ISSUE

Did the Department properly determine that Petitioner's application for Medical Assistance (MA) should be denied?

FINDINGS OF FACT

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. On [REDACTED] [REDACTED] 2019, Petitioner applied for Medical Assistance program benefits.
2. Petitioner receives \$ [REDACTED] in monthly Retirement, Survivors, Disability Insurance (RSDI) benefits from the Social Security Administration.
3. On April 2, 2019, the Department denied Petitioner's application indicating that Petitioner has excess income.

4. On April 2, 2019, the Department sent Petitioner a healthcare coverage determination notice indicating that Petitioner is not eligible to receive medical assistance benefits because he has excess income and ongoing Medicaid monthly deductible in the amount of \$1,025.
5. On April 29, 2019, Petitioner filed a request for hearing to contest the Department's negative action.
6. On May 16, 2019, the Michigan Office of Administrative Hearings and Rules received a copy of the hearing summary and attached documents.

CONCLUSIONS OF LAW

The regulations governing the hearing and appeal process for applicants and recipients of public assistance in Michigan are found in the Michigan Administrative Code, MAC R 400.901-400.951. An opportunity for a hearing shall be granted to an applicant who requests a hearing because his or her claim for assistance has been denied. MAC R 400.903(1). Clients have the right to contest a department decision affecting eligibility or benefit levels whenever it is believed that the decision is incorrect. The department will provide an administrative hearing to review the decision and determine the appropriateness of that decision. BAM 600.

Department policies are contained in the Department of Health and Human Services Bridges Administrative Manual (BAM), Department of Health and Human Services Bridges Eligibility Manual (BEM), Department of Health and Human Services Reference Tables Manual (RFT), and Department of Health and Human Services Emergency Relief Manual (ERM).

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act, 42 USC 1396-1396w-5; 42 USC 1315; the Affordable Care Act of 2010, the collective term for the Patient Protection and Affordable Care Act, Pub. L. No. 111-148, as amended by the Health Care and Education Reconciliation Act of 2010, Pub. L. No. 111-152; and 42 CFR 430.10-.25. The Department (formerly known as the Department of Human Services) administers the MA program pursuant to 42 CFR 435, MCL 400.10, and MCL 400.105-.112k.

Michigan provides MA eligible clients under two general classifications: group 1 and group 2 MA. Petitioner qualified under the group 2 MA classification which consists of clients whose eligibility results from the state designating certain types of individuals as medically needy. PEM 105. In order to qualify for group 2 MA, a medically needy client must have income as equal to or less than the basic protected monthly income level.

Department policy sets forth a method for determining the basic maintenance level by considering:

1. Protected income level.

2. The amount deferred to dependent.
3. Health insurance premiums
4. Remedial services if determining the eligibility for claimants in Adult Care Homes.

If Petitioner's income exceeds the protect income level, the excess income must be used to pay medical expenses before group 2 MA coverage can begin. This process is known as a spend-down. The policy requires the Department to count and budget all income received that is not specifically excluded. There are 3 main types of income: countable earned, countable unearned, and excluded. Earned income means income received from another person or organization or from self-employment for duties that were performed for remuneration or profit. Unearned income is any income that is not earned. The amount of income counted maybe more than the amount a person actually receives, because it is the amount before deductions are taken including the deductions for taxes and garnishments. The amount before any deductions are taken is called a gross amount. BEM, item 500, p. 1.

In the instant case, the Department calculated Petitioner's income based upon receipt of unearned income form Social Security Disability.

Federal regulations at 42 CFR 435.831 provides standards for the determination of the MA monthly protected income level. The department is in compliance with the Program Reference Manual, Tables, Charts, Schedules, Table 240-1.

The Department generated a Medical Assistance budget and determined that Petitioner had a gross monthly income of \$ [REDACTED] in monthly countable RSDI income.

Petitioner was given the \$20.00 unearned income general exclusion for net income of \$1,416. The monthly protected income limit for a one-person household in Petitioner's circumstances is \$391.00; $\$1416.00 - \$391.00 = \$1,025.00$ which left Petitioner with a deductible of \$1,819.00 per month in Medicaid deductible spend down. Petitioner's income has changed after January 31, 2019, because of cost of living increase in Social Security income which may change the deductible spend down in the future.

Deductible spend-down is a process which allows the customer's excess income to be eligible for group 2 MA if sufficient allowable medical expenses are incurred. BEM, item 545, p. 1. Meeting the deductible spend-down means reporting and verifying allowable medical expenses that equal or exceed the spend-down amount for the calendar month tested. BEM, item 545, p. 9. The group must report expenses on the last day of the third month following the month it wants MA coverage for. BEM, Item 130 explains verification and timeliness standards. BEM, Item 545, p. 9.

Petitioner's allegation of the spend-down is too expensive and unfair because of other expenses is a compelling equitable argument to be excused for the Department's program policy requirements. This Administrative Law Judge has no equity powers. A review of Petitioner's case reveals that the Department budgeted the correct amount of

income earned by Petitioner. Petitioner's protected income level and amounts are set by Medicaid policy and cannot be changed by the Department or this Administrative Law Judge. Petitioner does not meet eligibility standards for any other category of Medical Assistance.

Therefore, this Administrative Law Judge finds the Department has established by the necessary competent, material and substantial evidence on the record that it acted in accordance with department policy when determined Petitioner has excess income for purposes of Medical Assistance benefit eligibility and when it determined that Petitioner has a monthly \$1,025.00 deductible spend-down that Petitioner must meet in order to qualify for Medicaid for any medical expenses. The Administrative Law Judge finds that the Department's action must be upheld.
