HEARING DECISION FOR INTENTIONAL PROGRAM VIOLATION

Upon the request for a hearing by the Department of Health and Human Services (Department), this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9, and in accordance with Titles 7, 42 and 45 of the Code of Federal Regulation (CFR), particularly 7 CFR 273.16, 42 CFR 431.230(b), and 45 CFR 235.110, and with Mich Admin Code, R 400.3130 and 400.3178. After due notice, a telephone hearing was held on February 6, 2020, from Lansing, Michigan. The Department was represented by Patrick Waldron, Regulation Agent of the Office of Inspector General (OIG).

Respondent did not appear at the hearing; and it was held in Respondent's absence pursuant to 7 CFR 273.16(e), Mich Admin Code R 400.3130(5), or Mich Admin Code R 400.3178(5).

Respondent Exhibit A pages 1-92 were admitted as evidence.

ISSUES

1. Did Respondent receive an overissuance (OI) of Food Assistance Program (FAP) benefits that the Department is entitled to recoup?
2. Did the Department establish, by clear and convincing evidence, that Respondent committed an Intentional Program Violation (IPV)?
3. Should Respondent be disqualified from receiving benefits for Food Assistance Program benefits?

FINDINGS OF FACT

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. The Department's OIG filed a hearing request on October 1, 2019, to establish an OI of benefits received by Respondent as a result of Respondent having allegedly committed an IPV.
2. The OIG has requested that Respondent be disqualified from receiving program benefits.
3. Respondent was a recipient of Food Assistance Program benefits issued by the Department.
4. Respondent was aware of the responsibility to use FAP benefits in appropriate fashion.
5. Respondent did not have an apparent physical or mental impairment that would limit the understanding or ability to fulfill this requirement.
6. The Department's OIG indicates that the time period it is considering the fraud period is September 1, 2016 – September 6, 2017 (fraud period).
7. During the fraud period, Respondent was issued \$1016.70 in FAP benefits by the State of Michigan, and the Department alleges that Respondent was entitled to \$0 in such benefits during this time period.
8. The Department alleges that Respondent received an OI in FAP benefits in the amount of \$1016.70.
9. This was Respondent's first alleged IPV.
10. A notice of hearing was mailed to Respondent at the last known address and was not returned by the United States Postal Service as undeliverable.

CONCLUSIONS OF LAW

Department policies are contained in the Department of Health and Human Services Bridges Administrative Manual (BAM), Bridges Eligibility Manual (BEM), Adult Services Manual (ASM), and Reference Tables Manual (RFT).

The Food Assistance Program (FAP) [formerly known as the Food Stamp program] is established by the Food and Nutrition Act of 2008, as amended, 7 USC 2011 to 2036a and is implemented by the federal regulations contained in 7 CFR 273. The Department (formerly known as the Department of Human Services) administers FAP pursuant to MCL 400.10; the Social Welfare Act, MCL 400.1-.119b; and Mich Admin Code, R 400.3001 to .3015.

Effective January 1, 2016, the Department's OIG requests IPV hearings for the following cases:

- Willful overpayments of \$500.00 or more under the AHH program.
- FAP trafficking overissuances that are not forwarded to the prosecutor.
- Prosecution of welfare fraud or FAP trafficking is declined by the prosecutor for a reason other than lack of evidence, and
 - The total amount for the FIP, SDA, CDC, MA and FAP programs combined is \$500 or more, or
 - the total amount is less than \$500, and
 - the group has a previous IPV, or
 - the alleged IPV involves FAP trafficking, or
 - the alleged fraud involves concurrent receipt of assistance (see BEM 222), or
 - the alleged fraud is committed by a state/government employee. BAM 720, pp 12-13 (1/1/2016) (Emphasis added).

Intentional Program Violation

Suspected IPV means an OI exists for which all three of the following conditions exist:

- The client intentionally failed to report information or intentionally gave incomplete or inaccurate information needed to make a correct benefit determination, and
- The client was clearly and correctly instructed regarding his or her reporting responsibilities, and
- The client has no apparent physical or mental impairment that limits his or her understanding or ability to fulfill reporting responsibilities. BAM 700, p 7 (1/1/2016; BAM 720, p 1 (1/1/2016)).

A person who knowingly uses, transfers, acquires, alters, purchases, possesses, presents for redemption or transports food stamps or coupons or access devices other than as authorized by the Food Stamp Act of 1977, 7 USC 2011 to 2030 is guilty of the crime of Food Assistance Program (FAP) trafficking. BEM 203 (Emphasis added). This includes the voluntary transfer of Bridge cards and/or FAP benefits to any person outside the FAP group. DHS-Publication 322. Recipients cannot sell, trade or give away their FAP benefits, PIN or Michigan Bridge card. *Id.* DHHS policy BAM 700-

Overissuance: The amount for trafficking-related IPV is the value of the trafficked benefits (attempted or actually trafficked).

