**ADMINISTRATIVE LAW JUDGE: Lynn M. Ferris**

**HEARING DECISION FOR INTENTIONAL PROGRAM VIOLATION**

Upon the request for a hearing by the Department of Health and Human Services (Department), this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9, and in accordance with Titles 7, 42 and 45 of the Code of Federal Regulation (CFR), particularly 7 CFR 273.16, 42 CFR 431.230(b), and 45 CFR 235.110, and with Mich Admin Code, R 400.3130 and 400.3178. After due notice, a telephone hearing was held on July 6, 2017, from Detroit, Michigan. The Department was represented by Daniel Beck, Regulation Agent of the Office of Inspector General (OIG).

Respondent did not appear at the hearing; and it was held in Respondent's absence pursuant to 7 CFR 273.16(e), Mich Admin Code R 400.3130(5), or Mich Admin Code R 400.3178(5).

**ISSUES**

1. Did Respondent receive an overissuance (OI) of Food Assistance Program (FAP) benefits that the Department is entitled to recoup?
2. Did the Department establish, by clear and convincing evidence, that Respondent committed an Intentional Program Violation (IPV)?
3. Should Respondent be disqualified from receiving benefits for FAP?

**FINDINGS OF FACT**

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. The Department's OIG filed a hearing request on [REDACTED] 2017, to establish an OI of benefits received by Respondent as a result of Respondent having allegedly committed an IPV.
2. The OIG has requested that Respondent be disqualified from receiving program benefits.
3. Respondent was a recipient of FAP benefits issued by the Department.
4. Respondent was aware trafficking of FAP benefits is unlawful and a violation of policy and could result in a disqualification from receipt of future benefits and recoupment of issue benefits. Exhibit A, p. 11, and Exhibit A, pp. 30-51.
5. Respondent did not have an apparent physical or mental impairment that would limit the understanding or ability to fulfill this requirement.
6. The Department's OIG indicates that the time period it is considering the fraud period is August 29, 2015, through April 19, 2016, (fraud period).
7. During the fraud period, the Department alleges that the Respondent was issued \$195.13 in FAP benefits by the State of Michigan which Respondent trafficked; and thus, the Department alleges that Respondent was entitled to \$0 in such benefits during this time period as the benefits were trafficked.
8. The Department alleges that the Respondent trafficked his FAP benefits in the amount of \$195.13.
9. The Department alleges that Respondent received an OI in FAP benefits in the amount of \$195.13.
10. This was Respondent's **first** alleged IPV.
11. A notice of hearing was mailed to Respondent at the last known address and **was not** returned by the U.S. Post Office as undeliverable.

### **CONCLUSIONS OF LAW**

Department policies are contained in the Department of Health and Human Services Bridges Administrative Manual (BAM), Bridges Eligibility Manual (BEM), Adult Services Manual (ASM), and Reference Tables Manual (RFT).

The Food Assistance Program (FAP) [formerly known as the Food Stamp program] is established by the Food and Nutrition Act of 2008, as amended, 7 USC 2011 to 2036a and is implemented by the federal regulations contained in 7 CFR 273. The Department (formerly known as the Department of Human Services) administers FAP

pursuant to MCL 400.10; the Social Welfare Act, MCL 400.1-.119b; and Mich Admin Code, R 400.3001 to .3015.

Effective October 1, 2014, the Department's OIG requests IPV hearings for the following cases:

- Willful overpayments of \$500.00 or more under the AHH program.
- FAP trafficking overissuances that are not forwarded to the prosecutor.
- Prosecution of welfare fraud or FAP trafficking is declined by the prosecutor for a reason other than lack of evidence, and
  - The total amount for the FIP, SDA, CDC, MA and FAP programs combined is \$500.00 or more, or
  - the total amount is less than \$500.00, and
    - the group has a previous IPV, or
    - the alleged IPV involves FAP trafficking, or
    - the alleged fraud involves concurrent receipt of assistance (see BEM 222), or
    - the alleged fraud is committed by a state/government employee.

BAM 720 (January 1, 2016), pp. 12-13.

### **Intentional Program Violation**

Suspected IPV means an OI exists for which all three of the following conditions exist:

- The client intentionally failed to report information **or** intentionally gave incomplete or inaccurate information needed to make a correct benefit determination, and
- The client was clearly and correctly instructed regarding his or her reporting responsibilities, and
- The client has no apparent physical or mental impairment that limits his or her understanding or ability to fulfill reporting responsibilities.

BAM 700 (October 2016), p. 7; BAM 720, p. 1.

An IPV is also suspected for a client who is alleged to have trafficked FAP benefits. BAM 720, p. 1.

An IPV requires that the Department establish by clear and convincing evidence that the client has intentionally withheld or misrepresented information for the **purpose** of establishing, maintaining, increasing or preventing reduction of program benefits or eligibility. BAM 720, p. 1 (emphasis in original); see also 7 CFR 273(e)(6). Clear and convincing evidence is evidence sufficient to result in a clear and firm belief that the proposition is true. See M Civ JI 8.01.

BAM 700 defines trafficking as:

- The buying, selling or stealing of FAP benefits for cash or consideration other than eligible food. Examples would be liquor, exchange of firearms, ammunition, explosives or controlled substances.
- Selling products purchased with FAP benefits for cash or consideration other than eligible food.
- Purchasing containers with deposits, dumping/discarding product and then returning containers to obtain cash refund deposits.
- Attempting to buy, sell or steal FAP benefits for cash or consideration other than eligible food.

BAM 700, p. 2. Moreover, FAP trafficking includes fraudulently using, transferring, altering, acquiring, or possessing coupons, authorization cards, or access devices; or redeeming or presenting for payment coupons known to be fraudulently obtained or transferred. BEM 203 (October 2015), p. 3.

