MOAHR Docket No.: 20-005396
Agency No.: [REDACTED]
Petitioner: [REDACTED]

ADMINISTRATIVE LAW JUDGE: Corey Arendt

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9; 42 CFR 431.200 to 431.250; and 42 CFR 438.400 to 438.424, upon the Petitioner's request for a hearing.

After due notice, a hearing was held on September 23, 2020. Petitioner appeared on her own behalf and offered testimony. Emily Piggott, Appeals Review Officer, appeared on behalf of Respondent, the Michigan Department of Health and Human Services (Department). Shameka Mims, Adult Services Worker, appeared as a witness for the Department.

Exhibits:

Petitioner	None
Department	A – Hearing Summary

ISSUE

Did the Department properly deny Petitioner's Home Help Services (HHS) application?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material, and substantial evidence on the whole record, finds as material fact:

1. Petitioner is a Medicaid beneficiary, born [REDACTED] who applied for HHS. (Exhibit A, p 7; Testimony.)
2. Petitioner is diagnosed with hip osteoarthritis. (Exhibit A, p 8; Testimony.)
3. On June 2, 2020, Petitioner requested HHS. (Exhibit A, p 6.)
4. On June 2, 2020, the Department received a 54-A. Dr. Scott Smith

completed the 54-A for Petitioner. The 54-A indicated Petitioner had a medical need for assistance with the activities of meal preparation, shopping, laundry, and housework. (Exhibit A, p 8.)

5. On July 9, 2020, the ASW performed an assessment by telephone. Petitioner participated in the assessment. The assessment took place by phone due to Covid-19. During the assessment, Petitioner indicated she agreed with the completed 54-A and indicated she needed assistance with meal preparation, housekeeping, and laundry. Petitioner indicated she did not use adaptive equipment. (Exhibit A, pp 9-11; Testimony.)
6. On August 5, 2020, the ASW sent Petitioner a Negative Action Notice indicating that HHS was denied based on the policy requiring a need for hands on assistance with at least one ADL, functional ranking 3 or greater. (Exhibit A, p 13; Testimony)
7. On August 27, 2020, Petitioner's hearing request was received by the Michigan Office of Administrative Hearings and Rules. (Exhibit A, p 4.)

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

Home Help Services (HHS) are provided to enable functionally limited individuals to live independently and receive care in the least restrictive, preferred settings. These activities must be certified by a physician and may be provided by individuals or by private or public agencies.

The Adult Services Manual (ASM) address issues of what services are included in Home Help Services and how such services are assessed:

ASM 101 AVAILABLE SERVICES

Payment Services Home Help

Home help services are non-specialized personal care service activities provided under the home help services program to persons who meet eligibility requirements.

Home help services are provided to enable individuals with functional limitation(s), resulting from a medical or physical

disability or cognitive impairment to live independently and receive care in the least restrictive, preferred settings.

Home help services are defined as those tasks which the department is paying for through Title XIX (Medicaid) funds. These services are furnished to individuals who are **not** currently residing in a hospital, nursing facility, licensed foster care home/home for the aged, intermediate care facility (ICF) for persons with developmental disabilities or institution for mental illness.

These activities **must** be certified by a Medicaid enrolled medical professional and may be provided by individuals or by private or public agencies. **The medical professional does not prescribe or authorize personal care services.** Needed services are determined by the comprehensive assessment conducted by the adult services worker.

Home help services which are eligible for Title XIX funding are limited to:

Activities of Daily Living (ADL)

- Eating.
- Toileting.
- Bathing.
- Grooming.
- Dressing.
- Transferring.
- Mobility.

Instrumental Activities of Daily Living (IADL)

- Taking medication.
- Meal preparation/cleanup.
- Shopping for food and other necessities of daily living.
- Laundry.
- Light housecleaning.

An individual must be assessed with at least one activity of daily living (ADL) ranked 3 or higher or complex care need in order to be eligible to receive home help services.

Note: If the assessment determines a need for an ADL at a level 3 or greater but these services are not paid for by the department, the individual would be eligible to receive IADL services if assessed at a level 3 or greater.

Services not Covered by Home Help

Home help services must **not** be approved for the following:

- Supervising, monitoring, reminding, guiding, teaching or encouraging (functional assessment rank 2).
- Services provided for the benefit of others.
- Services for which a responsible relative is **able** and **available** to provide (such as house cleaning, laundry or shopping). A responsible relative is defined as an individual's spouse or a parent of an unmarried child under age 18.
- Services provided by another resource at the same time (for example, hospitalization, MI-Choice Waiver).
- Transportation - See Bridges Administrative Manual (BAM) 825 for medical transportation policy and procedures.
- Money management such as power of attorney or representative payee.
- Home delivered meals.
- Adult or child day care.
- Recreational activities. (For example, accompanying and/or transporting to the movies, sporting events etc.)

