Date Mailed: February 6, 2020  
MOAHR Docket No.: 19-011971  
Agency No.: 102684185  
Petitioner: [REDACTED]  
Respondent: [REDACTED]

**ADMINISTRATIVE LAW JUDGE:** Jeffrey Kemm

### **HEARING DECISION FOR INTENTIONAL PROGRAM VIOLATION**

Upon the request for a hearing by the Department of Health and Human Services (Department), this matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 7 CFR 273.16. After due notice, a telephone hearing was held on February 5, 2020, from Lansing, Michigan. The Department was represented by Daniel Beck, Regulation Agent of the Office of Inspector General (OIG). Respondent, [REDACTED], did not appear. The hearing was held in Respondent's absence pursuant to 7 CFR 273.16(e)(4).

One exhibit was admitted into evidence during the hearing. A 90-page packet of documents provided by the Department was admitted collectively as the Department's Exhibit A.

### **ISSUES**

1. Did the Department establish, by clear and convincing evidence, that Respondent committed an Intentional Program Violation (IPV)?
2. Should Respondent be disqualified from the Food Assistance Program (FAP)?
3. Does Respondent owe the Department a debt for the value of FAP benefits trafficked?

### **FINDINGS OF FACT**

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. Respondent received FAP benefits from the Department. The Department provided Respondent with an electronic benefits transfer (EBT) card known as a "Bridge Card" to complete EBT transactions with his FAP benefits. When the Department provided the Bridge Card to Respondent, the Department provided

Respondent with a pamphlet which advised Respondent that it was illegal to use his FAP benefits for anything other than eligible food items for his household.

2. Respondent did not have any apparent physical or mental impairment that would limit his understanding or ability to fulfill his responsibilities to the Department.
3. From September 2015 through August 2017, Respondent completed EBT transactions at [REDACTED] (AKA [REDACTED]), [REDACTED], [REDACTED], Michigan.
4. [REDACTED] was a 400 square foot gas station which was authorized by the Food and Nutrition Services (FNS) to accept EBT for eligible food items. The [REDACTED] did not have any shopping carts or baskets. The [REDACTED] had a limited inventory of eligible food items, no optical scanners, and a protective barrier for the staff at the register.
5. The FNS investigated the [REDACTED] for violations of the Supplemental Nutrition Assistance Program (SNAP) because it discovered that the [REDACTED] had multiple transactions from individual benefit accounts in unusually short time frames and it had excessively large transaction amounts.
6. On July 5, 2017, the FNS notified the [REDACTED] that it suspected the business of FAP trafficking from December 2016 through May 2017 and that it was charging the business with trafficking pursuant to 7 CFR 271.2.
7. On September 6, 2017, the FNS notified the [REDACTED] that FNS had determined the store engaged in FAP trafficking and that it was permanently disqualified from participating in Supplemental Nutrition Assistance Program (SNAP) as a result.
8. The Department investigated EBT transactions completed at the [REDACTED], including Respondent's EBT transactions. The Department determined that Respondent completed EBT transactions which were indicative of trafficking because they occurred in unusually short time frames and/or were excessively large.
9. The Department attempted to contact Respondent to obtain his explanation for the transactions the Department identified as trafficking. When the Department contacted Respondent, Respondent advised the Department that he completed the transactions. Respondent explained that the store was expensive.
10. The Department further investigated Respondent's transactions and determined that Respondent shopped at many retailers other than the [REDACTED], including major grocery retailers on the same day he completed EBT transactions at the [REDACTED]. The Department identified transactions totaling \$794.69, which were indicative of trafficking because they were either in excess of \$24.89 or completed in unusually short time periods and totaling more than \$24.89.

11. On October 21, 2019, the Department's OIG filed a hearing request to establish (a) that Respondent committed an IPV by trafficking FAP benefits and (b) that Respondent owes the Department a debt equal to the value of the FAP benefits he trafficked.
12. The OIG requested an order that (a) disqualifies Respondent from FAP for 12 months for a first IPV and (b) establishes that Respondent owes the Department a debt of \$794.69 for the value of FAP benefits trafficked.
13. A notice of hearing was mailed to Respondent at his last known address, and it was not returned by the United States Postal Service as undeliverable.

### **CONCLUSIONS OF LAW**

Department policies are contained in the Department of Health and Human Services Bridges Administrative Manual (BAM), Bridges Eligibility Manual (BEM), and Reference Tables Manual (RFT).

The Supplemental Nutrition Assistance Program (SNAP) is a federal created program designed to promote general welfare and to safeguard well-being by increasing food purchasing power. 7 USC 2011 and 7 CFR 271.1. The Department administers its food assistance program pursuant to MCL 400.10; the Social Welfare Act, MCL 400.1-.119b; and Mich Admin Code, R 400.3001 to .3015.