FNS ruled on October 4, 2011, that "an individual who offers to sell their benefits by either making their offer in a public way or posting their EBT card for sale online has committed an IPV." Section 7(b) of the food stamp act and 7 CFR 274.7(a) clearly states posting your EBT card for sale or conversely soliciting the purchase of an EBT card online is a violation resulting in an IPV. BAM 720. Intentional Program Violations states that "IPV is suspected for a client who is alleged to have trafficked FAP benefits". MCL 750.300a, BEM 203, 7 U.S.C. 2016 A person who knowingly uses, transfers, acquires, alters, purchases, possesses, presents for redemption or transports food stamps or coupons or access devices other than as authorized by the food stamp act of 1977, 7. U.S.C. 2011 to 2030 is guilty of the crime of Food Assistance Program (FAP) trafficking. DHHS Policy BAM 700 defines Overissuance "For FAP benefits, an overissuance is also the amount of benefits trafficked, stolen, traded, bought, sold, or attempted to be trafficked".

Disqualification

A client who is found to have committed an IPV by a court or hearing decision is disqualified from receiving program benefits. BAM 720, p 2. Clients are disqualified for ten years for a FAP IPV involving concurrent receipt of benefits, and, for all other IPV cases involving FIP, FAP or SDA, for standard disqualification periods of one year for the first IPV, two years for the second IPV, and lifetime for the third IPV. BAM 720, p 16. CDC clients who intentionally violate CDC program rules are disqualified for six months for the first occurrence, twelve months for the second occurrence, and lifetime for the third occurrence. BEM 708, p 1 (4/1/2016). A disqualified recipient remains a member of an active group as long as he/she lives with them, and other eligible group members may continue to receive benefits. BAM 720, p 16.

This was Respondent's first alleged instance of an IPV. Therefore, a 12-month disqualification is required.

Overissuance

When a client group receives more benefits than entitled to receive, the Department must attempt to recoup the overissuance. BAM 700, p 1 (1/1/2016).

Clear and convincing proof means that the **evidence** presented by a party during the trial must be highly and substantially more probable to be true than not and the trier of fact must have a firm belief or conviction in its factuality.

This Administrative Law Judge finds that:

- On December 04, 2017, FNS contractors completed a site visit at the Samaha Market and observed the following: The store had one cash register and EBT POS device. The store did not have shopping carts or shopping baskets to assist customers shop and transport items to the register/vehicles. There is no evidence

of wholesale items available anywhere in the store such as posted prices or separate entrances and no meat or sea food bundles sold.

- The grocery store also sold paper products, health and beauty aids, automobile products, cleaning products and houseware items. The store itself is approximately 800 sq. feet.
- Respondent's FAP usage history (IG 311) was pulled and reviewed prior to the fraud period and the fraudulent transactions at the Samaha Market. The report showed that the subject could purchase FAP approved items from other retailers in the Detroit area, and was not restricted to the Samaha Market exclusively for FAP approved items.
- Respondent's FAP Usage history specific to the Samaha Market (IG 312) was reviewed and indicated that Respondent's shopping patterns at the Samaha Market are unjustifiable based on the inventory of the store as noted in the USDA's investigation and transactions completed by the subject. The subject completed several (3 were identified by FNS, additional transactions were identified by Agent Waldron that were consistent with FNS's investigation and were included in the over issuance) unauthorized transactions at the Samaha Market and spent \$1016.70.
- Respondent's transactions at the Samaha Market are excessive as identified by FNS through their investigation of the Samaha Market. The store is a small 800 square foot store and had no means for customers to transport items to the checkout counter which was also small and contained a barrier between the customer and the clerk. Based on this evidence purchases exceeding \$126.99 are considered trafficking as the Samaha Market had been determined to be unable to support these amounts.

The Department has established by the necessary competent, material and substantial evidence on the record that it was acting in compliance with Department policy when it determined that Respondent is responsible for unauthorized Food Assistance Program transactions and engaged in FAP trafficking in contravention of Department policy. The Department has established its case by its care by clear and convincing evidence.

DECISION AND ORDER

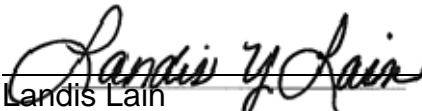

The Administrative Law Judge based upon the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, if any, concludes that:

1. The Department has established by clear and convincing evidence that Respondent committed an IPV.
2. Respondent did solicit for/receive an OI of FAP benefits in the amount of \$1016.70

The Department is ORDERED to initiate recoupment/collection procedures for the amount of \$1016.70 in accordance with Department policy.

It is ORDERED that Respondent be disqualified from FAP for a period of 12-months beginning February 11, 2020.
