CONCLUSIONS OF LAW

Department policies are contained in the Department of Health and Human Services Bridges Administrative Manual (BAM), Department of Health and Human Services Bridges Eligibility Manual (BEM), Department of Health and Human Services Reference Tables Manual (RFT), and Department of Health and Human Services Emergency Relief Manual (ERM).

The Food Assistance Program (FAP) [formerly known as the Food Stamp program] is established by the Food and Nutrition Act of 2008, as amended, 7 USC 2011 to 2036a and is implemented by the federal regulations contained in 7 CFR 273. The Department (formerly known as the Department of Human Services) administers FAP pursuant to MCL 400.10, the Social Welfare Act, MCL 400.1-.119b, and Mich Admin Code, R 400.3001-.3011.

In this case, Petitioner was an ongoing FAP recipient. On [REDACTED], 2020, Petitioner completed a redetermination related to his FAP benefit case. The Department determined that Petitioner was eligible for FAP benefits in the monthly amount of \$29. The Department presented a FAP budget to establish the calculation of Petitioner's FAP benefit amount (Exhibit A, pp. 23-25).

All countable earned and unearned income available to the client must be considered in determining a client's eligibility for program benefits and group composition policies specify whose income is countable. BEM 500 (July 2017), pp. 1-5. For FAP benefit cases, the Department includes the gross amount of current Social Security Administration (SSA)-issued SSI as unearned income. BEM 503 (January 2020), p. 34. Whenever an SSA-issued independent living or household of another payment is budgeted, the Department will include the monthly SSP payment amount as unearned income. BEM 503, p. 35.

Per the budget provided, the Department included \$808 in unearned income when determining Petitioner's FAP benefit amount. Petitioner confirmed that he received monthly SSI benefits in the gross amount of \$794 and a quarterly SSP benefit payment of \$42, which averages to \$14 per month. Therefore, the Department properly determined Petitioner's household income.

The deductions to income on the net income budget were also reviewed. There was evidence presented that the Petitioner's group includes a senior/disabled/veteran (SDV). BEM 550. Thus, the group is eligible for the following deductions to income:

- Dependent care expense.
- Excess shelter.
- Court ordered child support and arrearages paid to non-household members.
- Standard deduction based on group size.
- Medical deduction.

BEM 554 (January 2020), p. 1; BEM 556 (January 2020), p. 3.

Petitioner's FAP benefit group size of one justifies a standard deduction of \$167. RFT 255 (January 2020), p. 1. There was no evidence presented that Petitioner had any out-of-pocket dependent care, child support expenses or out-of-pocket medical expenses. Therefore, the budget properly excluded any deduction for dependent care, child support or medical expenses.

In calculating the excess shelter deduction of \$59, the Department stated that it considered Petitioner's verified housing expense of \$350 and that the only utility he was responsible for was his telephone, which entitled him to the \$29 telephone standard. BEM 554, pp. 14-15.

The heat/utility (h/u) standard covers all heat and utility costs including cooling expenses. BEM 554, p. 15. FAP groups that qualify for the h/u standard do not receive any other individual utility standards. BEM 554, p. 15. FAP groups whose heat is included in the cost of their monthly rent may still be eligible for the h/u standard if: they are billed for excess heat payments from their landlord; they have received a home heating credit in an amount greater than \$20 for the applicable period; or they have received a Low Income Home Energy Assistance Payment (LIHEAP) or a LIHEAP payment was made on their behalf in an amount greater than \$20 for the applicable period. BEM 554, pp. 15-19. Additionally, FAP groups who pay cooling (including room air conditioners) are eligible for the h/u standard if they verify their responsibility to pay for non-heat electric expenses. BEM 554, p. 16. FAP groups not eligible for the h/u standard who have other utility expenses or contribute to the costs of other utility expenses are eligible for the individual utility standards. BEM 554, p. 21.

The Department testified that at the interview completed on [REDACTED], 2020, Petitioner reported that all of his utilities were included in his rent. As a result, the Department removed the h/u standard from Petitioner's FAP budget. Petitioner confirmed at the hearing that his utilities are included in his rent. Therefore, the Department acted in accordance with policy when it removed the h/u standard from Petitioner's FAP budget.

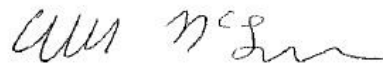

The Department testified when calculating Petitioner's excess shelter amount, they added the total shelter amount and subtracted 50% of the adjusted gross income. Petitioner's excess shelter deduction was properly calculated at \$59 per month.

The FAP benefit group's net income is determined by taking the group's adjusted gross income and subtracting the allowable excess shelter expense. After subtracting the allowable deductions, the Department properly determined Petitioner's adjusted gross income to be \$641. Petitioner's adjusted gross income subtracted by the \$59 excess shelter deduction results in a net income of \$582. A chart listed in RFT 260 is used to determine the proper FAP benefit issuance based on the net income and group size. Based on Petitioner's net income and group size, Petitioner's FAP benefit issuance is \$29. Therefore, the Department properly calculated Petitioner's FAP benefit amount.

DECISION AND ORDER

The Administrative Law Judge, based on the above Findings of Fact and Conclusions of Law, and for the reasons stated on the record, if any, finds that the Department acted in accordance with Department policy when it determined Petitioner's FAP eligibility. Accordingly, the Department's decision is **AFFIRMED**.