#### **Intentional Program Violation**

An intentional program violation (IPV) "shall consist of having intentionally: (1) Made a false or misleading statement, or misrepresented, concealed or withheld facts; or (2) Committed any act that constitutes a violation of SNAP, SNAP regulations, or any State statute for the purpose of using, presenting, transferring, acquiring, receiving, possessing or trafficking of SNAP benefits or EBT cards." 7 CFR 273.16(c).

Trafficking means:

- (1) The buying, selling, stealing, or otherwise effecting an exchange of SNAP benefits issued and accessed via Electronic Benefit Transfer (EBT) cards, card numbers and personal identification numbers (PINs), or by manual voucher and signature, for cash or consideration other than eligible food, either directly, indirectly, in complicity or collusion with others, or acting alone;
- (2) The exchange of firearms, ammunition, explosives, or controlled substances, as defined in section 802 of title 21, United States Code, for SNAP benefits;
- (3) Purchasing a product with SNAP benefits that has a container requiring a return deposit with the intent of obtaining cash by discarding the product and

returning the container for the deposit amount, intentionally discarding the product, and intentionally returning the container for the deposit amount;

(4) Purchasing a product with SNAP benefits with the intent of obtaining cash or consideration other than eligible food by reselling the product, and subsequently intentionally reselling the product purchased with SNAP benefits in exchange for cash or consideration other than eligible food; or

(5) Intentionally purchasing products originally purchased with SNAP benefits in exchange for cash or consideration other than eligible food.

(6) Attempting to buy, sell, steal, or otherwise affect an exchange of SNAP benefits issued and accessed via Electronic Benefit Transfer (EBT) cards, card numbers and personal identification numbers (PINs), or by manual voucher and signatures, for cash or consideration other than eligible food, either directly, indirectly, in complicity or collusion with others, or acting alone.

7 CFR 271.2.

An IPV requires that the Department establish by clear and convincing evidence that the client has trafficked FAP benefits. 7 CFR 273.16(e)(6) and BAM 720, p. 1. Clear and convincing evidence is evidence which is so clear, direct, weighty, and convincing that it enables a firm belief as to the truth of the allegations sought to be established. *In re Martin*, 450 Mich 204, 227; 538 NW2d 399 (1995) (citing *In re Jobes*, 108 NJ 394 (1987)).

In this case, I find that the Department has met its burden. Respondent completed EBT transactions at the [REDACTED], which was a retailer known to engage in the trafficking of FAP benefits. Respondent completed EBT transactions at the [REDACTED] which were excessively high considering the size of the store and its inventory of eligible food items. Some of the transactions also occurred within unusually short time frames. Respondent's transactions were consistent with an individual completing EBT transactions to obtain items other than eligible food items, and Respondent did not provide a legitimate explanation for his transactions. The Department presented clear and convincing evidence that Respondent's EBT transactions at the [REDACTED] were for cash or consideration other than eligible food items, either directly, indirectly, in complicity or collusion with others, or acting alone. Therefore, Respondent's conduct meets the definition of trafficking in 7 CFR 271.2.

### **Disqualification**

In general, individuals found to have committed an intentional Program violation through an administrative disqualification hearing shall be ineligible to participate in the Program: (i) for a period of 12 months for the first violation, (ii) for a period of 24 months for the second violation, and (iii) permanently for a third violation. 7 CFR 273.16(b).

Only the individual who committed the violation shall be disqualified – not the entire household. 7 CFR 273.16(b)(11).

In this case, there is no evidence that Respondent has ever been found to have committed an IPV related to FAP benefits. Thus, this is Respondent's first IPV related to FAP benefits. Therefore, Respondent is subject to a 12-month disqualification.

**Overissuance**

A recipient claim is an amount owed because of benefits that were overpaid or benefits that were trafficked. 7 CFR 273.18(a)(1). A recipient claim based on trafficking is the value of the trafficked benefits. 7 CFR 273.18(c)(2). In this case, Respondent engaged in trafficking when he completed EBT transactions at the Citgo. The Department presented sufficient evidence to establish that at least \$794.69 of Respondent's EBT transactions were related to trafficking. Thus, Respondent owes the Department \$794.69 because he trafficked FAP benefits valued at that amount.

**DECISION AND ORDER**

The Administrative Law Judge based upon the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, if any, concludes that:

1. The Department has established, by clear and convincing evidence, that Respondent committed an IPV.
2. Respondent should be disqualified from FAP for 12 months.
3. Respondent owes the Department \$794.69 for the value of FAP benefits he trafficked.

IT IS SO ORDERED.

JK/ml
