ADMINISTRATIVE LAW JUDGE: Aaron McClintic

HEARING DECISION

Following Petitioner's request for a hearing, this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 400.37; 7 CFR 273.15 to 273.18; 42 CFR 431.200 to 431.250; 42 CFR 438.400 to 438.424; 45 CFR 99.1 to 99.33; and 45 CFR 205.10; and Mich Admin Code, R 792.11002. After due notice, a telephone hearing was held on November 1, 2017, from Lansing, Michigan. Petitioner was represented by himself. The Department of Health and Human Services (Department) was represented by Patricia Marx, FIM. Department Exhibit 1, pp. 1-92 was received and admitted.

ISSUE

Did the Department properly determine Petitioner's Food Assistance Program (FAP) benefits?

FINDINGS OF FACT

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. Petitioner was a recipient of FAP benefits receiving \$194 per month.
2. After processing Petitioner's redetermination paperwork in August 2017, it was determined that Petitioner was entitled to \$70 per month in FAP benefits.
3. On October 5, 2017, Petitioner requested hearing disputing the amount of FAP benefits and how his medical expenses were processed.

CONCLUSIONS OF LAW

Department policies are contained in the Department of Health and Human Services Bridges Administrative Manual (BAM), Department of Health and Human Services Bridges Eligibility Manual (BEM), Department of Health and Human Services Reference Tables Manual (RFT), and Department of Health and Human Services Emergency Relief Manual (ERM).

The Food Assistance Program (FAP) [formerly known as the Food Stamp program] is established by the Food and Nutrition Act of 2008, as amended, 7 USC 2011 to 2036a and is implemented by the federal regulations contained in 7 CFR 273. The Department (formerly known as the Department of Human Services) administers FAP pursuant to MCL 400.10, the Social Welfare Act, MCL 400.1-.119b, and Mich Admin Code, R 400.3001-.3011.

Allowable Medical Expenses

Allowable medical expenses are limited to the following:

- Medical and dental care including psychotherapy and rehabilitation services provided by a licensed practitioner authorized by State law or other qualified health professional.
- Hospitalization or nursing care. Include these expenses for a person who was a group member immediately prior to entering a hospital or nursing home.
- Prescription drugs and the postage for mail-ordered prescriptions.
- Costs of medical supplies, sickroom equipment (including rental) or other prescribed medical equipment (excluding the cost for special diets).
- Over-the-counter medication (including insulin) and other health-related supplies (bandages, sterile gauze, incontinence pads, etc.) when recommended by a licensed health professional.
- Premiums for health and hospitalization policies (excluding the cost of income maintenance type health policies and accident policies, also known as assurances). If the policy covers more than one person, allow a prorated amount for the SDV person(s).

- Medicare premiums.
- Dentures, hearing aids and prosthetics including the cost of securing and maintaining a seeing eye or hearing dog or other assistance animal. (Animal food and veterinary expenses are included.)
- Eyeglasses when prescribed by an ophthalmologist (physician-eye specialist) or optometrist.
- Actual costs of transportation and lodging necessary to secure medical treatment or services. If actual costs **cannot** be determined for transportation, allow the cents-per-mile amount at the standard mileage rate for a privately owned vehicle in lieu of an available state vehicle. To find the cents-per-mile amount go to the Michigan Department of Management and Budget at www.michigan.gov/dtmb, select Services & Facilities from the left navigation menu, then select Travel. On the travel page, choose Travel Rates and High Cost Cities using the rate for the current year.
- The cost of employing an attendant, homemaker, home health aide, housekeeper, home help provider, or child care provider due to age, infirmity or illness. This cost must include an amount equal to the maximum FAP benefits for one person if the FAP group provides the majority of the attendant's meals. If this attendant care cost could qualify as both a medical expense and a dependent care expense, it **must** be treated as a medical expense.
- A Medicaid deductible is allowed if the following are true.
 - The medical expenses used to meet the Medicaid deductible are allowable FAP expenses.
 - The medical expenses are not overdue. See below. BEM 554(August 2017)

In this case, Petitioner raised issues with particular expenses that he submitted as medical expenses that were disallowed. The first expense was for Ensure Plus drink. The Department asserted that since Petitioner used his FAP benefit to purchase that item it could not be included as a medical expense. Policy guidance provided by the Department confirmed this position. (Ex. 1, p. 80) The second expense was for bus tickets that Petitioner stated he purchased to travel to medically related appointments.

Petitioner failed to present sufficient evidence that he had unreimbursed travel costs that were necessary to secure medical treatment or services. No receipts for bus tickets were contained in the record.

The Administrative Law Judge, based on the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, if any, finds that the Department acted in accordance with Department policy when it determined Petitioner's FAP benefits.

DECISION AND ORDER

Accordingly, the Department's decision is **AFFIRMED**.
