HEARING DECISION FOR INTENTIONAL PROGRAM VIOLATION

Upon the request for a hearing by the Department of Health and Human Services (Department), this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9, and in accordance with Titles 7, 42 and 45 of the Code of Federal Regulation (CFR), particularly 7 CFR 273.16, 42 CFR 431.230(b), and 45 CFR 235.110, and with Mich Admin Code, R 400.3130 and 400.3178. After due notice, a telephone hearing was held on May 16, 2018, from Detroit, Michigan. The Department was represented by Mark Mandreky, Regulation Agent of the Office of Inspector General (OIG).

Respondent did not appear at the hearing; and it was held in Respondent's absence pursuant to 7 CFR 273.16(e), Mich Admin Code R 400.3130(5), or Mich Admin Code R 400.3178(5).

ISSUES

1. Did Respondent receive an overissuance (OI) of Food Assistance (FAP) benefits that the Department is entitled to recoup?
2. Did the Department establish, by clear and convincing evidence, that Respondent committed an Intentional Program Violation (IPV)?
3. Should Respondent be disqualified from receiving benefits for Food Assistance (FAP)?

FINDINGS OF FACT

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. The Department's OIG filed a hearing request on January 22, 2018, to establish an OI of benefits received by Respondent as a result of Respondent having allegedly committed an IPV.
2. The OIG **has** requested that Respondent be disqualified from receiving program benefits.
3. Respondent was a recipient of FAP benefits issued by the Department.
4. Respondent **was** aware of the responsibility to not traffick Food Assistance benefits.
5. Respondent **did not have** an apparent physical or mental impairment that would limit the understanding or ability to fulfill this requirement.
6. The Department's OIG indicates that the time period it is considering the fraud period is October 1, 2015 through May 30, 2016 (fraud period).
7. During the fraud period, Respondent was issued \$1,221.35 in FAP benefits by the State of Michigan, and the Department alleges that Respondent was entitled to \$0 in such benefits during this time period due to the alleged trafficking of these FAP benefits.
8. The Department alleges that Respondent received an OI in FAP benefits in the amount of \$1,221.35.
9. This was Respondent's **first** alleged IPV.
10. A notice of hearing was mailed to Respondent at the last known address and **was not** returned by the United States Postal Services as undeliverable.

CONCLUSIONS OF LAW

Department policies are contained in the Department of Health and Human Services Bridges Administrative Manual (BAM), Bridges Eligibility Manual (BEM), Adult Services Manual (ASM), and Reference Tables Manual (RFT).

The Food Assistance Program (FAP) [formerly known as the Food Stamp program] is established by the Food and Nutrition Act of 2008, as amended, 7 USC 2011 to 2036a and is implemented by the federal regulations contained in 7 CFR 273. The Department (formerly known as the Department of Human Services) administers FAP pursuant to MCL 400.10; the Social Welfare Act, MCL 400.1-.119b; and Mich Admin Code, R 400.3001 to .3015.

Effective October 1, 2014, the Department's OIG requests IPV hearings for the following cases:

- Willful overpayments of \$500.00 or more under the AHH program.
- FAP trafficking overissuances that are not forwarded to the prosecutor.
- Prosecution of welfare fraud or FAP trafficking is declined by the prosecutor for a reason other than lack of evidence, and
 - The total amount for the FIP, SDA, CDC, MA and FAP programs combined is \$500.00 or more, or
 - the total amount is less than \$500.00, and
 - the group has a previous IPV, or
 - the alleged IPV involves FAP trafficking, or
 - the alleged fraud involves concurrent receipt of assistance (see BEM 222), or
 - the alleged fraud is committed by a state/government employee.

BAM 720 (January 2017), p. 12-13.

Intentional Program Violation

Suspected IPV means an OI exists for which all three of the following conditions exist:

- The client intentionally failed to report information **or** intentionally gave incomplete or inaccurate information needed to make a correct benefit determination, and
- The client was clearly and correctly instructed regarding his or her reporting responsibilities, and
- The client has no apparent physical or mental impairment that limits his or her understanding or ability to fulfill reporting responsibilities.

BAM 700 (October 2016), p. 6-7; BAM 720, p. 1.

An IPV is also suspected for a client who is alleged to have trafficked FAP benefits. BAM 720, p. 1.

An IPV requires that the Department establish by clear and convincing evidence that the client has intentionally withheld or misrepresented information for the **purpose** of establishing, maintaining, increasing or preventing reduction of program benefits or eligibility. BAM 720, p. 1 (emphasis in original); see also 7 CFR 273(e)(6). Clear and convincing evidence is evidence sufficient to result in a clear and firm belief that the proposition is true. See M Civ JI 8.01.