Title 7 of CFR 274.7(a), eligible food, states:

Program benefits may be used only by the household, or other persons the household selects, to purchase eligible food for the household, which includes, for certain households, the purchase of prepared meals, and for other households residing in certain designated areas of Alaska, the purchase of hunting and fishing equipment with benefits.

Additionally, a person in a federal, state or local correctional facility for more than 30 days is not eligible to receive FAP benefits. BAM 804 (July 2014), p. 1.

In this case, the evidence indicated that the Respondent was incarcerated during the period [REDACTED] 2015, through [REDACTED] 2016, and that during such period the Respondent's FAP benefits were used. Exhibit A, pp. 22-24.

The evidence presented indicated Respondent's FAP group size was one during the alleged fraud period, and there was an Authorized Representative appointed to Respondent's case; and thus, there were other authorized users, which meant

Respondent was not the only person with access to use his Electronic Benefit Transfer (EBT) card. Exhibit A, p. 25. However, the Department alleged that Respondent's FAP transaction history showed usage during the time he was incarcerated. As such, the Department argued that Respondent trafficked his FAP benefits because he did fraudulently use, transfer, alter, acquire, or possess coupons, authorization cards, or access devices other than authorized by the Food Stamp Act. See BEM 203, p. 3, and Exhibit A, p. 1.

The Department presented evidence that Respondent was incarcerated from [REDACTED] 2015, through [REDACTED], 2016. Exhibit A, p. 14. It should be noted that an e-mail dated January 10, 2017, was received by the Department from [REDACTED] [REDACTED] an [REDACTED] County Sheriff, who confirmed that Respondent was incarcerated during this period. Exhibit A, p. 20.

The Department presented Respondent's FAP transaction history. Exhibit A, pp. 33-37. The FAP transaction history showed that from August 29, 2015, through October 1, 2015, the Respondent's FAP benefits were used for a total of \$193.13 while he was incarcerated. Exhibit A, pp. 22-24, 15-17.

Electronic Benefit Transfer (EBT) allows clients who receive cash (FIP, SDA etc.), and food (FAP) to receive their benefits using debit card technology. BAM 401E (July 2014), p. 1. Benefits are deposited electronically into a cash and/or food account. BAM 401E, p. 1. Clients access their benefits by using their personal identification number (PIN), along with their Bridge card. BAM 401E, p. 1.

Because the Respondent had a representative payee, it cannot be established that Respondent authorized his representative to use the FAP benefits or whether the representative used the benefits believing he or she could use them while Respondent was incarcerated. Exhibit A, p. 25.

In this case, after review of the evidence presented it was not established by clear and convincing evidence that Respondent trafficked his FAP benefits because the Respondent although the only FAP group member had an authorized representative who would have had access to the EBT card as well and who may have used the card without Respondent's consent or used it without authorization; and thus, trafficking is not established nor is an IPV.

### **Disqualification**

A client who is found to have committed an IPV by a court or hearing decision is disqualified from receiving program benefits. BAM 720, p. 15; BEM 708 (October 2016), p. 1. Clients are disqualified for ten years for a FAP IPV involving concurrent receipt of benefits, and, for all other IPV cases involving FIP, FAP or SDA, for standard disqualification periods of one year for the first IPV, two years for the second IPV, and lifetime for the third IPV. BAM 720, p. 16. CDC clients who intentionally violate CDC program rules are disqualified for six months for the first occurrence, twelve months for

the second occurrence, and lifetime for the third occurrence. BEM 708, p. 1. A disqualified recipient remains a member of an active group as long as he lives with them, and other eligible group members may continue to receive benefits. BAM 720, p. 16.

In this case, the Department has not satisfied its burden of showing that Respondent committed an IPV concerning FAP benefits. Therefore, Respondent is not subject to a disqualification under the FAP program. BAM 720, p. 16.

### **Overissuance**

When a client group receives more benefits than entitled to receive, the Department must attempt to recoup the OI. BAM 700, p. 1. The Department seeks an OI amount of \$195.13.

In this case, the Respondent is subject to an OI for the period of his incarceration as he is not entitled to receive FAP benefits while in an institution. BEM 212 provides:

A person is a resident of an institution when the institution provides the majority of his meals as part of its normal services.

Residents of institutions are **not** eligible for FAP unless one of the following is true:

The facility is authorized by the Food and Consumer Service to accept FAP benefits.

The facility is an eligible group living facility; see BEM 615.

The facility is a medical hospital and there is a plan for the person's return home; see **Temporary Absence** in this item.

In addition, BAM 804 referenced above, provides that a person in a federal, state or local correctional facility for more than 30 days is not eligible to receive FAP benefits. BAM 804 (July 2014), p. 1.

In support of the OI amount, the Department presented the Respondent's EBT card usage during the period of his incarceration. Exhibit A, pp. 22-24. The Respondent was incarcerated beginning [REDACTED], 2015; and his card was used beginning August 29, 2015; and the use of the EBT card continued through April October 1, 2015. The OI amount for the period the Respondent was incarcerated is \$195.13. Therefore, it is determined that the Department has established an OI of \$195.13 which it is entitled to collect.

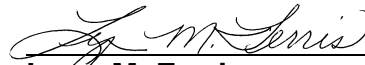

### **DECISION AND ORDER**

The Administrative Law Judge, based upon the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, if any, concludes that:

1. The Department **has not** established by clear and convincing evidence that Respondent committed an IPV.
2. Respondent **did** receive an OI of FAP benefits in the amount of \$195.13.

The Department is ORDERED to initiate recoupment/collection procedures for the amount of \$195.13 in accordance with Department policy.
