CONCLUSIONS OF LAW

Department policies are contained in the Department of Health and Human Services Bridges Administrative Manual (BAM), Department of Health and Human Services Bridges Eligibility Manual (BEM), Department of Health and Human Services Reference Tables Manual (RFT), and Department of Health and Human Services Emergency Relief Manual (ERM).

The Food Assistance Program (FAP) [formerly known as the Food Stamp program] is established by the Food and Nutrition Act of 2008, as amended, 7 USC 2011 to 2036a and is implemented by the federal regulations contained in 7 CFR 273. The Department (formerly known as the Department of Human Services) administers FAP pursuant to MCL 400.10, the Social Welfare Act, MCL 400.1-.119b, and Mich Admin Code, R 400.3001-.3011.

An individual convicted of a felony for the use, possession, or distribution of controlled substances two or more times in separate periods will be permanently disqualified if both convictions were for conduct which occurred after August 22, 1996. Department of Health and Human Services Bridges Eligibility Manual (BEM) 203 (May 1, 2018), p 4.

When a client group receives more benefits than it is entitled to receive, the Department must attempt to recoup the overissuance. Department of Human Services Bridges Administrative Manual (BAM) 700 (January 1, 2018), p 1.

On [REDACTED], 2015, and [REDACTED], 2017, the Department received Petitioner's applications for FAP benefits. The Department does not dispute that Petitioner's daughter completed the application forms. The Department also did not dispute that Petitioner has an apparent physical or mental impairment that would limit her understanding or ability to fulfill the duties and responsibilities of receiving FAP benefits.

Petitioner was approved for FAP benefits based on the application forms that indicated that she had not been convicted of any felonies involving controlled substances. Petitioner was convicted of two or more felonies involving controlled substances that were not reported to the Department on her application forms. As a result of Respondent's failure to report her history of felony convictions involving controlled substances, she was approved for FAP benefits when she should be permanently disqualified from FAP.

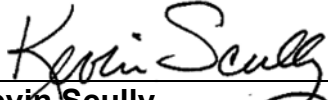

The Department offered substantial evidence to establish that Petitioner received FAP benefits she was not eligible for because she had been convicted of two or more felonies involving controlled substances. Petitioner was not eligible for any of the FAP benefits she received. Therefore, she received a \$1,217 overissuance of FAP benefits. The Department did not dispute that the failure to accurately report her felony convictions was the result of a mistake and that there was no intent to conceal her circumstances from the Department. The Department is required to recoup an overissuance of FAP benefits by BAM 700.

The Administrative Law Judge, based on the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, if any, finds that the Department acted in accordance with Department policy when it determined that Petitioner received an overissuance of Food Assistance Program (FAP) benefits that must be recouped.

DECISION AND ORDER

Accordingly, the Department's decision is AFFIRMED.