Note: The above list is not all inclusive.¹

ASM 105 ELIGIBILITY CRITERIA

GENERAL

¹ ASM 101, April 1, 2018, pp 1-2, 5.

Requirements

Home help eligibility requirements include **all** of the following:

- Medicaid eligibility.
- Appropriate program enrollment type (PET) code.
- Certification of medical need.
- Need for service, based on a complete comprehensive assessment indicating a functional limitation of level 3 or greater for at least one activity of daily living (ADL).

Certification of Medical Need

Medical needs are certified utilizing the DHS-54A, Medical Needs form and must be completed by a Medicaid enrolled medical professional. The medical professional must hold one of the following professional licenses:

- Physician (M.D. or D.O.).
- Physician Assistant.
- Nurse practitioner.
- Occupational therapist.
- Physical therapist.

Either the DHS-54A or veterans administration medical form are acceptable for individuals treated by a VA physician; see ASM 115, Adult Services Requirements.

Need for Service

The adult services worker (ASW) is responsible for determining the necessity and level of need for Home Help services based on all of the following:

- Client choice.

- A completed MDHHS-5534, Adult Services Comprehensive Assessment. An individual must be assessed with at least one activity of daily living (ADL) at a level of 3 or greater to be eligible to receive Home Help services.²

ASM 115 ADULT SERVICES REQUIREMENTS

MDHHS-5534, ADULT SERVICES COMPREHENSIVE ASSESSMENT

The ASW must conduct a face-to-face interview with the client in their home to assess the personal care needs. During the assessment, complete the MDHHS-5534, Adult Services Comprehensive Assessment, generated from MiAIMS; see ASM 120, Adult Services Comprehensive Assessment.³

ASM 120 ADULT SERVICES COMPREHENSIVE ASSESSMENT

OVERVIEW

The MDHHS-5534, Adult Services Comprehensive Assessment, is the primary tool for determining need for services. The comprehensive assessment must be completed on all open home help services cases. The Michigan Adult Integrated Management System (MiAIMS), provides the format for the comprehensive assessment and all information must be entered on the computer program.

Functional Abilities Tab

The **Functional** Tab under **Assessment** module of MiAIMS is the basis for service planning and for the home help services payment. Document the client's abilities and needs

² ASM 15 June 1, 2020, pp 1, 3.

³ ASM 115, June 1, 2020, pp 3-4.

in the functional tab to determine the client's ability to perform the following activities:

Activities of Daily Living (ADL)

- Eating.
- Toileting.
- Bathing.
- Grooming.
- Dressing.
- Transferring.
- Mobility.

Instrumental Activities of Daily Living (IADL)

- Taking Medication.
- Meal preparation and cleanup.
- Shopping.
- Laundry.
- Light housework.

Functional Scale

ADLs and IADLs are assessed according to the following 5-point scale:

1. Independent.

Performs the activity safely with no human assistance.

2. Verbal assistance.

Performs the activity with verbal assistance such as reminding, guiding, or encouraging.

3. Some human assistance.

Performs the activity with some direct physical assistance and/or assistive technology.

4. Much human assistance.

Performs the activity with a great deal of human assistance and/or assistive technology.

5. Dependent.

Does not perform the activity even with human assistance and/or assistive technology.

Home help payments may only be authorized for needs assessed at the ranking of level 3 or greater.

An individual must be assessed with at least one activity of daily living ranked 3 or higher or a complex care need in order to be eligible to receive home help services.

Note: If the assessment determines a need for an ADL at a level 3 or greater but these services are not paid for by the department, the individual would be eligible to receive IADL services if assessed at a level 3 or greater.⁴

The ASW testified that on July 9, 2020, during the assessment, Petitioner indicated she agreed with the 54-A and that she had a need for assistance with preparing food, housekeeping and washing clothes. The 54-A did not identify the Petitioner as having a medical need for assistance with a single ADL.

Petitioner argued that on July 9, 2020, she reported she had problems doing her hair because of her hands. Petitioner also indicated she showered because she had issues getting in and out of the bathtub.

The 54-A does not reflect an issue with Petitioner's hands and fails to indicate Petitioner as having a medical need for assistance with grooming or bathing. Moreover, the 54-A matches the conclusions reached by the ASW following the administration of the assessment.

Based on the evidence presented, Petitioner has failed to prove, by a preponderance of the evidence, that the Department erred in denying her HHS application. The evidence was not sufficient to establish that Petitioner had a need for hands on assistance, functional ranking 3 or greater, with at least one ADL, based on the information available to the ASW at the time of the assessment. The ASW provided credible, detailed testimony regarding her discussion of ADL's with Petitioner. Accordingly, the denial of Petitioner's HHS application was proper and must be upheld.

⁴ ASM 120, June 1, 2020, pp 1-3.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, finds that the Department properly denied Petitioner's HHS application based on the information made available at the time of the decision.

IT IS THEREFORE ORDERED that:

The Department's decision is **AFFIRMED**.
