHS is to apply the following disqualification periods to recipients determined to have committed an IPV: one year for the first IPV, two years for the second IPV, and lifetime for the third IPV. BAM 725 (January 2016), p. 16.

MDHHS did not allege a previous IPV by Respondent. Thus, a one-year disqualification is proper for Respondent's first IPV. MDHHS also requested a hearing to establish recoupment for benefits that were trafficked.

When a client group receives more benefits than it is entitled to receive, MDHHS must attempt to recoup the overissuance. An overissuance is the amount of benefits issued to the client group or CDC provider in excess of what it was eligible to receive. Recoupment is an MDHHS action to identify and recover a benefit overissuance. For FAP benefits, an overissuance is also the amount of benefits trafficked (stolen, traded, bought or sold) or attempted to be trafficked. BAM 700 (January 2016), pp. 1-2.

It was already found that Respondent trafficked \$[REDACTED] in FAP benefits. Thus, MDHHS established a basis to recoup \$[REDACTED] in FAP benefits from Respondent.

**DECISION AND ORDER**

The administrative law judge, based upon the above findings of fact and conclusions of law, finds that MDHHS established that Respondent committed an IPV based on FAP benefit trafficking from July 2014 through March 2015. It is further found that MDHHS established a basis to recoup \$ [REDACTED] in FAP benefits from Respondent. The MDHHS requests to establish recoupment and a one-year disqualification against Respondent are **APPROVED**.
