After due notice, a telephone hearing was held on October 17, 2019, from Lansing, Michigan. Petitioner represented himself. ISSUE

Did the Department of Health and Human Services (Department) properly close Petitioner's Medical Assistance (MA) benefits?

FINDINGS OF FACT

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. On July 29, 2019, the Department received a Verification of Employment (DHS-38), which was completed by Petitioner's employer, which indicated that he began employment on June 10, 2019, for permanent employment, and expected to work 50 hour per week at a rate of \$14 per hour. Exhibit A, pp 6-9.
2. Petitioner received earned income from employment in the gross weekly amounts of \$812 on July 19, 2019, \$458.50 on July 12, 2019, \$717.50 on July 5, 2019, and \$906.50 on June 28, 2019. Exhibit A, p 10.
3. On July 30, 2019, the Department notified Petitioner that he was not eligible for Medical Assistance (MA) as of September 1, 2019. Exhibit A, pp 4-5.
4. On August 28, 2019, the Department received Petitioner's request for a hearing protesting the closure of his Medical Assistance (MA). Exhibit A, pp 2-3.

CONCLUSIONS OF LAW

Department policies are contained in the Department of Health and Human Services Bridges Administrative Manual (BAM), Department of Health and Human Services Bridges Eligibility Manual (BEM), Department of Health and Human Services Reference Tables Manual (RFT), and Department of Health and Human Services Emergency Relief Manual (ERM).

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act, 42 USC 1396-1396w-5; 42 USC 1315; the Affordable Care Act of 2010, the collective term for the Patient Protection and Affordable Care Act, Pub. L. No. 111-148, as amended by the Health Care and Education Reconciliation Act of 2010, Pub. L. No. 111-152; and 42 CFR 430.10-.25. The Department (formerly known as the Department of Human Services) administers the MA program pursuant to 42 CFR 435, MCL 400.10, and MCL 400.105-.112k.

The income limit to participate in the Healthy Michigan Plan (HMP) is 133% of the federal poverty level. Department of Health and Human Services Reference Table Manual (RFT) 246 (April 1, 2014), p 1.

MAGI for purposes of Medicaid eligibility is a methodology which state agencies and the federally facilitated marketplace (FFM) must use to determine financial eligibility. It is based on Internal Revenue Service (IRS) rules and relies on federal tax information to determine adjusted gross income. It eliminates asset tests and special deductions or disregards. Every individual is evaluated for eligibility based on MAGI rules. The MAGI rules are aligned with the income rules that will be applied for determination of eligibility for premium tax credits and cost-sharing reductions through exchanges. Department of Health and Human Services Bridges Eligibility Manual (BEM) 500 (January 1, 2016), pp 3-4.

Modified adjusted gross income (MAGI) is a methodology for how income is counted and how household composition and family size are determined. It is based on federal tax rules for determining adjusted gross income. It eliminates asset tests and special deductions or disregards. Every individual is evaluated for eligibility based on MAGI rules. The MAGI rules are aligned with the income rules that will be applied for determination of eligibility for premium tax credits and cost-sharing reductions through exchanges. The 5% disregard is the amount equal to 5% of the Federal Poverty Level for the applicable family size. It is not a flat 5% disregard from the income. The 5% disregard shall be applied to the highest income threshold. The 5% disregard shall be applied only if required to make someone eligible for Medicaid.¹

MA-only eligibility is determined on a calendar month basis. Unless policy specifies otherwise, circumstances that existed, or are expected to exist, during the calendar

month being tested are used to determine eligibility for that month. When determining eligibility for a future month, assume circumstances as of the processing date will continue unchanged unless you have information that indicates otherwise. Department of Human Services Bridges Eligibility Manual (BEM) 105 (January 1, 2016), p 2.

Department policy is consistent with federal regulations under 42 CFR § 435.603(h) that state:

Financial eligibility for Medicaid for applicants, and other individuals not receiving Medicaid benefits at the point at which eligibility for Medicaid is being determined, must be based on current monthly household income and family size.

Petitioner was an ongoing MA recipient on July 29, 2019, when the Department received verification of his employment and earned income. Petitioner's employer reported on a Verification of Employment form that Petitioner was expected to work 50 hours per week at a rate of \$14, per hour, and that the work was considered permanent. Petition gross pay for the most recent 30 days of employment totaled \$2,894, which is 278% of the federal poverty level. For a group of one, the federal poverty level is \$16,611.70 per year, which is the equivalent of weekly income of \$319.46.

The evidence supports a finding that Petitioner's current income exceeds 133% of the federal poverty level and the 5% income disregard does not make him eligible for benefits.

The Administrative Law Judge, based on the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, if any, finds that the Department acted in accordance with Department policy when it closed Petitioner's Medical Assistance (MA) benefits based on his current Modified Adjusted Gross Income (MAGI).

Accordingly, the Department's decision is AFFIRMED.
