ISSUE

Did the Department of Health and Human Services (Department) properly deny Petitioner's application for Medical Assistance (MA)?

FINDINGS OF FACT

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. On ██████████ ██████████ 2019, the Department received Petitioner's application for Medical Assistance (MA) as a group of three. Exhibit A, pp 29-34.
2. On his ██████████ ██████████ 2019, application form, Petitioner reported receiving wages in the gross monthly amount of ██████████, and that he receives self-employment. Exhibit A, p 33.
3. On January 22, 2019, the Department notified Petitioner that he and his wife are not eligible for Medical Assistance (MA). Exhibit A, pp 35-40.
4. On January 25, 2019, the Department received Petitioner's request for a hearing protesting the denial of Medical Assistance (MA). Exhibit A, pp 2-3.

CONCLUSIONS OF LAW

Department policies are contained in the Department of Health and Human Services Bridges Administrative Manual (BAM), Department of Health and Human Services Bridges Eligibility Manual (BEM), Department of Health and Human Services Reference Tables Manual (RFT), and Department of Health and Human Services Emergency Relief Manual (ERM).

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act, 42 USC 1396-1396w-5; 42 USC 1315; the Affordable Care Act of 2010, the collective term for the Patient Protection and Affordable Care Act, Pub. L. No. 111-148, as amended by the Health Care and Education Reconciliation Act of 2010, Pub. L. No. 111-152; and 42 CFR 430.10-.25. The Department (formerly known as the Department of Human Services) administers the MA program pursuant to 42 CFR 435, MCL 400.10, and MCL 400.105-.112k.

The income limit to participate in the Healthy Michigan Plan (HMP) is 133% of the federal poverty level. Department of Health and Human Services Reference Table Manual (RFT) 246 (April 1, 2014), p 1.

MAGI for purposes of Medicaid eligibility is a methodology which state agencies and the federally facilitated marketplace (FFM) must use to determine financial eligibility. It is based on Internal Revenue Service (IRS) rules and relies on federal tax information to determine adjusted gross income. It eliminates asset tests and special deductions or disregards. Every individual is evaluated for eligibility based on MAGI rules. The MAGI rules are aligned with the income rules that will be applied for determination of eligibility for premium tax credits and cost-sharing reductions through exchanges. Department of Health and Human Services Bridges Eligibility Manual (BEM) 500 (January 1, 2016), pp 3-4.

Modified adjusted gross income (MAGI) is a methodology for how income is counted and how household composition and family size are determined. It is based on federal tax rules for determining adjusted gross income. It eliminates asset tests and special deductions or disregards. Every individual is evaluated for eligibility based on MAGI rules. The MAGI rules are aligned with the income rules that will be applied for determination of eligibility for premium tax credits and cost-sharing reductions through exchanges. The 5% disregard is the amount equal to 5% of the Federal Poverty Level for the applicable family size. It is not a flat 5% disregard from the income. The 5% disregard shall be applied to the highest income threshold. The 5% disregard shall be applied only if required to make someone eligible for Medicaid.¹

On [REDACTED] [REDACTED] 2019, the Department received Petitioner's application for MA benefits as a group of three. Respondent reported on the application form that he receives self-employment income and wages in the gross monthly amount of [REDACTED].

It is not clear from the Department's exhibits how the income on his application for assistance was classified at the time of application. Respondent reported receiving self-employment income, which would normally require verification from a Schedule-C tax form, but income from a S-Corporation is treated as earned income under Department policy in BEM 502. In either case, eligibility for MA benefits is generally determined by IRS methodologies and no tax forms were offered as evidence on the record.

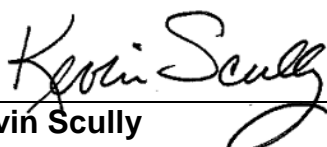

The evidence supports a finding that Petitioner is the owner of a business, which is organized as an S-Corporation. The income of a S-Corporation is not countable towards a person's modified adjusted gross income (MAGI), or towards countable earned income as defined by BEM 501. Wages paid from a S-Corporation do meet the Department's definition of earned income. The evidence presented on the record supports a finding that the wages reported on the application for MA benefits exceed 133% of the federal poverty level for a group of three. Therefore, the Department was justified in denying Petitioner's application for MA based on the information reported on the application for assistance.

The Administrative Law Judge, based on the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, if any, finds that the Department acted in accordance with Department policy when it denied Medical Assistance (MA) under the Healthy Michigan Plan (HMP) for the adults listed on Petitioner's January 17, 2019, application for assistance.

DECISION AND ORDER

Accordingly, the Department's decision is AFFIRMED.