In this case, the Department alleges that Respondent committed an IPV of FAP benefits by trafficking \$1,221.35 of FAP benefits at [REDACTED], [REDACTED] located at [REDACTED] MI 49507, (Store). The investigation did not involve a store but a service which allegedly was licensed to sell food packs out of a van.

Trafficking is (i) the buying, selling or stealing of FAP benefits for cash or consideration other than eligible food; (ii) selling products purchased with FAP benefits for cash or consideration other than eligible food; (iii) purchasing containers with deposits, dumping/discarding product and then returning containers to obtain cash refund deposits; and (iv) attempting to buy, sell or steal FAP benefits for cash or consideration other than eligible food. BAM 700 (October 2016), p. 2; see also Department of Human Services, Bridges Policy Glossary (BPG) (October 2015), p 66. Trafficking also includes (i) fraudulently using, transferring, altering, acquiring, or possessing coupons, authorization cards, or access devices, or (ii) redeeming or presenting for payment coupons known to be fraudulently obtained or transferred. BEM 203 (October 2015), p. 3. The federal regulations define trafficking to include “attempting to buy, sell, steal, or otherwise affect an exchange of [FAP] benefits issued and accessed via Electronic Benefit Transfer (EBT) . . . for cash or consideration other than eligible food, either directly, indirectly, in complicity or collusion with others, or acting alone.” 7 CFR 271.2.

The Department of Agriculture (USDA) Food and Nutrition Service (FNS) found that during the period February 2016 through July 2016 Store was found to have trafficked FAP benefits and had their authorization to accept FAP benefits revoked. Store was disqualified by the USDA and its license was revoked effective October 6, 2016. Exhibit A, p. 108. In its charging letter to Store dated September 21, 2016 the USDA FNS program advised store of the investigation and cited excessively large purchase transactions were made from recipient accounts as the reason for the investigation. The letter also indicated that “analysis of the records reveal EBT transactions that establish clear and repetitive patterns of unusual, irregular and inexplicable activity for your type of operation. The charging letter also contained 3 attachments listing transactions which fit the category of trafficking Exhibit A, p 59-64.

In addition, the Department presented evidence that the Petitioner received benefits during the time period when transactions with Store were conducted. Exhibit A, p. 69. In addition, the Department presented the seven FAP transactions made by the Respondent with the Store for alleged purchases as follows: \$179.89 on November 20,

2015; \$148.96 on December 13, 2015; \$179.86 made on January 14, 2016; \$159.86 made on February 14, 2016; \$301.69 made on May 6, 2016; \$75.86 made on May 7, 2016 and \$175.23, made on May 15, 2016. Exhibit A, p. 77.

The evidence in this matter is lacking in several important respects. The USDA FNS in addition to its letters to the FNS authorized dealer conducts an onsite investigation to establish what the store size (truck) was, the food available for sale, the storage capacity, and detailed pictures of what was observed during the investigation with respect to the Store operations. These investigations are conducted to support the finding that a retail operation selling food and authorized to accept food stamps for purchase of items was trafficking EBT benefits. In this case the underlying evidence was not presented and thus it is determined that clear and convincing evidence was not presented that established an IPV. At best the evidence shows that the Store was disqualified as of October 6, 2016 and the types of transactions the investigation involved.

Disqualification

A client who is found to have committed an IPV by a court or hearing decision is disqualified from receiving program benefits. BAM 720, p. 2; BEM 708 (October 2016), p 1. Clients are disqualified for ten years for a FAP IPV involving concurrent receipt of benefits, and, for all other IPV cases involving FIP, FAP or SDA, for standard disqualification periods of one year for the first IPV, two years for the second IPV, and lifetime for the third IPV. BAM 720, p. 16. A disqualified recipient remains a member of an active group as long as he/she lives with them, and other eligible group members may continue to receive benefits. BAM 720, p. 15.

In this case, the Department has not satisfied its burden of showing that Respondent committed an IPV by trafficking FAP benefits. Therefore, the Department is not entitled to a finding of disqualification due to trafficking of FAP.

Overissuance

When a client group receives more benefits than they are entitled to receive, the Department must attempt to recoup the OI. BAM 700, p. 1. The OI amount for a trafficking-related IPV is the value of the trafficked amount as determined by an administrative hearing decision, repayment and disqualification agreement, or court decision. BAM 720, p 8.

In this case as trafficking of FAP benefits by the Respondent was not established, the Department is not entitled to a finding of overissuance.

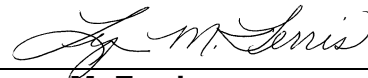

DECISION AND ORDER

The Administrative Law Judge, based upon the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, if any, concludes that:

1. The Department **has not** established by clear and convincing evidence that Respondent committed an IPV.
2. Respondent **did not** receive an OI of program benefits in the amount of \$1,221.35 from the following program(s) Food Assistance.

The Department is ORDERED to delete the OI and cease any recoupment action.
