██████████, MI ██████████

Date Mailed: November 25, 2020
MOAHR Docket No.: 20-006220
Agency No.: ██████████
Petitioner: ██████████

ADMINISTRATIVE LAW JUDGE: Robert J. Meade

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge (ALJ) pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, upon Petitioner's request for a hearing.

After due notice, a hearing was held on November 24, 2020. Petitioner appeared and testified on her own behalf. Allison Pool, Appeals Review Officer, represented Respondent, Michigan Department of Health and Human Services (MDHHS or Department). Erica Titov, Medicaid Utilization Analyst, appeared as a witness for the Department.

ISSUE

Did the Department properly deny Petitioner's request for prior authorization (PA) for complete upper and lower dentures?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. Petitioner is a █████-year-old Medicaid beneficiary, born ██████████. (Exhibit A, p 9; Testimony)
2. On August 19, 2020, Petitioner's dentist sought approval for complete upper and lower dentures for Petitioner. (Exhibit A, p 9; Testimony)
3. Records show that Petitioner was approved for complete upper and lower dentures through Medicaid on or about February 10, 2020. (Exhibit A, p 11; Testimony)
4. On September 3, 2020, the request for complete upper and lower dentures was reviewed and denied because Petitioner was shown to have received dentures

within the last five years. (Exhibit A, pp 7-8; Testimony)

5. On September 3, 2020, the Department sent Petitioner a Notice of Denial, including Petitioner's appeal rights. (Exhibit A, pp 7-8; Testimony)
6. On October 2, 2020, the Michigan Office of Administrative Hearings and Rules (MOAHR) received Petitioner's Request for Hearing. (Exhibit 1)

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

Medicaid Policy in Michigan is found in the Medicaid Provider Manual (MPM). With regard to prior authorizations, it states, in pertinent part:

1.9 PRIOR AUTHORIZATION

Medicaid requires prior authorization (PA) to cover certain services before those services are rendered to the beneficiary. The purpose of PA is to review the medical need for certain services. . . .

*Medicaid Provider Manual
Practitioner Chapter
July 1, 2020, p 4*

Under the general policy instructions for Medicaid related dental services the MPM sets replacement schedules for denture repair and replacement:

6.6 PROSTHODONTICS (REMOVABLE)

6.6.A. GENERAL INSTRUCTIONS

Complete and partial dentures are benefits for all beneficiaries. All dentures require prior authorization (PA). Providers must assess the beneficiary's general oral health and provide a five-year prognosis for the prosthesis requested. Complete upper and lower dentures PA request must also include the prognosis of six sound teeth.

Complete or partial dentures are authorized when one or more of the following conditions exist:

- One or more anterior teeth are missing.

- There are less than eight posterior teeth in occlusion (fixed bridges and dentures are to be considered occluding teeth).
- An existing complete or partial denture cannot be made serviceable through repair, relining, adjustment, or duplicating (rebasing) procedures.

If an existing complete or partial denture can be made serviceable, the dentist should provide the needed restorations to maintain use of the existing removable prosthesis. This includes extracting teeth, adding teeth to the existing prosthesis, and removing hyperplastic tissue as necessary to restore the functionality of the complete or partial denture.

Before the final impressions are taken for the fabrication of a complete or partial denture, adequate healing necessary to support the prosthesis must take place following the completion of extractions and/or surgical procedures. This includes the posterior ridges of any immediate denture. When an immediate denture is authorized involving the six anterior teeth (cuspid to cuspid), this requirement is waived.

Reimbursement for a complete or partial denture includes all necessary adjustments, relines, repairs, and duplications within six months of insertion. This also includes such services necessary for an immediate upper denture when authorized. If any necessary adjustments or repairs are identified within the six month time period but are not provided until after the six month time period, no additional reimbursement is allowed for these services.

Complete or partial dentures are not authorized when:

- A previous prosthesis has been provided within five years, whether or not the existing denture was obtained through Medicaid.
- An adjustment, reline, repair, or duplication will make them serviceable.
- Replacement of a complete or partial denture that has been lost or broken beyond repair is not a benefit within five years, whether or not the existing denture was obtained through Medicaid.

When denture services have commenced but irreversible circumstances have prevented delivery, the dentist should bill using the Not Otherwise Classified (NOC) procedure code. A copy of the lab bill and an explanation in the Remarks section of the claim must be included. Providers are paid a reduced rate to offset a portion of the costs incurred. It is the expectation that the probability of removable appliances being delivered and followup treatment completed is assessed prior to the initiation of treatment to

evaluate whether the treatment is appropriate for the specific patient. Contact the Program Review Division (PRD) regarding the requirements for incomplete dentures. (Refer to the Directory Appendix for contact information.)

*Medicaid Provider Manual
Dental Chapter
July 1, 2020, pp 19-20
Emphasis added*

The Department witness testified that Petitioner's request was denied for failure to meet policy requirements for denture replacement on a five-year rotation. According to Department records, Petitioner was approved for dentures through Medicaid on or about February 10, 2020.

Petitioner testified that she accepted and took home the dentures on February 10, 2020 but that she returned them the next day because they did not fit and has not accepted them back since that time. Petitioner indicated that the dentist tried to fix the dentures so they would fit five or six times, without success. Petitioner testified that the dentist eventually told her that they reimbursed Medicaid for the dentures and that Petitioner was free to go to another dentist to request new dentures. Petitioner indicated that she then went to her current dentist, which led to the submission of the prior authorization at issue here.

In response, the Department's witness indicated that once Petitioner left the first dentist with the dentures the dentist was legally free to bill Medicaid at that time, which they did. The Department's witness indicated that she checked again during the hearing and Medicaid has not been reimbursed for the cost of Petitioner's dentures by her first dentist. The Department's witness testified that Petitioner can either go back to the first dentist and request proof that it reimbursed Medicaid for the dentures or call the Medicaid fraud hotline and report the dentist.

On review, the Department's decision to deny the request for complete upper and lower dentures was reached within policy. Petitioner was approved for complete upper and lower dentures on February 10, 2020. As such, Petitioner is not eligible for replacement of the dentures until February 2025. Under the circumstances, Petitioner must go back to the first dentist and request proof that it reimbursed Medicaid for the dentures or call the Medicaid fraud hotline and report the dentist. Once Petitioner has proof that Medicaid has been reimbursed for the dentures from February 2020, Petitioner's current dentist can submit a new prior authorization request. However, based on the evidence presented, the Department's decision was proper and must be upheld.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, decides that the Department properly denied Petitioner's request for prior authorization for complete upper and lower dentures.

IT IS THEREFORE ORDERED that:

The Department's decision is **AFFIRMED**.

RM/sb

Robert J. Meade
Administrative Law Judge
for Robert Gordon, Director
Department of Health and Human Services

NOTICE OF APPEAL: A party may appeal this Order in circuit court within 30 days of the receipt date. A copy of the circuit court appeal must be filed with the Michigan Office of Administrative Hearings and Rules (MOAHR).

A party may request a rehearing or reconsideration of this Order if the request is received by MOAHR within 30 days of the date the Order was issued. The party requesting a rehearing or reconsideration must provide the specific reasons for the request. MOAHR will not review any response to a request for rehearing/reconsideration.

A written request may be mailed or faxed to MOAHR. If submitted by fax, the written request must be faxed to (517) 763-0155; Attention: MOAHR Rehearing/Reconsideration Request.

If submitted by mail, the written request must be addressed as follows:
