ADMINISTRATIVE LAW JUDGE: Robert J. Meade

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, upon Petitioner's request for a hearing.

After due notice, a hearing was held on December 16, 2021. [REDACTED], Petitioner's Authorized Hearing Representative (AHR) appeared and testified on Petitioner's behalf. [REDACTED] Petitioner appeared as a witness. John Lambert, Appeals Review Officer, appeared on behalf of Respondent, Michigan Department of Health and Human Services (MDHHS or Department). Darlisha Vincent, Adult Services Worker (ASW) appeared as a witness for the Department.

ISSUE

Did the Department properly deny Petitioner's Home Help Services (HHS) application?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. Petitioner is a [REDACTED] year-old Medicaid beneficiary, born [REDACTED], who applied for HHS on or about September 7, 2021. (Exhibit A, p 6; Testimony)
2. Petitioner is diagnosed with carpal tunnel syndrome, hypertension, cluster migraine headaches, and bipolar disorder. (Exhibit A, pp 12, 14; Testimony)
3. On October 8, 2021, the ASW completed a comprehensive assessment with Petitioner via telephone due to the COVID-19 pandemic. During the assessment, the ASW determined that Petitioner did not have a need for hands on assistance with any Activities of Daily Living (ADL), functional ranking 3 or greater, but may have a need for assistance with the Instrumental Activities of Daily Living (IADL's) of laundry and housework.

The ASW noted that what Petitioner indicated she needed help with (laundry and housework) matched the needs circled by Petitioner's doctor on the Medical Needs form. The ASW also noted that Petitioner had no complex care needs. (Exhibit A, p 12; Testimony)

4. A Medical Needs form completed by Petitioner's doctor indicated that Petitioner needs assistance with the IADL's of laundry and housework. (Exhibit A, p 14; Testimony)
5. On October 22, 2021, the ASW sent Petitioner a Negative Action Notice indicating that HHS was denied based on the policy requiring a need for hands on assistance with at least one ADL, functional ranking 3 or greater. (Exhibit A, p 5; Testimony)
6. On November 3, 2021, Petitioner's hearing request was received by the Michigan Office of Administrative Hearings and Rules. (Exhibit A, p 4)

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

Home Help Services (HHS) are provided to enable functionally limited individuals to live independently and receive care in the least restrictive, preferred settings. These activities must be certified by a physician and may be provided by individuals or by private or public agencies.

The Adult Services Manual (ASM) address issues of what services are included in Home Help Services and how such services are assessed:

ASM 101 AVAILABLE SERVICES

Payment Services Home Help

Home help services are non-specialized personal care service activities provided under the home help services program to persons who meet eligibility requirements.

Home help services are provided to enable individuals with functional limitation(s), resulting from a medical or physical disability or cognitive impairment to live independently and receive care in the least restrictive, preferred settings.

Home help services are defined as those tasks which the department is paying for through Title XIX (Medicaid) funds. These services are furnished to individuals who are **not** currently residing in a hospital, nursing facility, licensed foster care home/home for the aged, intermediate care facility (ICF) for persons with developmental disabilities or institution for mental illness.

These activities **must** be certified by a Medicaid enrolled medical professional and may be provided by individuals or by private or public agencies. **The medical professional does not prescribe or authorize personal care services.** Needed services are determined by the comprehensive assessment conducted by the adult services worker.

Home help services which are eligible for Title XIX funding are limited to:

Activities of Daily Living (ADL)

- Eating.
- Toileting.
- Bathing.
- Grooming.
- Dressing.
- Transferring.
- Mobility.

Instrumental Activities of Daily Living (IADL)

- Taking medication.
- Meal preparation/cleanup.
- Shopping for food and other necessities of daily living.
- Laundry.
- Light housecleaning.

An individual must be assessed with at least one activity of daily living (ADL) ranked 3 or higher or complex care need in order to be eligible to receive home help services.

Note: If the assessment determines a need for an ADL at a level 3 or greater but these services are not paid for by the department, the individual would be eligible to receive IADL services if assessed at a level 3 or greater.

Services not Covered by Home Help

Home help services must **not** be approved for the following:

- Supervising, monitoring, reminding, guiding, teaching or encouraging (functional assessment rank 2).
- Services provided for the benefit of others.
- Services for which a responsible relative is **able** and **available** to provide (such as house cleaning, laundry or shopping). A responsible relative is defined as an individual's spouse or a parent of an unmarried child under age 18.
- Services provided by another resource at the same time (for example, hospitalization, MI-Choice Waiver).
- Transportation - See Bridges Administrative Manual (BAM) 825 for medical transportation policy and procedures.
- Money management such as power of attorney or representative payee.
- Home delivered meals.
- Adult or child day care.
- Recreational activities. (For example, accompanying and/or transporting to the movies, sporting events etc.)

Note: The above list is not all inclusive.

ASM 105 ELIGIBILITY CRITERIA

GENERAL

Requirements

Home help eligibility requirements include **all** of the following:

- Medicaid eligibility.
- Appropriate program enrollment type (PET) code.

- Certification of medical need.
- Need for service, based on a complete comprehensive assessment indicating a functional limitation of level 3 or greater for at least one activity of daily living (ADL).

Certification of Medical Need

Medical needs are certified utilizing the DHS-54A, Medical Needs form and must be completed by a Medicaid enrolled medical professional. The medical professional must hold one of the following professional licenses:

- Physician (M.D. or D.O.).
- Physician Assistant.
- Nurse practitioner.
- Occupational therapist.
- Physical therapist.

The DHS-54A or veterans administration medical form 10-10M are acceptable for individuals treated by a VA physician; see ASM 115, Adult Services Requirements.

Need For Service

The adult services worker (ASW) is responsible for determining the necessity and level of need for home help services based on all of the following:

- Client choice.
- A completed MDHHS-5534, Adult Services Comprehensive Assessment. An individual must be assessed with at least one activity of daily living (ADL) in order to be eligible to receive Home Help services.

ASM 115 ADULT SERVICES REQUIREMENTS

MDHHS-5534, ADULT SERVICES COMPREHENSIVE ASSESSMENT

The ASW must conduct a face-to-face interview with the client in their home to assess the personal care needs. During the assessment, complete the MDHHS-5534, Adult Services Comprehensive Assessment, generated from MiAIMS; see ASM 120, Adult Services Comprehensive Assessment.

CLIENT AND PROVIDER CONTACTS

Within the Contacts module of MiAIMS, the following contact types are available:

- Face-to-face.
- Telephone.
- Miscellaneous.
- Email.
- Text.
- Case conference with supervisor.
- Narrative entry only.

The ASW must document all contacts between the ASW, client, provider, and collateral contacts in MiAIMS. The ASW must, at a minimum, have a face-to-face interview with the client, prior to case opening, and then every six months in the client's home for the review.

ASM 120 ADULT SERVICES COMPREHENSIVE ASSESSMENT

OVERVIEW

The MDDHS-5534, Adult Services Comprehensive Assessment, is the primary tool for determining a client's need for services. The comprehensive assessment must be completed on **all open Home Help**

services cases. The Michigan Adult Integrated Management System (MiAIMS), provides the format for the comprehensive assessment and all information must be entered on the computer program.

Functional Tab

The *Functional* Tab under the *Assessment* module of MiAIMS is the basis for service planning and for the home help services payment. Document the client's abilities and needs in the *Functional* tab to determine the client's ability to perform the following activities:

Activities of Daily Living (ADL)

- Eating.
- Toileting.
- Bathing.
- Grooming.
- Dressing.
- Transferring.
- Mobility.

Instrumental Activities of Daily Living (IADL)

- Taking Medication.
- Meal preparation and cleanup.
- Shopping.
- Laundry.
- Light housework.

Functional Scale

ADLs and IADLs are assessed according to the following five point scale:

1. Independent.

Performs the activity safely with no human assistance.

2. Verbal assistance.

Performs the activity with verbal assistance such as reminding, guiding or encouraging.

3. Some human assistance.

Performs the activity with some direct physical assistance and/or assistive technology.

4. Much human assistance.

Performs the activity with a great deal of human assistance and/or assistive technology.

5. Dependent.

Does not perform the activity even with human assistance and/or assistive technology.

Home help payments may only be authorized for needs assessed at the level 3 ranking or greater.

An individual must be assessed with at least one activity of daily living ranked 3 or higher or a complex care need in order to be eligible to receive home help services.

Note: If the assessment determines a need for an ADL at a level 3 or greater but these services are not paid for by the department, the individual would be eligible to receive IADL services if assessed at a level 3 or greater.

The ASW testified that on October 8, 2021, she completed a comprehensive assessment with Petitioner via telephone due to the COVID-19 pandemic. The ASW indicated that during the assessment, the ASW determined that Petitioner did not have a need for hands on assistance with any ADL, functional ranking 3 or greater, but may have a need for assistance with the IADL's of laundry and housework. The ASW noted that what Petitioner indicated she needed help with (laundry and housework) matched the needs circled by Petitioner's doctor on the Medical Needs form. The ASW also noted that Petitioner had no complex care needs.

The ASW testified that based on the information available at the time of the assessment, she concluded that Petitioner did not have a medical need, functional ranking of 3 or higher, with any ADL. The ASW indicated that on October 22, 2021, she sent Petitioner a Negative Action Notice indicating that HHS was denied based on the policy requiring a need for hands on assistance with at least one ADL, functional ranking 3 or greater.

Petitioner's AHR questioned why the ASW did not rank laundry and housework, given

that everyone agrees Petitioner needs assistance with those tasks. The ASW explained that she cannot rank the IADL's unless there is first an ADL with a ranking of three or higher.

Petitioner's AHR testified that Petitioner does have carpal tunnel syndrome which affects her range of motion as well as migraines and a pinched nerve in her back. Petitioner's AHR indicated that Petitioner takes a lot of medication that also limits what she can do; causing her to sleep a lot and limiting her mobility.

Petitioner testified that a lot of things were not addressed with her doctor or the ASW. Petitioner indicated that she drops things, cannot pick up things, her back hurts, and she cannot stand for very long. Petitioner indicated that she understood the policy now though and understood that she could apply again, so she was going to do that.

Based on the evidence presented, Petitioner has failed to prove, by a preponderance of the evidence, that the Department erred in denying her HHS application. The evidence was not sufficient to establish that Petitioner had a need for hands on assistance, functional ranking 3 or greater, with at least one ADL, based on the information available to the ASW for this assessment. The ASW provided credible, detailed testimony regarding her discussion of ADL's with Petitioner during the assessment. Petitioner specifically informed the ASW that she could perform all ADL's independently and that matched what the doctor indicated on the Medical Needs form. And, while it appears that may not have been the entire truth, the ASW can only base her decision on the information provided to her. Policy also indicates that it is the ASW, not the beneficiary's doctor, who assesses and approves the need for HHS. Accordingly, the denial of Petitioner's HHS application was proper and must be upheld.

However, given that it appears Petitioner did not provide the ASW or her doctor with the complete picture regarding her needs, the undersigned would recommend that Petitioner file a new application for HHS and that complete and accurate information be given during the next assessment.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, finds that the Department properly denied Petitioner's HHS application based on the available information.

IT IS THEREFORE ORDERED that:
